NO. 159—SIXTY-FIRST YEAR | VICTORIA, BRITISH COLUMBIA, THURSDAY, JUNE 19, 1919. | EIGHTEEN PAGES

BOARD OF INDUSTRY TO DEAL WITH CASE OF STRIKE LEADERS

Body Appointed Under Recent Amendment to Immigration Act Will Act in Matter of Men Arrested at Winnipeg—Has Power to Deport if Evidence Warrants

MEMBERS ON WAY NOW FROM OTTAWA

Railway Carmen Ask Central Strike Committee to Effect Settlement, Otherwise They Will Return to Work on Their Own Account— Street Railway Again in Operation

WINNIPEG, June 18.—Chief interest today centered in the possible fate of the strike leaders, arrested at an early hour yesterday morning and whisked off to Stony Mountain penitentiary. It was stated that their trial by a special board of industry, appointed under the immigration act, will take place at Stony Mountain, if the board now on its way reaches Winnipeg tonight as expected.

It was stated that three members of the board, whose names were not given, were coming from Ottawa. Also eligible for membership on the board, it was said, are Colonel Stearns, of the R.N.W.M.P., Commissioner A. B. Perry and Acting Commissioner of Immigration Thomas Jelley.

"Under the amended order-in-council the board will have power to deport the accused immediately," said A. J. Andrews, crown prosecutor. "If they do not come under this amendment, they can be dealt with under the Criminal Code. The board may not consider the charges sufficiently serious for immediate deportation, in which case original proceedings will be immediately instituted."

None of those under arrest will be admitted to bail, and there will be no trial in the civil courts.

Striking railway carmen have sent a formal communication to the central strike committee, urging settlement of the strike, as they believe that the principle of collective bargaining for metal trades employees is conceded by the ironmasters in an official statement endorsed by the railway brotherhoods' executives, and which Hon. G. D. Robertson, Federal Minister of Labor, issued Monday.

Canadian Pacific carmen indicated their intention to "take such action as they deem advisable," if the sympathetic strike continues. The Canadian National carmen, while demanding that the central strike committee take steps to end the strike and allow the men to resume work, say nothing of their attitude in case of refusal.

Railway officials declared the traffic is nearly normal.

Political Prisoners

Early in the strike the central strike committee outlined three principles which must be recognized before the strike could be settled—collective bargaining, the right to a living wage and the right to organize. To this has been added a fourth point, according to The Strike Bulletin: "The freeing of political prisoners."

Speakers at labor meetings today stated that efforts would be made to organize a Dominion-wide strike to force release of the imprisoned leaders.

Returned soldier constables were on duty regulating traffic today, for the first time since the serious riots of last week. There was no interference or heckling.

Street Cars Run

Excitement was caused this afternoon by the sudden shutting off of electric power, resulting in the stoppage of street cars just after they had got nicely started. Company officials said the trouble was caused by a faulty switch, which was soon repaired.

A strongly reinforced picket of strikers was on duty at the Main Street barns, but there was no demonstration of any kind when the cars came out. No cars started from other barns.

It was announced that only the Portage Avenue route would be covered for the present. The first cars continued along the street with very few passengers, but when it became clear that there was to be no attempt of interference, foot-weary pedestrians made use of them in increasing numbers.

At the closing session of the Methodist conference it was decided to notify Rev. Wm. Ivens, pastor of the Labor Church and one of the leaders in the strike movement, now under arrest, that he can no longer preach as a minister of the Methodist Church, and is deprived of the standing and functions of a minister conferred at his ordination. The only reason cited was his unwillingness to devote himself to the work as a Methodist minister.

Fourteen Cars

In an interview tonight, A. W. McLimont, vice-president and general manager of the Winnipeg Electric Railway Co., said that the company had fourteen street cars operating on the Portage Avenue line today, and beginning tomorrow morning, the company would "put on new men as permanent employees, who will not be dismissed to make room for old employees."

FARMS IN GERMANY VIGOROUSLY WORKED

BERLIN, Tuesday, June 17.—Agricultural production in Germany has been held to a high mark, said Herr Schmidt, the Food Minister, in an interview today. He explained that Germany had maintained a remarkable record by the use of every available plot of ground.

Herr Schmidt declared the farmers who had returned from the war had proved very energetic and helpful, and were doing everything possible to insure a good harvest.

MINIMUM WAGE FOR FACTORY WORKERS

VANCOUVER, June 18.—A minimum wage of $14 a week for women factory workers over the age of 18 years will be the order of the Minimum Wage Board, following an inquiry held in Vancouver today by the members of the board.

The hours are limited to 44 a week, except in emergencies, when overtime must be paid for at the rate of time and a half. Minimum wage scales have now been set for store clerks, restaurant, hotel and rooming house and office workers.

Evidence was received from a number of witnesses yesterday as to the amount necessary to keep a self-supporting woman, and the witnesses placed the amounts all the way from $652 a year to $1,132.

VANCOUVER SUN IS NOW ISSUING

Operators Return to Work on Orders From International Typographical Union —Cause of Trouble.

VANCOUVER, June 18.—The Vancouver Daily Sun, after suspension since Saturday morning, due to a walkout of the printers, will appear tomorrow morning as usual. Tonight the typographical union members who quit work are all on deck, and work is going on harmoniously. The Sun publishers print on the front page an explanation of the trouble, giving also in full the editorial to which the members of the typographical union took exception. The explanation is in part as follows:

"On Friday night, June 13th, an editorial headed 'No Revolution in Vancouver,' intended for publication in our issue of June 14th, was taken exception to by the members of the Sun chapel of the Vancouver Typographical Union as being unfair to organized labor.

The Sun management, endeavoring at all times to be fair to all parties in the subject matter contained in its columns, and reserving to itself the right to say what shall or shall not appear in its columns, deemed it necessary for this editorial to be published.

"Inasmuch as the editorial in question has been published in newspapers in other cities, we believe that in a spirit of fairness to both The Sun management and the members of the International Typographical Union, that our readers should have the opportunity to judge for themselves as to the fairness or unfairness of this editorial."

The text of the editorial then follows.

New Wheat Varieties

LONDON, June 18.—(Reuter's).—It is announced that the plant-breeding section of the University of Cambridge, which is closely associated with the board of agriculture, has succeeded in producing two new varieties of wheat, named Fenman and Yeoman. These were distributed to farmers, and it is reported that the result has been to treble the average yield. One crop produced 98 bushels an acre.

BUDGET IS CARRIED BY FIFTY MAJORITY

Debate Ends at Early Hour This Morning and Voting on Amendment and Main Motion Follows—Some Members Change Their Votes on Two Questions

OTTAWA, June 19.—The debate on the budget concluded at 2:30 o'clock this morning and the Speaker put the question. The vote on the amendment was taken first, and 14 Unionists voted for it. They were as follows: Crerar, Clark, Maharg, Knox, Davis, Levi Thompson, Reid (of Mackenzie), Johnson, Douglas, Buchanan, J. C. Campbell, Fielding, Pardee and MacNutt.

Two Liberals voted with the Government, Messrs. McCrea, of Sherbrooke and W. D. Euler, of North Waterloo.

The vote stood as follows: For the amendment, 70; against, 121; Government majority of 51.

A vote was then taken on the main motion.

Messrs. Maharg, Knox and Douglas, who voted for the amendment, then voted in favor of the budget. No Liberals voted for it.

W. F. Cockshutt, the Brantford Conservative protectionist, voted against the budget, as also did the following Unionists:

Crerar, Clark, MacNutt, Thompson, Johnston, Reid, Campbell, Davis, Fielding, Pardee and Buchanan.

The voting stood:

For the budget, 130; against 70. A Government majority of 60.

The last figures were announced at 3:15 a.m.

A feature of the budget debate was a second speech by Sir Thomas White, Minister of Finance, who took advantage of his privilege to speak on the amendment. Sir Thomas entered upon a somewhat extensive review of the financial position of the country, and declared that the present was no time to tear the tariff to pieces. He questioned the sincerity of some of the opposition members supporting the amendment, which he described as containing more chaff than wheat.

Mr. W. D. Euler, Liberal member for North Waterloo, was opposed to both the budget and the amendment, and announced his intention of voting against both.

Mr. A. B. McCoig, of Kent, in speaking in support of the McMaster amendment, suggested the nationalization of cold storage plants as a method of reducing the high cost of living.

Supporters of the budget heard up to midnight included Mr. H. C. Wright, of Battleford; Mr. J. H. Burnham, of Peterboro; Mr. R. H. Butts, Cape Breton South; Mr. R. C. Henders, Macdonald, Man., and Mr. W. A. Loggie, of Northumberland.

Members who indicated that they would support the amendment included Mr. J. F. Reid, of Mackenzie; Mr. S. W. Jacobs, Montreal; Mr. Albert Knox, Prince Albert; Mr. F. L. Davis, Neepawa, and Mr. J. A. Maharg, Maple Creek.

Speaking after midnight, Mr. R. L. Richardson, Springfield, said he regarded this as still a war government, and so long as the war or aftermath of the war continued, it was his duty to support it. On tariff matters he agreed in the main with Dr. Michael Clark.

Hon. W. S. Fielding declared himself in favor of the amendment. He warned the Government of the danger of the exemption of the war bonds from taxation. These bonds were getting into the hands of the wealthy classes, he said, and they would find after a time the poor man who paid the taxes would have a rich neighbor paying not a cent. Pointing out that the supporters of the Government advocated endorsement of the budget because it had many of the features of the reciprocity agreement, Mr. Fielding made an extended reference to that issue, and poked fun at the Minister of Finance for bringing about what he had been sent to Parliament to oppose.

Colonel James Arthur, Parry Sound, and Colonel C. W. Peck, V.C., Ekrem, supported the budget, the latter rising to speak at 3:15 a.m.

CANADIANS RIOT AT RIPON CAMP

Discontent Because of Further Detention and Order for Route March Leads to Another Disturbance.

RIOTERS BREAK INTO CANTEEN STORES

Murderous Attack on Epsom Police Is Attributed to Various Causes—Complaint of Unjust Treatment.

LONDON, June 18.—Camp troubles have spread to Ripon, where disturbances occurred on Tuesday afternoon in the lines of the Canadian 23rd reserve battalion, because their sailing date had been put off from the 16th indefinitely, and partly through resentment of the men on night picket duty being ordered on a route march. The canteen was broken into and stocks consumed or destroyed, including barrels of beer.

Gen. Armond made an immediate inquiry, and during the investigation the gymnasium hut was fired and burned.

Enquiries into the cause of the attack by Canadian soldiers on Epsom police station reveal allegations that the men stationed at Woodcote Park have recently suffered indignities at the hands of the rough element in Epsom. It is reported that there have been almost nightly disturbances between gangs of youths and Canadian convalescents. It is also asserted that the local police have often displayed an overbearing attitude toward the Canadians.

The chairman of the Epsom council today wired the War Office, urging that strong action be taken at once, "as the inhabitants have no security at night from the camp, owing to its position being difficult to control except with large guards."

More police have since been drafted into Epsom, and the place was reported quiet tonight.

The soldiers attacked the police station, where two of their companions were being held, with pieces of iron railings they pulled up.

In addition to Station Sergeant Green, who died from his injuries, eight policemen were more or less seriously injured.

Wage Increase at Anyox

VANCOUVER, June 18.—An increase in copper prices to producers had the effect of increasing wages twenty-five cents per day to all employees of the Granby Consolidated Mining, Smelting and Power Company, at Anyox and other camps.

No Exemption for Wine and Beer

WASHINGTON, June 18.—Certain defeat for efforts to have Congress exempt beer and wine from operation of the war-time prohibition law was seen in an overwhelming vote of 55 to 11 in the Senate late today against an exemption proposal.

SENATE AMENDS PROHIBITION BILL

Strikes Out Provision That Regulations Shall Continue in Force for Twelve Months Following Peace.

OTTAWA, June 18.—That orders-in-council prohibiting the importation, manufacture and transportation of intoxicating liquor shall terminate with the signing of peace, was declared by the Senate this afternoon.

A bill from the Commons, enacting as a statute law the orders-in-council of the Government, proclaimed under the War Measures Act, was taken up by the Senate in committee.

Senator De Veber offered an amendment striking out the words "and for twelve months thereafter" from the declaration that the regulations "shall continue in force during the continuance of the present war and for twelve months thereafter."

The amendment carried by 34 to 24, after a number of speeches, chiefly dealing with the constitutional point raised on second reading, that by Section 121 of the B.N.A. Act, inter-provincial trade could not be interfered with.

As a preliminary to taking up the bill, Sir James Lougheed read an opinion from the Department of Justice given on the constitutional aspect of the question at the time one of the orders-in-council was made. This opinion observed that Section 121 applies only to articles the growth, produce or manufacture of any one of the provinces, and as to such intoxicating liquor as is of this description, "I am of the opinion that this section does not limit the power of prohibition possessed by the Dominion, because the object of it is to declare immunity from taxation rather than to affect the power which the Dominion otherwise has to prohibit exportation from one province to another of articles which Parliament may consider ought not, for the peace, order and good government of Canada, to be admitted in the latter province."

STRIKERS CONFER WITH MINISTER

WINNIPEG, June 19.—Representatives of the strike committee were in conference with Hon. G. D. Robertson, Minister of Labor, last night. No statement was given out as to the nature of the proceedings, but it is understood that the Minister fully went into the question of why advantage had been taken of the amendment of the Immigration Act to arrest strike leaders suspected of Bolsheviki tendencies.

The legislation will be considered by the strike committee, and it is possible that a further conference with the Minister will be held today.

The conference was held at the instance of T. J. Murray, counsel for the men under arrest, and among those present were A. J. Andrews, K.C., counsel for the Crown, and Commissioner Perry, of the N.W.M.P.

TIE-UP OF WIRES STILL CONTINUES

President of Telegraphers Says Company's Announcement Will Not Affect Situation—Electrical Workers Strike.

CHICAGO, June 18.—After a conference late today union officials stated that the action of the Postal Telegraph Company in announcing that striking commercial telegraphers who return to work before June 20 will be reinstated, with continuity of service, will have no bearing on the situation.

"We are fighting for the right of collective bargaining, the same right that the Postmaster-General extended to the electrical workers," said S. J. Konenkamp, president of the Telegraphers' union. He added that latest reports showed more workers were idle than at any time since the strike started. The telegraph officials asserted that business was not being delayed noticeably in any district.

Union leaders said conferences in Atlantic City between American Federation of Labor officials probably would result in placing the entire situation before President Wilson. Charles P. Ford, secretary of the International Brotherhood of Electrical Workers, said the strike of telephone operators and linemen on the Pacific Coast might extend to other states in that district unless the demands are met. He attributed the trouble to failure of the telephone companies to abide by the Postmaster-General's order permitting

GERMAN DELEGATES ADVISE REJECTION OF TREATY TERMS

Draft Memorandum Recommending Course to Cabinet—Members of Delegation to Resign if Advice Is Not Followed—Experts Are Reported to Adopt Same View.

MINISTERS HAVE ARRIVED AT NO DECISION SO FAR

BERLIN, June 18.—The German peace delegates have drafted a memorandum recommending that the cabinet refuse to sign the peace treaty, according to a Weimar dispatch to The Zeitung am Mittag.

Count von Brockdorff-Rantzau, head of the delegation, The Tageblatt says, will resign, as well as the other members of the delegation, unless this view is adopted.

BASLE, June 18.—The German peace delegation at this morning's meeting at Weimar advised the cabinet to reject the peace treaty, according to a dispatch sent from Weimar by the correspondent of The Frankfurt Zeitung.

The correspondent added that the experts with the delegation were also of the opinion that the treaty should be rejected.

WEIMAR, June 18.—The cabinet today debated the peace terms of the Allied and Associated Powers. It was officially announced that no decision had been arrived at. The cabinet probably is awaiting the result of a conference of the South German Premiers with the Government. There will be no further sitting until Thursday.

The full original French text of the Entente answer, including the covering note, was finished this morning by the printers, and will be distributed this afternoon.

The Government today received Premier Clemenceau's apology for the stoning of members of the German peace delegation at Versailles.

COBLENZ, June 18.—The concentration of troops preparatory to advancing further into Germany, if the Germans refuse to sign the terms of the peace treaty began today throughout all the occupied area. Orders to this effect were received today from Marshal Foch, commander-in-chief of the Allied armies, who sent similar orders to all the Allies on German soil.

Sentiment at Weimar

BERLIN, June 18.—A pronounced movement in the ranks of the majority member of the Assembly at Weimar in favor of signing the treaty is reported in a dispatch received late tonight. Sentiment among the Clericals and Left Wing Democrats, under the leadership of Baron von Richthoften, is reported to be crystallizing in that direction.

Will End Daylight Saving

WASHINGTON, June 18.—Doom of the daylight saving inaugurated as a war measure was pronounced today by Congress, both Senate and House adopting by overwhelming votes measures to terminate operation of the law when the period of Summer time ends next October 26.

More Vancouver Men Take Up Their Work

Some Freight Handlers and Clerks of Canadian Pacific Return to Duty—Walkout of Street Railway Men at New Westminster Adds to Ranks of Idle Hands

VANCOUVER, June 18.—Railway shopmen in Vancouver decided to remain at work until called out by their international. This decision was reached before the notice of cancellation of the strike order was received from Montreal. Ninety per cent of the shopmen voted to remain at work.

Some of the freight handlers and clerks returned to work on the Canadian Pacific Railway this morning. Those who did not are automatically deprived of their positions by an ultimatum delivered to them yesterday by the company. Their places will be filled forthwith, it is announced today.

The official bulletin of the Citizens' League today states that the constitution of the Labor Defence League in Vancouver contains the phrase: "So that when the clash comes we may be able to take over the reins of government."

The advertisement which caused the dispute between The Province and its printers has been printed in leaflet form and distributed broadcast about the city. It condemns the strike, and accuses the strike leaders of Bolshevism. The Returned Citizens' Law and Order League, a soldiers' organization, had the advertisement printed on a private press and distributed it themselves.

The Daily World states today that 250 Mounted Policemen from Siberia are on the Monteagle due here tomorrow, and that this force will remain in Vancouver, bringing the number of Mounted Policemen under the jurisdiction of the Vancouver district to 400.

With the exception that the strike situation was declared to be improving from the standpoint of the strike committee by reason of the action of New Westminster unions in walking out, but little reference was made to local conditions at the mass meeting held by the strike committee at the Arena this evening. The speakers dealt mainly with the class conditions confronting the workers, arguing along the lines taken at previous meetings. Reference was made by Secretary James Smith to the arrest of the Winnipeg strike leaders, and to the possibility of member of the Vancouver strike committee being taken into custody. He declared that it did not matter what happened, the strike would be continued. If one of the committee—or the entire membership—was placed under arrest, there would be others to take their places. This had already been arranged. "There is a strike committee ready to step to the table and take the places of the present committee members of the present committee is eliminated," he said.

Mr. Smith again appealed to the strikers to observe the law.

"If anyone starts anything, obey your instructions, and hand him, or her, over to the police," he advised.

The strike committee had discussed with Mayor Gale the announcement appearing in a "law and order" bulletin, announcing that men were being sworn in so that any action they might take would be legalized, declared Mr. Smith. The Mayor had stated that those who had been sworn in as special constables would be held responsible for their actions.

Mr. J. Kavanaugh said that it had been rumored that he was to be arrested. If this was so he had no objection, and if the authorities would telephone him when they wanted him, he would wait for them, but he did seriously object to being awakened in the middle of the night to be arrested. He did not wish to have his sleep disturbed. Mr. Kavanaugh did not mention the telephone operators' strike.

The speaker declared that there were no leaders in the strike here. It was not a matter of individuals, but a movement of the workers, who are the only persons who count, being the class that produces everything worth while.

There is a greater army of unemployed in Canada today than in 1914, but economic conditions are such that the pressure is not felt to the same extent, he said. This is owing to the fact that the returned men are largely in receipt of post-war pay and gratuities. He predicted hard times ahead, saying: "What you had in 1914 and 1915 is but a flexible to what is ahead of you."

The speaker referred to the Labor Defence League, saying that the statement had been made that this body was to be armed. The league, he stated, had been formed to preserve order, and not to make trouble. It was formed to keep order at labor meetings, and to see that no striker during any dispute broke the law, or placing himself in trouble. The members of the league were armed with knowledge of labor class conditions, not with guns.

OFFERS ANSWER TO SENATOR KNOX

Senator McCumber, Republican, of North Dakota, Defends League of Nations Covenant.

WASHINGTON, June 18.—The League of Nations was supported in the Senate today by Senator McCumber, of North Dakota, a Republican member of the Foreign Relations Committee, who urged in a three-hour speech that the league covenant offered a just and practicable plan for the preservation of world peace.

Senator McCumber replied to arguments of Senator Knox of Pennsylvania, and other Republican leaders, and declared he could not be influenced against the League by party consideration.

"Partisan that I am," he asserted, "I hope I shall never be so hidebound or so blinded by party exigency as to oppose a just position because of a declaration by a member of any opposition party. I could not cast my vote against any reasonable plan for the preservation of world peace without a conviction that would follow me to the grave that I had committed an unpardonable offence against all future generations."

Senator McCumber charged there had been a campaign of misrepresentation against the league. He opposed as a proposal calculated "to sound the death knell of any scheme to preserve peace," the resolution of Senator Knox, which would declare the Senate's opposition to accepting the league covenant along with the peace terms.

OFFICIALS EXPECT ANARCHIST OUTRAGES

WASHINGTON, June 19.—The menace of bomb outrages still hangs over the country in the belief of officials of the Department of Justice. Wm. J. Flynn, chief of the department's bureau of investigation, said today he believed there were more bombs to come, but said it was impossible to say when the next attempt to create a reign of terror by explosions might be made.

The Department tonight made public testimony of Attorney-General Palmer before the House appropriation committee asking for a special fund of $500,000 to carry on the hunt for radicals.

Mr. Flynn said he knew of no plot planned for Independence Day, and asserted that every precaution was being taken by police throughout the United States.

A. F. OF L. CONVENTION REBUFFS RADICALS

ATLANTIC CITY, N.J., June 18.—Radical and conservative delegates attending the reconstruction convention of the American Federation of Labor clashed again today. The contest, which arose over a resolution proposing inauguration of a policy of initiative and referendum within the ranks of organized labor, was marked by a display of bitter feeling, which was the case yesterday, resulting in the radical element being crushing defeated.

A vote on whether there should be a roll call on the resolution disclosed that there were only 35 delegates out of about 500 favoring the measure. This was interpreted as representing even more than the maximum ratio of radicals within organized labor.

ENABLE GERMANY TO MEET BILLS

Concessions Arranged by Allied and Associated Powers to Permit of Industrial and Commercial Resumption

PARIS, June 18.—The plan of the Allied and Associated Powers to make concessions to Germany with regard to the ships and financial and economic measures if she signed the peace terms was deemed advisable to assure Germany a certain amount of financial and economic "working capital," without which it would be impossible for her to resume her industries or pay reparations. Among the concessions, it was learned today, was to permit Germany the use for two years of 30 per cent of her merchant shipping and facilities for obtaining certain ores and other raw materials, as well as the retention of her gold reserve in order to maintain the German currency system and foreign credits.

It was originally contemplated to include in the reply given the Germans on Monday a definite and detailed statement on these concessions.

There was considerable discussion between British and other experts as to the amount of German tonnage which should and could be placed at the disposal of Germany during the period immediately after the war to supply the urgent need of raw materials before new ships could be built. Estimates ranged between 25 and 30 per cent of the vessels above 1,600 tons. It is understood that it was agreed ultimately to permit the Germans to defer delivery of a higher percentage until two years after ratification of the treaty. All vessels in this category in existence at present are to be surrendered ultimately.

The French also agreed to concessions, giving the Germans the right to purchase on favorable terms minette ores obtained before the war from French and German Lorraine, and which must be mixed with German low grade ores to obtain a good quality of iron and steel.

The contemplated assurances concerning raw materials from overseas, it is said, are of the same general nature.

All the concessions will be communicated to Germany at an early date after the signing of the treaty, probably at one of the first conferences of the permanent reparations commission.

EXPLAINS ARREST OF AGITATORS

Minister States Government Had Information Warranting Conclusion That They Were in Conspiracy.

WINNIPEG, June 18.—In explanation of the Government's course regarding the strike, Senator Robertson, Minister of Labor, said:

"The dispute between the metal trades employers and their workmen, which was alleged to be the cause of the general strike was one that did not fall within the scope of the industrial disputes act and, therefore, the Federal Government could not consistently interfere, especially when local authorities were endeavoring to do what was possible to effect a settlement. The officers representing the railway transportation organizations having offered their services in the capacity of mediators, it seemed probable that a reasonable solution of the metal trades dispute would be effected through mediation. When it appeared that their efforts would fail and that several hundred members of the railway train services in Winnipeg were taking part in the strike, thereby dislocating transportation, the dispute then became national in scope, and one in which the Federal Government was directly concerned. A considerable number of the railway train service employees ceased work Friday last, and on the following day a conference was arranged with the metal trades employers, who subsequently issued a clear-cut declaration of their acceptance of the generally applied interpretation of the term collective bargaining. This declaration gives to their employees the positive right to join labor unions, to elect representatives from among the members of their unions, to submit proposals and negotiate agreements with their employers individually or collectively. It furthermore provides that the executive officers of the several international organizations, representing the crafts in the metal shops, shall be recognized by these employers and permitted to assist in reaching adjustments.

"Since the strike was called the Federal Government has been carefully investigating as to whether or not the strike arose out of an ordinary industrial dispute, or whether other and sinister motives were involved.

"The information and evidence gathered amply warranted the conclusion that a seditious conspiracy was contemplated by a portion of the members of the central strike committee, who are believed to be revolutionary and dangerous in their tendencies. It being apparent that a reasonable settlement of the metal trades dispute would not result in settling the strike, and because of the persistent and insidious propaganda and misrepresentation that was being spread abroad, especially among the railway employees, with a view to extending the strike and dislocating transportation, the Federal Department of Justice decided to take into custody those held to be responsible for seditious conspiracy.

"From additional evidence obtained, consisting of papers, pamphlets and documents gathered in by the police on Tuesday morning, only a few of which have yet been scrutinized, the citizens of Winnipeg and Canada will have little difficulty in reaching a conclusion as to the depth and seriousness of the conspiracy which was going on, not only in Winnipeg, but generally throughout Western Canada.

"The representatives of the Justice Department will, in due time, unfold the facts. It might be interesting, however, for the public to know that the records indicate that a special committee had been selected on June 10 to investigate and report upon the possibilities of cutting off the electric power from the city, and that correspondence addressed to Mr. R. E. Russell, secretary of the One Big Union, provincial executive committee of Manitoba, acknowledges receipt of 'Bolsheviki money.'"

DR. TOLMIE REFERS TO ASIATIC DANGER

OTTAWA, June 18.—Speaking in the budget debate, Dr. S. F. Tolmie, Victoria, drew the attention of the House to the danger of serious competition from countries on the other side of the Pacific. The Japanese were an energetic and clever people, and experience in British Columbia had shown him that formidable competition might be expected from Japan. In any lowering of the tariff the danger of Asiatic competition should be carefully considered. The development of Canada's natural resources was of prime importance to the country.

CANADIANS KILL EPSOM POLICEMAN

Regrettable Affair Grows Out of Unrest Among Soldiers Detained in England After Promise of Sailing.

LONDON, June 18.—Unrest among Canadian soldiers in England because of continued postponement of homeward sailings culminated last night in an attack by 400 Canadians on the Epsom police station. Several policemen were wounded, one so seriously that he died this morning. The purpose of the attack was to release a Canadian soldier who had been arrested.

During the last few days there has been trouble in the Canadian camp at Witley, where the soldiers burned huts and did other damage, according to reports. There is much sympathy here for the Canadians, who repeatedly have been given dates for homeward sailings, only to be told that further postponement was necessary, owing to strikes of dockworkers at Liverpool and other ports, or to lack of transports.

The unrest has not been confined to the Canadians. There also have been protests by Australians and New Zealanders.

To avoid further trouble, the police released another Canadian, in whom the mob was not interested.

Some Scottish units, composed of veterans, recently held a demonstration against being sent back to France while men who had not seen active service remained in England or are demobilising.

GERMANS MUST CEASE HELPING BOLSHEVIKI

PARIS, June 18.—General Gough, chief of the Allied military mission in the Baltic regions, the Temps says, has been ordered by the supreme Allied council to address an ultimatum to General von der Goltz, the German commander in Letvia, ordering him to cease all operations against the anti-Bolsheviki Lettish troops.

The Germans have begun the evacuation, although they have protested that their troops are necessary to preserve order and protect life in Letvia.

Mexican I.W.W. Shot

GALVESTON, Tex., June 18.—Ten Mexicans, alleged members of the Industrial Workers of the World, were killed by Mexican federal troops during a riot at Tampico today, according to an unofficial report received here. Many persons were reported wounded. The riot was said to have been in connection with labor disputes in Tampico, and federal troops fired to disperse the crowd.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Your It is harmless and never irritates.

STRIKERS TALK ABOUT ARRESTS

Express Determination to Proceed With Strike Despite Government Action — Hold Meetings for Denunciation.

WINNIPEG, June 18.—The Western Labor News' "Special Strike Edition No. 28" says this morning in part:

"The strikers will add a fourth demand, the freeing of political prisoners. The men in Stony Mountain penitentiary are not there primarily for their personal utterances or acts. They are there because they have voiced the demands of the workers' needs and growing sentiment of revolt. Yes, revolt, revolt against a privileged group that has managed to gain control, not only over the financial and industrial systems of Canada, but also over the machinery of government. The common people must regain the right to control the affairs of the country.

"During the war it was a crime to criticize the government—we are not sure whether or not that enactment has been repealed. Nor are we worrying very much about the matter. The time has come to criticise the government.

"Our comrades in Stony Mountain have been guilty of this, and hence have committed the unpardonable sin. They are charged, we are told, with conspiracy and sedition. It is a fine way to get rid of political opponents. But do the authorities imagine the workers will abandon these men to their fate? We think we interpret aright the sentiment of the workers when we say that there will be no strike settlement till our comrades are set free."

Strikers' Meeting

The Western Labor News publishes today a report of a meeting of strikers yesterday in part as follows:

"Electrified by the arrest of six strike leaders, the soldiers' parliament when it met Tuesday morning was vibrant with emotion. Speakers from soldiers' committee and the strike committee urged calmness and patience on the crowd.

"Ernest Robinson characterized the action of the authorities as the dirtiest and meanest trick yet played. It was done for the devilish purpose of inciting the workers so that martial law might be proclaimed and free speech abrogated. It was a time for calm and careful planning. They must make the fight go deeper into the vitals of the commercial interests. All the railway shopmen from Halifax to Vancouver would be on the streets tomorrow. This will help our fight. Force was no remedy. In conclusion, Brother Robinson urged the strikers to keep calm and let ideas triumph over force.

"Mr. F. J. Dixon, (member for Centre Winnipeg in the Manitoba Legislature), said the men arrested had been highly honored by being given the crown of martyrdom. Their only crime was the advocacy of greater freedom for their fellow men. The fight was almost won. The desperate and despicable tactics of the anti-labor forces showed this. In order to win a complete victory it was only necessary to maintain the splendid spirit of lawful and orderly passive resistance which had been so successful against all attacks during the past five weeks."

The Labor News publishes the appended resolution, which it says four to five thousand returned men standing in the pouring rain of Victoria Park last night passed unanimously and with vigorous approval of the sentiments expressed therein. The only objection evidenced was that many did not consider it strong enough. The resolution reads: "This body of returned soldiers in mass meeting assembled go on record as protesting against the action of the Dominion Government in confining one of our comrades (Bray) in the penitentiary, which is against all our ideals of British fairplay and democratic government."

Johns Still at Liberty

MONTREAL, June 18.—J. R. Johns, the member of the executive committee of Division No. 4, Railway Shopmen of America, of the city of Winnipeg, a warrant for whose arrest in connection with the Winnipeg trouble is said to have been issued, is still at liberty. The other members of the executive committee state that they have not seen Johns since yesterday afternoon and have no knowledge of his whereabouts. It is believed, however, that he is still in the city.

The members of the executive committee now in the city point out in connection with the threatened arrest that Johns was not in Winnipeg when the strike was declared. He was then in Montreal in connection with the dispute of the railway shopmen, in fact, he was the first member of the executive committee to reach the city.

Labor Congress Attitude

OTTAWA, June 18.—The Dominion Labor Congress is ready to back the Winnipeg strikers with all necessary assistance as circumstances may demand, but it is up to the Winnipeg strikers, or their committee, or the arrested leaders themselves, to ask the Congress to take action. Until the Winnipeg labor men resumed communication with the Congress, President Tom Moore holds that it would be indelicate and uncalled for on his part to interfere. For this reason he has so far given no answer to a score or more of telegrams from labor councils all over Canada demanding that the congress call anything from a Dominion-wide one-day strike to an indefinite general strike lasting until all the grievances of the Winnipeg men are remedied. Labor councils all over Canada are standing by the Winnipeg strikers, and are go in arms over the arrest of the leaders, as shown by their telegrams to Ottawa.

GERMAN PREMIER UTTERS LAMENT

Speaks of "Accusations Made Against German People"—Says It Is Necessary to Await Complete Text.

WEIMAR, June 18.—Philip Scheidemann, the head of the German cabinet, in speaking to the peace commission of the national assembly here today declared that the Allied reply to the German counter-proposals, without the complete text, did not yet permit of final judgment and that premature judgment would be a mistake.

"There is nothing new in the general accusations made against the German people," said the Premier, "but we must note with regret that the Allies have rejected the proposal for the establishment of a neutral tribunal, which alone could impartially examine these accusations. It is also lamentable that the whole nation should be charged with the offences and crimes alleged.

"This charge is to constitute justification for the heavy conditions which, according to the second section of the covering note, are to be imposed on the German people.

"The justification put forward for the projected settlement of affairs in the East permits of little hope that we can reckon for substantial conciliations in the detailed memorandum. That also holds good for the remaining territorial questions, many points regarding which, and also those regarding financial and economic questions referred to in the covering note, are still obscure.

"In view of the obscurities at the present," the Premier said, "and the fact that all the material is not yet to hand, a decision can not be taken today (Tuesday). Only the final and complete text of the enemy's answer can furnish a basis for deliberations between the government and the peace committee.

"The German nation, the national assembly and the government are confronted with the most momentous decision.

"It is therefore their duty, whatever as individuals they may thing of the peace question, to approach this decision with an entirely open mind. No one must have any doubts that the nation is confronted with very hard times."

Herr Scheidemann deplored the absence of adequate protection for the German delegates on their departure from Versailles. He said a protest had been made, but that the government would reserve its attitude until an official report had been received.

REMARKABLE RECORD OF FRENCH FAMILY

PARIS, June 10.—(Correspondence Associated Press).—Thirteen sons killed on the field of battle, three discharged with grave injuries, one wounded four different times, the father and one daughter summarily shot by the Germans for going to Lille to celebrate the centennial anniversary of a relative, and another daughter killed by a German shell at Dunkirk, is the record of the family of M. Vanhee, a French farmer of Reminghe, near Ypres.

M. Vanhee had thirty-six children, twenty-two sons and fourteen daughters, all of whom were living when the war broke out. One of his sons was valet to Pope Pius X., he returned to France to fight and was wounded in four different engagements.

SPARTACANS ATTACK MINISTERS AT WEIMAR

WEIMAR, June 18.—Fifty Spartacans and communist prisoners, recently released from the Weimar jail, shortly after midnight this morning, attacked the castle where the members of the government live. They were repulsed by a lone guard, who stood by a machine gun until he had driven off the mob.

The attacking party made a surprise descent upon the castle and disarmed the guards at the entrance. They indulged in firing through the windows, however, and this aroused the castle troops.

It was apparently the intention of the party to seize President Ebert, Premier Scheidemann and Gustave Noske, Minister of Defence.

BERLIN, June 18.—A semi-official statement today gives the following account of last night's disorders at Weimar:

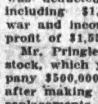

"At Weimar last night sixty military prisoners and some criminals escaped from prison and disarmed the military guard. A fusilade ensued in the neighborhood of the castle, several being wounded. The plan made to force a way into the castle failed. Some of the prisoners were recaptured, while others surrendered this morning."

Funeral of Gen. Steele Delayed

WINNIPEG, June 18.—The body of General Sir S. B. Steele, will not be interred until the strike is over. This has been decided on owing to the decree of Mayor C. F. Gray, forbidding parades or processions in the city. The military has been planning an impressive funeral for the late general, whose body was sent all the way from overseas for interment here. With the consent of Lady Steele, the interment has been postponed.

PROFITS AMOUNT TO 300 PER CENT

Information on Year's Operations of Dominion Textile Company Is Gained by Committee at Ottawa.

OTTAWA, June 18.—Net profits last year of considerably more than 300 per cent on the paid-up capital. Market value of $4,500,000 stock for which not a cent was paid, considerably more than $5,000,000. A reserve of $1,000,000. Full precaution against possible losses.

These were the chief points brought out by R. A. Pringle, K.C., in his examination of Mr. Francis G. Daniels, general manager of the Dominion Textile Company, before the cost-of-living committee of the Commons, this afternoon.

Mr. Pringle was informed by the witness that the company was organized in 1905 with a capital stock of $7,500,000. Of this, $2,500,000 was preferred stock and $5,000,000 common stock. Of the preferred stock $1,940,000 has been issued. All of this, with the exception of $500,000, was issued to the companies taken over. The $5,000,000 of common stock represents $500,000 cash paid in.

Mr. Daniels stated that the gross earnings for the year ended March 31, 1919, were $3,434,752, and there was carried forward a balance to credit of $2,189,194, making a total of $5,622,946. Out of this payments were made, such as dividends and taxes, and a reserve of $1,100,000. He said the earnings on common stock were $400,000.

"Then," said Mr. Pringle, "your earnings were $400,000 on the $5,000,000 of common stock, which represents $500,000 in cash."

Mr. Daniels stated that the gross earnings on the common stock were 31 per cent.

After paying 8 per cent dividend and income and other taxes, they carried forward $1,200,000.

H. H. Stevens, M.P., examining the balance sheet of the company, declared that the $3,434,752, stated by Mr. Daniels to be gross earnings were not gross earnings, but net earnings.

Mr. Daniels said these were the earnings after deducting all manufacturing costs.

In 1918, the witness said, the company paid 76 per cent on the common stock, or $350,000, and carried forward a surplus of $1,444,166. profits for the year were $1,876,371. The earnings were 21 per cent. In reply to Mr. Pringle, the witness said that on March 31, 1918, the company had on hand 13,900,000 pounds of raw cotton in a rising market. They had bought this at $22 a hundred pounds and it had risen later as high as $36. In estimating costs, they took the replacement value, and not what it cost. One of the reasons why they showed such large profits, he stated, was because they had made from $1,000,000 to $1,500,000 on raw cotton.

Mr. Pringle: "Is it altogether fair to the consumers of this country, when it costs you 22 cents a pound that you should sell your products on a basis of 36 cents?"

Mr. Daniels: "That is no way to put it."

The witness explained that they had to gamble on the price of the cotton.

E. B. Devlin, M.P., interrupted to say that it was no gamble.

Mr. Stevens said that he wished to impress on the committee that the profit and loss account presented had nothing in it of any value to the committee. He remarked that this was very ill-advised.

Mr. Stevens pointed out that in the account presented there was an item of $894,000 for repairs and $631,000 for renewals.

"You have made very large provision for renewals, breakages, etc," he remarked.

Mr. Daniels said it was necessary. After considerable cross-examination and cross-firing, Mr. Pringle ordered Mr. Daniels to take a pencil and figure the net profits of his company. He did so. Every possible charge which could be made was deducted from the $3,434,758, including $1,000,00f provision for war and income taxes, leaving a net profit of $1,559,883.

Mr. Pringle: "You had on capital stock, which you state cost the company $500,000, a profit of $1,559,883 after making ample provision for all replacements and all other expenses, and considering depreciation and every allowance necessary?"

Mr. Daniels: "That's the result."

Mr. Pringle: "What has become of the $4,500,000 of stock for which nothing was paid and which is quoted at $113? Have they been able to put that on the market and sell it at $113?"

Mr. Daniels: "What about the profit from a profitable purchase of a plant?"

Mr. Pringle: "We are now dealing with facts. They have got from that stock what has come out of the pockets of the people of this country, five or six millions of dollars. They've got that for $4,500,000 of stock which cost them no money."

Mr. Pringle said that so far as he was concerned, he had got nothing from the witness that was any guidance to any great extent. They had got the profits of the company, but they ought to have a general statement to show the profits the company had been getting from the public. Mr. Daniels was asked to get this.

NATURALIZATION BILL BROUGHT IN

Measure Introduced in Commons by Premier Will Make Radical Changes Regarding Undesirable Aliens.

OTTAWA, June 18.—Sir Robert Borden in the House this morning presented the naturalization bill.

The purpose of the bill is to consolidate the present Canadian naturalization acts and to incorporate therewith the provisions of the Imperial Act, 1914, as amended by the Imperial Act of 1916.

Provision is made under the bill for revocation of certificates of naturalization granted in Canada where such certificates have been obtained by fraud; where the holder has shown himself by act or speech to be disaffected or disloyal to His Majesty; where the holder during the war unlawfully traded with the enemy; where the holder was not of good character at the date of granting of the certificate; where he has continued to reside abroad for not less than seven years, and not maintained connection with His Majesty's dominions; if, according to the law of a state at war with His Majesty, the holder remains a subject of that state; finally, where the continuance of the certificate is not conducive to the public good.

Provision is also made for the naturalization of persons who served with the British forces in the war.

Mr. McKenzie, leader of the Opposition, remarked that in view of the great importance of the measure he feared it had been introduced at too late a date in the session. Possibly it might stand over for another session.

Sir Robert Borden replied that the purpose of the bill was to make Canadian naturalization uniform with that of the United Kingdom. The provisions were framed with that purpose, and did not depart in any important step from the provisions of the Imperial Act of last year. It was extremely important that the proposals should be carried into effect at the earliest date. The bill was read a first time.

Await Treaty Signature

DEAL, England, June 18.—Eight American steamers laden with provisions for Germany are detained in the Downs pending the signing of the peace treaty.

VANCOUVER PROVINCE PUBLISHES AGAIN

VANCOUVER, June 18.—The Daily Province published a full edition today after a suspension of only one day. Their typos, who walked out rather than set up an advertisement in which the returned soldiers questioned the motive of the strike committee, were ordered back to work cided to obey the order. The Province today by their International, and defence says today editorially:

"The Province has only to repeat what it said last week when the Typographical Union announced the appointment of a censor, that it does not intend to submit to such an absurdity. In time of peace The Province accepts no censorship other than the regular editorial censorship of the people who are paid to exercise it and whose duty it is to do so."

Polarine

FRICTION REDUCING MOTOR OIL

"Makes a good car better"

Imperial tank ships and tank trains conveying Imperial products from refinery to distributing stations.

Big Links in Distribution

Our own tank trains and tank ships are a big factor in insuring you a supply of Imperial Polarine at all times, everywhere.

Imperial Polarine is a steadily demanded lubricant. It kills undermining friction in bearings, gears and cylinders. Won't break down, separate or gum under high heat or hard pressure. Keeps compression tight and power from escaping. Expels carbon with the exhaust.

Ask the Imperial Oil Man when to use Imperial Polarine when Imperial Polarine Heavy or Imperial Polarine A. In one-half, one and four-gallon sealed cans, twelve and a half gallon kegs, half-barrels and barrels.

Sold by good dealers everywhere.

LOCAL FOOD SUPPLIES

Owing to the seamen's strike there is a threatened shortage of the food supply on Vancouver Island. In some commodities a shortage exists now, and this is especially noted in sugar at a time when most housewives are arranging for preserving their year's supply of jam. The B. C. Coast S.S. Service, with the barge it runs from the Mainland to Ladysmith, is doing what is possible to relieve the situation, but with the limited assistance available it cannot fully supply all needs. As soon as the strike occurred the car ferry Canora, owned and operated by the Dominion Government, ceased running. This ferry has twice the available capacity of the C.P.R. barge and were it in service there would be no need to worry over food supplies. The Government, so far, does not seem to have made any attempt to relieve the requirements of the people of Vancouver Island.

Under the circumstances, and since food is a public utility, the Government has a manifest duty to perform. The Canora should never have been permitted to lose a sailing no matter what trouble developed. Food supplies are needed on the Island, stocks are running short and the people will look to the Government to provide the transportation for their needs. The authorities can find those who will man the Canora, since it is a question of keeping the people of Vancouver Island supplied with food. We do not think it was ever the purpose of the Coast seamen to bring about a shortage of foodstuffs when they engaged in a sympathetic strike. It is not the way of sailors of British blood to create hardships among women and children. When the Government owns and operates a public utility the people look to the authorities to maintain the service, especially at a time when private enterprise is able to keep vessels running, no matter how much the service may be curtailed. The C.P.R. has set an example to the authorities in its efforts to keep Vancouver Island supplied with foodstuffs. The company is doing what it can, but it cannot do all that is sufficient. The onus of relieving the present shortage here and preventing any worse shortage developing is on the Federal authorities, who should take speedy action to put the Canora into service and keep it in service under any and all conditions.

BOY SOLDIERS

Two months have slipped away since the Government passed an order-in-council whereby provision was made for the training of boy soldiers, so that those who left school to enlist in the army or enlisted when finished school at such an early age that they had no time to learn a trade or profession, should be made useful citizens. The public now want to know what is being done. In Victoria, as far as we can learn, there is not a single boy soldier being trained, although there are many scores awaiting the opportunity. The Department of Soldiers' Civil Re-establishment throughout the Dominion must have thousands of names on its records of youths who are anxious to learn trades or professions, but we have yet to learn that any of these boys are being given the opportunity. As far as this Province is concerned it is not the fault of the local branch of the Department of Soldiers' Civil Re-establishment. British Columbia has got to await sanction from Ottawa, and apparently that sanction has not been forthcoming. In fact, the public are entitled to know if the local branch has yet received notification from Ottawa of what is proposed, and, if so, when the order-in-council becomes effective.

The first proposal for the training of boy soldiers emanated from Victoria. Last year this newspaper took up the subject and directed attention to the desirability of action. Later the matter was enthusiastically endorsed by the local Rotary Club, and subsequently received the approval of the Rotary Clubs throughout the Dominion. It was made the subject of a petition signed by thousands of Victoria citizens. The churches became interested and did what they could to attract Federal attention. Finally Ottawa was persuaded to see that public sentiment demanded that the boy soldiers should be cared for and the necessary order-in-council was passed two months ago. Since then the subject appears to have remained in abeyance because Ottawa has failed to act. In the meantime the number of boy soldiers in this Province alone who are awaiting training has been increased by several hundreds, many of whom are enlisting their war gratuities while awaiting the training which they have been promised.

We are informed that the order-in-council passed by the Federal Government provides that the Department of Soldiers' Civil Re-establishment is to use "discretionary powers to select such returned soldiers as may appear to be eligible, who enlisted under the military age of 18 years and who, because of such services, suffered a serious interruption in their training." Then, to such as are selected, it is proposed to grant a further period of training in High School, business college or industrial establishment, with the pay and allowances approved by the department. Why discretionary powers should be exercised in connection with the boy soldiers we are at a loss to understand. If these boys were good enough to fight for the country in the time of need, then we say they are entitled, each and every one of them, to the training that will make them useful citizens. That training should be provided in all instances by the State and it should have been in operation months ago.

Valuable time is being lost and dissatisfaction is spreading. The Government has passed an order-in-council. The boy soldiers have shown themselves eager to be put in training for their civilian careers, but apparently nothing is being done. No blame attaches to the local branch of the Department of Soldiers' Civil Re-establishment. The whole burden rests on Ottawa, which has taken upon itself the right to decide who is and who is not eligible for the training. What can Ottawa know in this respect? Is it going to discriminate about the civilian preparedness of these boy soldiers who fought overseas, and measure the extent of the usefulness of any one, or of any group of them, to society? It is an extraordinary attitude to take and the public will hope it is abandoned herewith. All these boys who elect for training at the Government's expense are entitled to be given a fair chance. All should have the privilege of learning how to earn their livings, and that privilege should have been theirs from the moment they commenced to return from overseas. It is estimated there are approximately 30,000 boy soldiers who left Canada. Some have died on the field of honor, but many thousands have returned and it is clearly the Government's duty to give them the opportunities sought, without discrimination, but solely with the idea of making them fit to take their part in the battle of life. It is time the training was undertaken for we can assure the Government the public want to know why the delay has been so prolonged.

The Carnival of Music

A sunbeam speeds with the message of morn,
And another musical day is born;
With musical bands of musical light
Waltzing and flouting a musical night;
Musical rousing of drowsing things
That night with its musical dreaming brings;
Musical winds from musical seas,
With musical cadence of birds and bees;
Musical trees with their musical leaves,
Musical rapture of bursting sheaves;
Musical bells of musical flowers,
Blowing and ringing through musical hours;
Clammy gusts of musical balm
Sweet with an intoned musical calm;
Musical runes of runnells and rills,
Musical woodlands, musical hills;
Musical forests and lakes and plains,
Musical sunsets, musical flames;
Musical clangor, musical peace,
Musical cycles that never cease;
Musical skies of cerulean hue,
That musical clouds and orbs roll through;
Musical thunders, wonders and all
That music charms in a musical thrall;
All is music: musical moil,
Musical harmony, musical toil;
Musical strife with discontan roar
Like musical waves on a musical shore;
Musical life of mole and man,
Musical blindness; musical bans;
Musical solitude, musical soul,
Musical part and musical whole;
Musical sighing and circumstance,
Musical joy with its music of chance;
Musical pleasure and musical pain,
In showers of eternal musical rain;
Musical thoughts and visions and fire
That musical orgies of heart inspire;
Seasons and ages with musical swing
In a musical round on musical wing;
Musical blasts of wintry woe,
Musical frost-throes, musical snow;
Musical zones and musical spheres,
Musical climes of the musical years;
Musical glory of Autumn's unfold
In a musical sleep neath musical mould;
Musical saffron, musical green,
Musical pallor, musical sheen;
Musical life in its dawning blush,
With its musical ebbing and musical hush;
Musical worlds and suns and stars,
Rolling to musical times and bars;
Musical rest when day is done,
Musical death when each course is run,
Musical exodus, musical sod
And a musical genesis—musical God.

M. C. Ironside.

Nanaimo, B. C.

PAINT FOR PRESERVATION

Property waste due to deterioration and decay in Canada constitutes a problem of paramount and far-reaching importance.

Continuation of the present tremendous loss vitally affects the economic future of the country. If with the cessation of the war we are to enter successfully upon a period of reconstruction and expansion it is imperative that conservation go hand in hand with development. It is as necessary to conserve created wealth as it is to prevent waste of national resources. Nature in time may restore devastated forest areas, but it takes human labor to raise anew or repair property that has decayed from lack of protective paint. This work absorbs energies that would otherwise be devoted to industrial and economic progress.

Paint for preservation is absolutely essential to the conservation of property.

ANGLICAN CHURCH AND PROHIBITION

Addressing Synod of Ontario, Bishop Bidwell Indicates He Would Favor Sale of Beer and Wine.

In his address to the Synod of Ontario at Kingston recently, Bishop Bidwell paid considerable attention to the prohibition question, and indicated that he would favor the sale of light beers and wines under strict Government regulations. His Lordship is strongly opposed to the restoration of the saloon and the bar, and would not make any change in the present regulations in regard to spirits.

Widespread Underground Traffic

The Bishop says that the present measure, with its necessary concomitant of the abolition of the saloon, has largely diminished drunkenness, though of late there has been a dangerous recrudescence of the evil, especially in the larger cities.

"That prohibition as we have it," he continued, "does not entirely prohibit is manifest from the fact that convictions for drunkenness and sale of liquor are recorded every day in the newspapers, and it is a perfectly safe deduction that many such violations of the law pass undetected. Everybody knows that there is a widespread underground traffic going on, which is carried on under the worst possible conditions."

As to Duty of Church

Regarding the duty of the Anglican Church, the Bishop said: "Our Church is not committed to prohibition to the exclusion of every other method of abolishing drunkenness and promoting real temperance. Nor can it subscribe to the doctrine that the use of wine as a beverage is in itself wrong. To do so would be to contradict its own sacred teaching and practice in the Blessed Sacrament, not to speak of the imputation on Him who instituted that sacrament.

TIE-UP OF WIRES STILL CONTINUES

Continued from Page 1

the workers to bargain collectively.

Coast Workers

SAN FRANCISCO, June 18.—A coast-wide strike of electrical workers was discussed in meetings today and tonight of representatives of the International Brotherhood of Electrical Workers from all of the principal coast cities, in connection with the general walkout of these workers in California and Nevada. Representatives are here to meet tomorrow with telephone company officials following the granting of their demands for collective bargaining by Postmaster-General Burleson.

Calls here today were handled in some instances by men. A canvass of the situation indicated that the tie-up is more complete than it was yesterday, although fairly regular service was being maintained for the newspapers, hospitals, police and government lines.

Teamsters and other unions were said to be preparing a blockade of the exchange buildings by refusing to deliver goods or to transport strike-breaking operators or linemen. Many unions have pledged financial aid to the strikers, it was reported.

Stockton and Sacramento exchanges, which had held out since the strike was called Monday, joined the strike forces today. There was no apparent change in the Los Angeles situation, where the strike has been in force since Monday. In Oakland many additional strike recruits were reclaimed, and in Fresno the striking linemen offered their aid to the city in an emergency.

A girl and two men were arrested tonight in connection with the strike. Miss Katharine Jones, a striking operator, was arrested, according to the police, for climbing into a milk wagon delivering milk to a telephone company exchange and dumping two cans of milk into the street.

Arthur Blumenthal, a mechanic, was charged with battery. He was reported to have struck the Chinese companion of a Chinese woman as the couple were leaving a downtown exchange. He said he was not employed by the telephone company. Another man was arrested for refusing to move on. Miss Jones and the two men were released on bail.

ELECTRICITY IN JAPAN

In the manufacture of electrical machinery, Japan's pre-war share of the Far Eastern trade was practically negligible, German, British and American firms monopolizing the whole. But since the war Japan has found an extensive market for electric lamps, cables, and minor fittings. In addition, Japan has lately turned her attention to the manufacture of electrical machinery of all sorts, from dynamos and motors to telephones, and as the list of loans to China for which electrical enterprises are security shows, intends to keep the market open after the war. Among the more important of these loans is the telegraph loan for £2,000,000, by which Japan acquired the right to finance and build with Japanese material and technical advice various undefined extensions. It is further specified that Japanese financiers are to have the first option on any future telegraph loan. Thus with the wireless telegraph loan for £300,000, and the whole of China's telegraphic communications will be in Japanese hands. Japan's export trade to China in electrical supplies has increased from about £56,000 in 1912 to £156,000 in 1916, and in the same year other countries were supplied to the extent of a further £50,000, and these figures are on the increase. For the same two years, 1913 and 1915, imports of electrical goods fell from £,674,000 to £518,000. In 1916 electrical supplies to the value of £3,886,000 were manufactured. As an indication of the development of electricity, it may be mentioned that there are now 1,321 miles of electric tramway in Japan, 50 electro-chemical works whose output is valued at £5,000,000 annually, and 497 power companies. The telephones and telegraphs, including wireless, are Government property, and there are 2,000 telegraph stations, and about 4,200 telephone exchanges. When it is considered that the history of applied electricity in the country began in 1871 with the introduction of the telegraph, that electric lighting was first introduced in 1886, and the first telephones in 1891, some idea is given of the progress made.

ALLIES IN SIBERIA LEFT IN UNCERTAINTY

VLADIVOSTOK, Monday, June 16.—Allied military and civil authorities here still are awaiting instructions from their governments as to their attitude toward the all-Russian government, headed by Admiral Koltchak. Although newspapers here have printed many dispatches concerning the successful progress of negotiations between the Koltchak government at Omsk and the Allied representatives at the peace conference in Paris, no word has been received officially by the American representatives here as to any change in their policy toward the Koltchak government. Consequently, the American authorities are executing with scrupulous care the instructions originally given when the American forces first were landed in Siberia.

CARMEN AT CALGARY REMAIN ON STRIKE

CALGARY, June 18.—Railway carmen took another vote last night and decided to stay on strike.

Labor men here attribute the source of the "Bolsheviki" money supposed to have been found in Winnipeg to the sympathetic unions in the United States, who are known to have sent large sums to the strikers in Winnipeg. They state that had there been any Bolshevski money floating around some of it was sure to have shown up in Calgary, some way or another, but none has made its appearance here. It was stated at the labor temple here that as much as $25,000 had been sent from the United States to various unions sympathetic to the strikers and this is the real source of the American currency found at the "Pen."

Chimney-Sickness

Chimney-sickness is a complaint most of us are not likely to suffer from, but if we found ourselves one windy day on the top of the Sagamoseki chimney, in Chicago, we might get it. The chimney of Sagamoseki is the tallest in the world. The shaft stretches up 550 ft. above the foundation pier, and as the base is 450 ft. above sea-level to start with, the place where the smoke comes out is actually 1,000 feet up and the wind up there averages about double the velocity of the wind down below. Chimney-sickness is due not to the height alone but to the swaying of the chimney. In a bad gale the Sagamoseki chimney sways 15 in. from side to side.

Motor Transport Economy

There is one important advantage resulting from motor truck transportation that is not just being appreciated, and that is the saving in handling goods that results. The truck picks up a load at the door of the producer and delivers it directly at the doors of the consumers, and consequently the goods have to be handled but twice, instead of four or more times, as is the case when a shipment is made by rail. This means a considerable saving of time and expense, and the decrease in the amount of handling is often an advantage to the quality of the goods.

President Wilson at Brussels

BRUSSELS, June 18.—The train carrying President Wilson and King Albert and Queen Elizabeth arrived here at 9:15 tonight. President Wilson rode to the palace in an automobile amid the acclamations of an enormous crowd.

Early Morning Fire—R. S. Thompson's residence in Ines Drive, off Gorge Road, was practically totally destroyed by fire at an early hour this morning. The house was quite a large one, and the flames made a great display. It was impossible to get particulars in time for press.

Dixon: "Why is it that it is usually unmarried women who write articles on 'How to Manage a Husband?'" Hixon: "Oh, you don't suppose a married woman is going to give her little game away, do you?"

FIFTY YEARS AGO TODAY

(From the British Colonist of June 18, 1869)

The San Juan Tragedy—The shooting of Mr. Augustus Tribbey by his partner, Mr. Watts, is a very melancholy affair. Hibbard resided some fourteen years on Puget Sound. He was one of the earliest pioneers who found their way here in 1858, and traded extensively between Victoria and ports on the Sound. By birth he was a Canadian, being closely connected with the Hibberds of Montreal. His brothers are the extensive manufacturers of indiarubber goods in that city. His age was about 40. The past seven or eight years he had been connected in the San Juan lime kiln, of which he was for a period a owner. Watts owned a farm in partnership with a man named Decker, near Soda Creek, which he lately sold and bought an interest in Hibbard's kiln. The origin of the quarrel which led to the killing of Hibbard is variously stated. But it is believed that Watts became dissatisfied with his business prospects, and that bad blood existed between the two, which ended on Thursday night in the killing of Hibbard.

The Late Governor—Funeral services will be preached at the Episcopal Churches throughout the Colony on Sunday. At Christ Church Cathedral it is probable that Archdeacon Will preach in the morning, and in the evening at St. John's the Rev. Mr. Jones. At Esquimalt Rev. Mr. Cave will preach a sermon devoted to the late and recent. Appropriate services will be held at New Westminster, Nanaimo, etc.

HAS ELIMINATED TRUST FEATURE

British America Bond Corporation Completes Change in Scope of Future Business.

As announced through the columns of The Colonist early this week, the British-American Trust Company, who have been established in Victoria and Vancouver in the trust and banking business for the past eighteen years, have obtained the consent of the courts to change the name of the company to that of the British American Bond Corporation, Limited.

This change, which was ratified by the shareholders some time ago, has been brought about by the increasing importance of the Bond Department which the Company has conducted for the past year, and the fact that the dealings in Government, Municipal and Corporation Bonds has become the principal business of the Company. The change in name has meant that the Company has excluded any further trust and banking business from its affairs, and in future will conduct only the bond and fire insurance departments.

No change has been made in the directorate of the Company or in the management, Mr. Arthur B. Haynes retaining the position of manager of the Victoria office, while the Vancouver office will be under the supervision of the president and general manager, Mr. H. N. Galer. The bond department in Vancouver will be in charge of Mr. J. A. Grieve, who has had a number of years of experience in Eastern Canada, and in British Columbia in this business, and under whose charge the bond department has been conducted in Vancouver since August of last year. The local bond department will continue under the management of Mr. J. H. Tailing, who has been connected with this department since its inauguration at the beginning of the year, and who has also had a number of years of experience in bond matters, coming to the Coast from Calagry, where he had charge of this department with the leading financial house on the Prairies, Messrs. Lougheed & Taylor, Limited.

The Company will handle all issues of Government, Municipal and Corporation bonds and other high-grade securities, their connections in Eastern Canada assuring their clientele of the latest quotations at all times on all classes of bonds.

CITY WILL OFFER BRIDGE BYLAW SOON

C.P.R. Expected to Ratify Plans Immediately—Formal Agreement to Follow—Details of Proposed Structure.

It is now only a matter of a few weeks before the city will place before the ratepayers a bylaw to raise the necessary amount to build the Johnson Street bridge. The Provincial Government having placed $200,000 in the estimates for this project, and the Canadian Pacific Railway being willing to spend $100,000, the city will probably be called upon to pay in the neighborhood of $350,000, or more, as the present market price of steel would make the bridge cost approximately $550,000, inclusive of materials, engineering and labor.

The plans that the city has forwarded to the C.P.R. for ratification and which are now probably in the hands of Mr. R. B. Motley, one of the company's chief engineers, are of a purely tentative nature. They were drawn up by City Engineer F. M. Preston after representatives of the city and the Provincial Government had made more or less protracted investigation of the various conditions surrounding the project. The C.P.R. is understood also to be in complete accord with the plans, although they have not yet been given formal ratification. It is expected that the postal strike has resulted in delaying the return of the plans from C.P.R. headquarters in Montreal, as by this time they should be back in Victoria bearing the official O.K. of Mr. Motley and other officials of the C.P.R.

All that the city plans make provision for are the broad principles respecting the general character of the design, together with dimensions. The company undertaking the construction of the bridge will, of course, have to make much more elaborate plans before the work can be proceeded with.

Will Arrange Agreement

Following the return of the plans with the C.P.R.'s stamp of approval affixed thereto, the next step in the negotiations will be to draw up a formal agreement stipulating the amount to be contributed by the three parties that have undertaken to finance the bridge—the city, the Provincial Government and the C.P.R. The Canadian National Railways have now been virtually eliminated from the negotiations, the chairman, Mr. D. B. Hanna, having declined to assure his company's financial backing unless arrangements are made for a joint C.P.R. and C.N.R. terminal on the Reserve area, thus cutting the C.P.R. off from its city-side depot. The B. C. Electric Railway is also counted out for the time being, although the company has given assurance that should it decide to lay rails across the bridge at a later date, $50,000 will be contributed at that time towards the bridge, this sum going directly to the city, which, under the present conditions, will have to assume the biggest share of the expense.

With the agreement signed, the city will then prepare a bylaw empowering it to spend the necessary amount. If the ratepayers treat the bylaw favorably, tenders of estimates will be asked for probably and the contract finally awarded. There may be parate contracts let for the construction of the foundation and the bridge itself.

Design of Bascule

It is still somewhat uncertain as to which design of bridge will finally be accepted. It is known that it will be of bascule type, but there are three fairly distinctive designs—the Chicago City, the Strauss and the Scherzer, the former two being constructed on a pivotal base, while the Scherzer bascule is so built as to roll back.

The proposed bridge will take only two and a half minutes to be lifted and dropped, although the present structure requires at least fifteen minutes and often considerably more. There will be provision for 126 feet clear waterway, as against 90 feet in the present bridge. The total width of the bridge will be 58 feet. There will be an eight-foot reservation for sidewalk. The roadway will be thirty feet across, and twenty feet will be allowed for the Esquimalt & Nanaimo Railway. Sufficient room is being left for a possible extension of the B. C. Electric Railway across the bridge. Every feature of the bridge will be thoroughly modern, and while in general appearance and type it will conform pretty strictly to many other bridges in the United States and Canada there are one or two details in which it will be unique.

As one instance, the present plans make provision for two different grades in the approach to the bridge from the Reserve side. To get an undercrossing on the Reserve side the road base approaching the bridge from the west side is split, the railway side continuing through over the embankment at practically the same level as the bridge, while the traffic road takes a descent. This will necessitate the building of what amounts in fact to two bridges instead of one up to the point where the span is raised and lowered. The main road across the bridge from the city will pass under the tracks, thus obviating the confusion of an interlocking system and possibilities of danger to traffic and delay. The only rails that will cross roads on a level will be used as interchange tracks for shunting purposes. They will only serve the Cholberg shipyard road and hence will not seriously interfere with normal traffic.

Location Is Compromise

The location of the bridge is now pretty definitely fixed. It will not link up directly with Johnson Street, as originally proposed, nor will it lead to Cormorant Street, in accordance with a more recent suggestion. As a matter of fact, the location will be a compromise between the two. It will not substantially vary from the present location. The Johnson Street location, it is contended, was a much better architect's plan than a railroad proposition. It would necessitate the rails being brought a considerable distance from the present depot, while the plan virtually agreed upon would permit of the rails running direct to the station. If the C.P.R. later decides to shift the site of its terminal, the tracks can be continued in that direction without excessive cost.

City Engineer Preston estimates that the bridge, when completed, will weigh one million pounds. Concrete will be used in the foundation, but structural steel will constitute the bulk of the bridge props. The foundation will vary with the design of the bascule. The span will be lifted by electric power, and the bridge will be constructed to conform with the highest standard in lifting power.

Although it will take a year and a half to complete the bridge, provided delivery of materials is at a satisfactory rate, the mode of construction will be such as to avoid interference with the present bridge until the last few weeks of building. The span will be built upwards like a big tower and its lowering into position as it will be when the bridge is closed will constitute one of the last stages of the process.

LIEUT.-GOVERNOR TO WELCOME SEAFORTHS

Will Go to Vancouver on Malaspina Today With General Leckie and Capt. Mellin for Celebration.

His Honor the Lieutenant-Governor, attended by General Leckie and Captain Mellin, leaves this afternoon on board the Government patrol cruiser Malaspina for Vancouver, to receive and welcome home the 72nd Battalion Seaforth Highlanders.

His Worship the Mayor of Vancouver has proclaimed a civic holiday, and there will be a parade of 2,000 troops to celebrate the occasion.

His Honor will take this opportunity of presenting in the name of His Majesty the King a number of decorations awarded to returned officers and men.

SATURDAY WILL BE DOUGHNUT DAY

Gifts of Sinkers in Aid of Red Shield Campaign Are Earnestly Solicited From Friends.

Victoria ladies are requested to help the Red Shield Campaign by making doughnuts which will be gladly called for on Friday if word is left at the Campaign Headquarters, Phone No. 20,000. Hundreds of doughnuts are required and as many hands make light work it is hoped that all ladies who can possibly help will do so.

Mrs. J. S. Harvey, president of the Next-of-Kin Association, with an energetic band of helpers, has kindly assumed the responsibility of supplying the doughnuts, and it is in connection with these ladies' activities that the appeal is made.

Mrs. Harry Pooley and a band of society ladies will dispose of the doughnuts on Saturday in a very novel manner, further details of which will be supplied later.

The doughnut was so largely associated with the work of the Salvation Army overseas as to make it quite appropriate for it to become one of the features of the Red Shield Campaign in Victoria, similarly as it has been used with such advantage elsewhere, particularly was it featured in New York, where doughnuts were sold in the streets by society ladies and the campaign funds in consequence largely augmented.

PASSES TO RELATIVES

Relatives of soldiers who are arriving today at 1 o'clock at the Outer Wharf, on the ss. Montcalm may receive passes to the wharf by applying at 10 o'clock this morning at the Central Building.

DIED AT BRAMSHOTT

Sergt. K. H. Wilkinson Succumbs to Attack of Pneumonia After Four Years' Service.

News has been received by Constable H. Wilkinson, of 1303 Gladstone Avenue, of the death of his nephew, Sergt. K. H. Wilkinson, at Bramshot Hospital, England. Sergt. Wilkinson enlisted in 1914 in the Royal Canadian Regiment, and had served through the entire war. Fourteen days after he arrived in England from France he died of pneumonia at the age of 26. He was buried with full military honors. Sergt. Wilkinson was twice mentioned in dispatches, and while in France was the winner of several long distance championships in running. He leaves to mourn his loss one brother in New York, who is chauffeur to John McCormick, the noted singer.

PRESIDENT ABRAHAMS WILL BE IN CHAIR

Comrades of the Great War Requested to Attend Meeting on Friday to Be Presided Over by New Head.

The general meeting of the Comrades of the Great War will take place on Friday evening, June 20, at 8 o'clock. It is to be hoped that as many members as possible will be present, as several important subjects will be brought up for discussion. This meeting will be of more than usual interest owing to the new president, Comrade Abrahams, occupying the chair.

President Abrahams has been a very energetic worker on behalf of the Comrades of the Great War since its inception, and is fully deserving of the honor bestowed on him by his comrades. Comrades are asked to rally to the support of their organization and to give their new president a fitting reception, endeavoring to make this meeting a record one.

Strike at Three Rivers

QUEBEC, June 18.—A general strike was declared today at the Three Rivers shipyards, where the men quit work this morning, alleging that the company had not raised their wages in accordance with the agreement arrived at some time ago. The strikers spread a rope about the entrances to the yard to prevent any workers going in. There was no trouble.

"The Inland Home of Correct Fashions for Women"

New Gowns of Surpassing Loveliness

There are many gowns in this collection that you would be pleased to wear. Lord Northcliffe Operated On

LONDON, June 18.—Viscount Northcliffe, newspaper owner, underwent an operation today. A bulletin issued by his physicians says that the Viscount's condition is satisfactory. The operation was to remove a deep-seated adenoma (an increase of fibrous tissue) of the thyroid gland, which was causing considerable pressure.

Lady Candidate

REGINA, June 18.—Mrs. M. O. Ramsland, widow of the late M. O. Ramsland, M.P.P. for Pelly, was nominated to succeed her late husband at a Liberal convention at Kamsack.

Get your Mother to make these from
POST TOASTIES

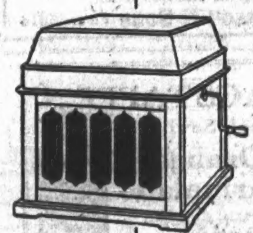

Greatest Cookie ever made — Bobby

Lace Cookies

2 Eggs, well beaten
1½ cups White Sugar
5 tablespoonfuls Melted Butter
3½ cups *Post Toasties*
½ cup Cocoanut
1 teaspoonful Vanilla
4 tablespoonfuls Flour
2 teaspoonfuls Baking Powder

Cream the butter and sugar, and add *Post Toasties*, rolled fine. Add vanilla, cocoanut, flour and baking powder. Place small spoonfuls of dough, far apart, on baking tin, bake in quick oven. When slightly cooled, remove from tin with cake-turner.

The Amberola Is Supreme

Back of the Amberola is all the wizardry of Thos. A. Edison, the world's greatest inventor. No wonder the Amberola tone is pure melody—free from the metallic sound and shrillness of ordinary "talking machines."

No wonder the genuine Diamond Point Reproducer has solved another phonograph nuisance—the bother and expense of changing needles

No wonder the Amberol Records are almost unbreakable and last for years after ordinary phonograph records have broken or worn out.

Prices From $62.00—On Terms

ALEX. STEWART, Manager

City and District in Brief

To Improve Grounds—The School Board has authorized the expenditure of $4,000 in the improvement of the High School grounds.

Charged With Drunkenness—Three individuals were taken to the Police Station yesterday afternoon for boisterous conduct and fighting at Government and Fisgard Streets, and charged with drunkenness.

Fined Five Dollars—In the Provincial Police Court yesterday, James Graham, of Colwood, was fined $5 for being the owner of a dog for which he had not the necessary licence, in the Sheep District A, which includes the Esquimalt electoral district.

Car Stalled—A defect in the street car service occurred yesterday evening shortly after half-past 5, when the wiring of No. 3, Spring Ridge car, burnt out at the corner of View and Government Streets. The car had to be towed to the barn. A number of cars operating on Government Street were delayed on this account.

Appeal Allowed—In the Appeal Court yesterday the appeal was allowed in the case of Johnston v. Courtney. Mr. D. S. Tait was counsel for the appellant, while Mr. Lowe appeared for the respondent. In the case of Cody v. Scalso, an appeal in an action with regard to a contract was dismissed. Mr. H. W. Herchmer appeared for the appellant, while Mr. D. E. McTaggart represented the respondent.

Presented Holster Belt—Mr. Crawford Coates has very kindly presented the Boys' Naval Brigade with a standard bearer's holster belt for the flag presented to them by Mrs. McMicking at the cabaret held on the 3rd June in the Empress Hotel. The Boys' Naval Brigade will therefore be very much in evidence on June 21, being seen upon a public occasion for the first time at the ceremony of the unveiling of the tablet on Elliott Street at 3 p. m., Saturday next.

North Ward School Entertainment—A musical and literary entertainment will be given by the pupils of the North Ward School, Douglas Street, in the assembly hall of the school on Friday evening, the 20th inst., at 8 o'clock. A pleasing feature of the entertainment will be a playlette entitled "The Wooing of Miss Canada," closing with a beautiful tableau. The proceeds of the entertainment will be used for classroom decorations.

Strike Situation—The Victoria Trades and Labor Council at the regular meeting last night did not discuss the calling of a mass meeting or the taking of any other steps in regard to the recent action of the Government at Winnipeg in arresting the strike leaders, according to President Woodward. Vancouver leaders have already called a meeting. Although a general strike is not now to be feared, it is rumored that individual unions might take action. This seems hardly likely.

Kept Store Open Late—For keeping his store open Saturday night after the specified closing time of 9 o'clock, Wo Lee, owner of a grocery and candy store, was fined $15 and costs in the Police Court yesterday morning. The Chinaman was advised by Constable Palmer at 9:25 Saturday night of the early closing by-law, but it was apparent that Wo Lee was well aware of it himself, and that he had no intention of closing, as he served two more customers after he was warned by the constable.

Supreme Court Sitting—A decree nisi was granted by Chief Justice Hunter in the Supreme Court yesterday in the divorce case of Davison & Davison and Bennett. The husband was the petitioner in this case. There were no children. Mr. Frank Higgins represented the petitioner. The case of Green v. Cronyn was adjourned after the afternoon session until tomorrow. The action is a dispute in connection with a contract. Mr. F. C. Elliott appeared for the plaintiff, while Mr. M. A. Macdonald, K.C., was counsel for the defendant.

City Tax Sale—It is possible that the city tax sale, which has been periodically in progress here during the past three weeks, will be wound up today. While a comparatively small amount of property has been disposed of to private buyers, the bulk reverting to the city, most of the land has been disposed of in some way or another, and only about two-fifths remain to be dealt with. Today's session will commence at 10 o'clock and intending purchasers may ask for property in which they are interested to be placed on sale at any time during the sitting.

To Explore for Oil—Hon. T. D. Pattullo, Minister of Lands, announced yesterday that Prof. J. C. Gwillim, professor of mines at Queen's University, Kingston, has been retained by the Provincial Government to conduct an extensive investigation of certain lands in the Peace River country for the purpose of learning whether they hold deposits of oil in commercial quantity. Dr. Gwillim was appointed under the terms of the Coal and Petroleum Appropriation Act, passed at the last session of the Legislature and which authorizes the expenditure of up to $50,000 for coal and oil exploration purposes.

Orders New Trial—In the case of Rex v. Amur Chand, the Court of Appeal has ordered a new trial. Amur Chand was convicted of perjury at the Assize Court in Vancouver, befor Mr. Justice Gregory, for swearing that when his automobile ran over and killed a man, it was not with his permission that the boy who was driving had the car. A reserved case was granted by Judge Gregory, for the opinion of the Court of Appeal, as to whether there was sufficient corroboration. Upon the hearing of the case as presented by Mr. M. A. Macdonald, counsel for the appellant, a new trial was ordered. Mr. D. A. McDonald, K.C., represented the respondent.

Realty Convention—Some 4,700 invitations to the forthcoming Realty Convention to be held in Victoria in July have been sent out already and requests are being received from Presidents of Associations in Idaho and Montana asking that data be forwarded to members of their organization who have the subject of joining the convention under consideration. A telegram has been received by Mr. C. T. Cross from Mr. E. B. Arthud, Gray's Harbor, acknowledging the invitation to attend the convention and stating that every member of the Gray's Harbor Association will attend.

Inspects Cadets—In lieu of Gen. Leckie, Major Beison, the inspector and organiser of cadets, asked Col. Moore to carry out the inspection at Macauley Point yesterday afternoon of the Esquimalt Cadets of Lampson Street School. The cadets made a good showing and were very favorably commented on by Col. Moore. The manoeuvres were executed under the command of Cadet Major Robert Stewart and Lieuts. F. Stratford, W. McDonald, R. Baylis, V. Raymond and G. MacKay. Many parents and friends were present at the inspection. At the termination of the display the boys were provided with refreshments by the Daughters of the Empire at Capt. Sisman's residence.

Special Souvenir Number—A special souvenir edition of The B. C. Veterans' Weekly has been issued in anticipation of the third annual convention of the G. W. V. A. in Canada, which convened in Vancouver commencing June 9, and the third annual Provincial convention of the G. W. V. A. of British Columbia. It was probably for the information and edification of delegates to the former that the edition was made in the form of a "British Columbia" number, featuring every phase of the scenic beauty, industries, agriculture and social life of the Province. It is beautifully illustrated, and should certainly form a splendid advertisement to soldier delegates from other parts of the Dominion of the attractions of this "Last Best West."

Choral Society Picnic—The Choral Society picnic at Cordova Bay last Saturday was quite a success, about one hundred persons being present. Sports of all kinds were held under the able direction of Dr. L. F. Houghton, Mr. Scrivener, and Mr. Dunn, Dr. Houghton, the president, presented the prizes at the conclusion of the sports in his usual jovial manner. Tea was served at the Canuck tea rooms. The committee wish to thank the following for their contributions towards the picnic: W. H. Malkin & Co., for tea and coffee; Dr. Houghton, Mr. J. G. Brown, Mr. Macey, Mr. Sprauge, Mr. Griffiths, Mr. Hicks, Mrs. Hannington, Mr. Snell, Mrs. Golen, Mr. Melhuish, Mr. Radbeurne, Mr. Scrivener, Mr. Dunn, Mr. Hardy, for cash contributions; for prizes, Mrs. Plumb, Mrs. Fowler, Mrs. Radbourne and Mrs. Witty.

Fire at Jack Lake—The forest fire at Jack Lake, the smoke from which was quite easily visible from Victoria earlier in the week, has at last been extinguished without having done any extensive damage to the timber in the district. Up to the present, owing to the heavy rains, it has been a remarkably close fire season on the Island. This year, owing to the return of many former members of the Forestry Department who went overseas in one branch or other of the army, the staff is larger than it has been for some years, most of the new employees having been retained. The department has discussed the feasibility of using aeroplanes in forest-fire survey work, but there are apparent objections, as it is realized that while the aeroplane would be useful for observation purposes it has little possibility of becoming practical in the work of extinguishing fires. Without developing the branch of the department used for the control of the fires it would be of little advantage to learn of their whereabouts.

King Alfonso Indisposed

MADRID, June 18.—King Alfonso is slightly indisposed.' He is remaining in his room on the order of his physicians.

ANNOUNCEMENTS

Rummage Sale, Saturday 21st, 10:30, Broad Street, near Johnson.

Rotarians and Bolshevism

SALT LAKE, June 18.—"I call upon all Rotarians the world over to take a stand against Bolshevism," declared John Poole, retiring President of the International Association of Rotary Clubs, in his annual address before the tenth annual convention of rotarians here. "This is Rotary's opportunity," he said. "We will fail in the ideals of our organization if we do not stop this thing. Quick and complete employment is both a sword and a shield."

GENEROUS SUM GIVEN TO AERIAL LEAGUE

Mr. Norman Yarrow, Flight Enthusiast, Promises to Contribute $1,500 If Same Amount Is Raised.

Mr. Norman Yarrow, an enthusiast over the possibilities of flying, has offered to donate $1,500 to the Aerial League on condition that the same amount is raised from other sources. In his letter to the League he says:

"Personally, I feel there is no other science that is going to revolutionize the future more than flying, and therefore, I am keen to see every encouragement given to aeronautics, especially to the work of the Victoria branch of the League, which I fully realize has been organized, and is controlled, by experienced airmen who, due to hard work, perseverence and confidence, have brought the league to where it is today. Without public and Government support, successful progress is impossible.

"I feel that the first direct trans-Atlantic flight by a heavier-than-air-machine should be celebrated in some fitting way, and therefore it will give me very great pleasure to donate on behalf of my firm, $1,500, being half the cost of an aeroplane of the "Pathfinder" type, provided a similar sum can be raised, and the amount to be devoted for the purchase of a new aeroplane for the Victoria branch of the Aerial League of Canada."

BROKE SPEED LIMIT BUT SAVED PATIENT

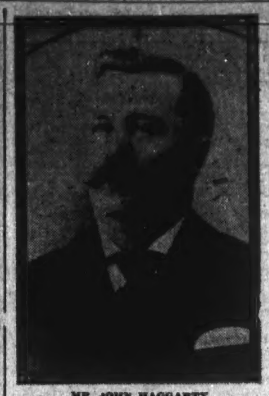

Jack Smith Appeared in Court on Charge of Speeding—But Case Dismissed.

Jack Smith appeared in the Police Court yesterday on a charge of speeding along Yates Street on Saturday. It appears that a druggist had made a mistake in the dispensing of a prescription, and in order to ensure that the invalid for whom the medicine was intended did not take the wrongfully dispensed prescription, Jack Smith was given a new bottle, filled as originally ordered by the prescription, and told to drive top speed to the home of the sick person. However, in the Court the charge of speeding was dismissed, as allowed by the Motor Act in cases of emergency. J. C. Dyer, from California, who is staying at the Oak Bay Hotel, was fined $10 for speeding along Oak Bay Avenue. For speeding on Esquimalt Road, John M. Grant was fined $10. For passing a street car which had stopped to let off passengers, J. B. Smith was fined $5 in the Police Court. The reason for the small fine was that the car did not stop at the regular stopping place.

LEFT WITH 48TH

Lieut. W. A. R. Hadley, son of Mrs. Hadley, of 1940 Cowan Avenue, who left here with the 48th Battalion in June, 1915, is returning on Friday, June 20, having crossed on the Olympic. He is getting his demobilization at Toronto.

Lieut. Hadley was formerly in the Land Registry Office, Victoria.

MR. JOHN HAGGARTY
Well-known Victoria pioneer who passed away recently.

BOARD ABANDONS AIR MAIL SERVICE PROBE

Leaves Aerial League Solely in Charge of Arrangements After Carrying Out Preliminary Investigation.

The Board of Trade has abandoned its investigation into the practicability of an air mail service between Victoria and mainland points, being satisfied that the Aerial League is competent to handle the question itself without assistance. A special committee, headed by Mr. C. P. Schwengers, has reported in part as follows:

"Before our investigations were completed a branch of the Aerial League of Canada was established in this city. We therefore invited the local officers to meet us and upon finding that they were engaging in identically the same work as allocated to us and being impressed that the work was in competent hands we did not consider it necessary to engage in any duplication of same and our meeting terminated with the understanding that we were prepared to co-operate in the event of our assistance being desired. The officers of the local branch intimated that they could deal with the mechanical and operation branches of the proposed aerial mail service, but they stated that they may require the advice of some business men upon financial matters when their plans are more advanced. We therefore recommend the appointment of a small committee to act in this connection when necessity arises."

SUCCESSFUL SMOKER HELD BY 103RD CLUB

Over 200 Attended Concert—Popular Artists Entertain Members of 103rd Battalion at G. W. V. A. Rooms.

A very successful evening was spent at the smoker held in the G. W. V. A. rooms under the auspices of the returned boys of the 103rd Battalion — "The Timber Wolves." The boys have organized a club which they say is neither a political association nor an association to act as a union. The object of the club is to organize and hold various forms of entertainments for the amusement of the men.

Many of the boys of the club took part in the entertainment, and among them were: Pte. Hooke, trombone soloist; Pte. Porter, Pte. Ralph Lee, Pte. Kelly; Corp. Jimmy Higgins, who sang "Honest Irish Lad"; Mr. Samson, Mr. George Craknell, Mr. Tom Kelway, Mr. Bert Zala. Major Spurgin, who occupied the chair, made quite a hit with his song, "Sucking Silence Through a Straw."

Members of the "1919 Follies" company from the Gorge Pavilion and Mr. Clyde Hagar and Mr. Walter Goodwin, of the Pantages Theatre, also gave their services.

It was announced in the course of the evening that a banquet will be held by the club on July 16. Almost $100 was netted at the dance held by the men last month. Refreshments were served during the evening. The programme was arranged by Private Ralph Lee. The men wish to express their appreciation of the excellent entertainment, and to tender their thanks to the "1919 Follies," and especially to Mr. Hagar and Mr. Goodwin.

SUPERINTENDENT FOR CRESTON AREA NAMED

Mr. M. H. Nelems, chairman of the Land Settlement Board, yesterday announced the appointment of Lieut.-Col. Fred Lister, C.M.G., D.S.O., M.G., as superintendent in charge of the Creston soldier settlement area, and of Lieut. F. D. Rice, as surveyor for that district in connection with the same project. Both officers will leave for the base of their future activities shortly.

Lieut.-Col. Lister is only just back from overseas, where he led the 102nd Battalion. He is an old soldier, having seen service in several previous campaigns. Lieut. Rice was also in France with the Canadian Engineers.

The Creston soldier settlement area comprises 7800 acres, 5000 of which have already been taken over by the Board.

VANCOUVER, June 18.—Charged with having in their possession a still for the purpose of manufacturing intoxicating spirits, R. S. O'Connor and E. Brown appeared before Magistrate Shaw today for preliminary hearing. The "still," a perfectly constructed one, was produced in court as an exhibit. Defence was reserved for the higher court, the magistrate committing the accused for trial.

U. S. A. ASTRONOMER IS VISITING CITY

Professor Boothroyd, of University of Washington, Will Be Volunteer Assistant at Astrophysical Observatory.

Professor S. L. Boothroyd, head of the Department of Astronomy in the University of Washington, has arrived in the city. He will spend his Summer vacation here as a volunteer assistant at the Dominion Astrophysical Observatory, with the object of gaining some practical experience in the actual work of an observatory, by making researches on the spectra of the stars as well as assisting in the general programme of work of the observatory.

Prior to coming to the University of Washington, six years ago, Professor Boothroyd was connected with Cornell University, and was for several seasons a member of the international party of Canadian and American surveyors delimiting the boundary line in the Far North.

WEILER'S WORKERS PICNIC AT INLET

At the invitation of Mr. Alfred McConnell, of the hardware department of Weilers' Ltd., some sixty department heads and other employees of the firm holidayed yesterday afternoon at his summer home at Tod Inlet.

The party left Weiler's in motors at 1 p. m. and returned about 9. Most of the time was spent in boating in the Inlet, bathing and dancing. Mr. R. P. Butchart's gardens also were visted. Refreshments were served during the evening.

TO URGE PASSAGE OF HIGHWAY GRANT BILL

Board of Trade Asks Dr. Tolmie to Use Best Efforts in Persuading Government to Spend $20,000,000.

Learning that the Federal Government seemed to be reluctant to grant the long-promised $20,000,000 grant for Canadian highway construction purposes, the council of the Board of Trade has communicated with Dr. S. F. Tolmie, M.P., asking him to ascertain the facts of the case and do his utmost towards geting the appropriation passed.

In dealing with the highway grant, the Board of Trade recalled that the matter was first taken up as far back as 1908. Since then the question has been considered seriously and semi-seriously by the Dominion Government, and while a few small grants have periodically been given, the Ottawa authorities have never agreed to expend a substantial amount on the project. Not long ago, however, the Government virtually committed itself to a $20,000,000 expenditure on the highway proposition and it was expected that this grant would be authorized by the present session of Parliament. Reports from Ottawa during the past few days indicated, however, that favorable action was doubtful.

The Board of Trade some time ago went on record as being in favor of a highway grant on the mileage basis, and opposed, to a suggestion that the money be distributed in consideration of population. This attitude has been reaffirmed, and Dr. Tolmie is being urged to push the project according to the favored plan.

CITY NEWS IN BRIEF

Salvationists Asked to Attend—All salvationists of the city are asked to be in attendance at the Red Shield Drive headquarters tonight at 7 o'clock.

Organize Bugle Band.—The 103rd Timber Wolves' Club announce that they intend to organize a bugle band under the direction of Corpl. Drummer "Jimmy Higgins" in the near future.

British Campaigners.—The regular monthly meeting of the British Campaigners' Association will be held in the Association rooms, 201 Union Bank Building, at 8 p.m. tonight. The members are urgently requested to attend.

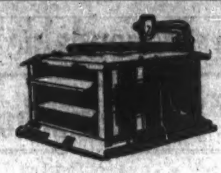

Flannel Dance.—A very successful flannel dance was given last night under the auspices of the Citizens' Regatta Committee, at which about 300 people were present, at the Foundation Club rooms, lent for the occasion by the members. The following associations arranged the details: the J.B.A.A., Victoria Swimming Club, the Yarrow Athletic Club, and the Foundation Organization. The proceeds of the affair are to be devoted to the obtaining of prizes for the regatta on July 1.

To Chicken Raisers.—Mr. J. R. Terry, of the Provincial poultry division, Department of Agriculture, urges all poultry raisers to rear their young stock on clean or fresh ground if possible. Clean out brooder houses as often as possible, and when chicks die, burn same instead of burying them. The unseasonable weather experienced this year is causing more mortality than usual amongst chicks.

Rotary Luncheon.—At the Rotary Club luncheon today at 12 noon in the Empress hotel, Mr. W. F. Best will explain his plans for providing the city with a salt water swimming bath, and Dr. M. Raynor, of the Victoria and District Recreation Commission, will speak on "Recreation," incidentally probably dwelling upon the Council's recent action in refusing a $1,550 grant for the purpose of organised playground supervision. A new five-minute Rotary stunt and a singsong from the Rotary song-book will complete the programme.

Postal Censorship to Close

LONDON, June 18.—The office of the postal censor, it became known today, probably will be closed Saturday, after having been in operation throughout the war.

A Great Little

COLUMBIA GRAFONOLA

Compact, easy to carry or pack in car or boat, this small Columbia Grafonola is the ideal musical instrument for camp. Its tone is clear, powerful and natural; for the informal dance party its rendering of the latest waltzes and jazzes is just splendid. The price of this instrument is

$35.40 With six Columbia Double-Disc Records — Twelve selections of your own choosing.

Handling of Grain Crop

OTTAWA, June 18.—Charles Gordon, Lloyd Harris, head of the Canadian trades mission in London, and representatives of transportation companies and the grain trade were in conference today with Hon. A. K. MacLean, acting Minister of Trade and Commerce, in respect to the handling of the next wheat crop as to the disposal of which there is some concern.

OBITUARY NOTICES

McINTOSH—The death occurred on June 7 at Juneau, Alaska, of Mr. D. J. McIntosh, aged 52 years, born in Glengarry, Ontario, and a resident of Juneau for the past eight years. Deceased is survived by his widow, who accompanied his remains to this city. He resided in this city for some time before going to Juneau, and his many friends will learn with regret of his untimely death. He was a prominent member of Victoria Lodge No. 1, I.O.O.F. The funeral will take place this afternoon at 3:30 o'clock from the Sands Funeral Chapel, the Rev. Leslie Clay officiating. Interment will be in Ross Bay cemetery.

I.O.O.F.

The officers and members of Victoria Lodge, No. 1, I. O. O. F., are requested to meet at their lodge room, Douglas Street, at 2 o'clock p. m. today, Thursday, for the purpose of attending the funeral of our late Brother D. J. McIntosh.

Members of Sister Lodges and sojourning brothers are cordially invited to attend.

FRED DAVEY, Secretary.

There's no reason why a merchant should worry about his store records

THE average storekeeper who uses a bank check book and an up-to-date National Cash Register can get the figures which tell him how his business stands every day.

From his check book and bills:

He can get the cost of running his store, cost of merchandise bought, and a record of payments made.

From his National Cash Register:

He can get a record of his store transactions:

Cash Sales — Received on Account
Charge Sales. — Petty Cash Paid Out

These store transactions total sixty per cent to ninety per cent of the details occupying his time and clerical labor.

They must be made rapidly during the rush of selling.

They are hard to get, hard to keep, impossible to verify, and expensive to record unless he uses a modern National Cash Register.

National Cash Register figures are the foundation for accounting systems in stores all over the world. A post card or phone call will bring you full information about the way a modern N.C.R. System will keep your store records by machinery.

MR. EDWARD VANCE DIES AT AGE OF 83

NORTH VANCOUVER, June 18.—At the age of 83 years, Mr. Edward Vance, father of Mayor G. W. Vance, of this city and a pioneer farmer of Ontario, died at an early hour this morning after a lingering illness. He came to North Vancouver six years ago from Riverview, Ont. He celebrated his golden wedding five years ago.

Mr. Vance leaves besides his widow three daughters, Mrs. Sharpe, of Langley Prairie; Mrs. Corbett, Miss Bertha Vance at the home, Fifteenth Street and Berwick Avenue; also four sons, Mayor G. W. Vance, of this city; Alfred at Edmonton; Allan at Great Falls, Mont., and Fred in Vancouver.

Gone Are the Days

Couriers on horse back were good enough in '61 but they gave place to dispatch bearers on motor cycles when Pershing flattened the St. Mihiel salient in forty-eight hours.

Castor oil, salts, mineral waters, pills and such purgatives were good enough in their day. Today they are giving place to Nujol.

Nujol is entirely different from drugs as it does not force or irritate the bowels.

Nujol prevents stagnation by softening the food waste and encouraging the intestinal muscles to act naturally, thus removing the cause of constipation and self-poisoning. It is absolutely harmless and pleasant.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. All druggists. Insist on Nujol. You may suffer from substitutes.

BRINGS MESSAGE FROM FRANCE TO CANADA

Captain Balbaud Last Night Spoke of Scheme for Interchange of Scholarships Between Two Countries.

"The war has shown us that Canada and France esteem each other—that they love each other. It is now our duty not to let that friendship drop. We have that big ocean between us. But we must not let that interfere with our new relationship. It is with a view to keeping up our feeling of love and esteem for each other that I am here especially. Hitherto you did not know much about our universities in Paris. The Germans lost no opportunity of telling you that they had universities in Germany. We did nothing to announce to you that we had universities in Paris. Now we have organised in Paris a committee whose special function will be to take charge of the girls and boys whom you send from this country to study art, medicine, or other subjects, and direct them into the right channels, see that they go into the right homes, live in the right hotels, and frequent the right restaurants during their stay in Paris, so that you will know that when your children go to our contry to study they will not go amiss in the labyrinth of our big city.

"We are trying now to arrange a scheme in Paris for the recognition of Canadian grades of scholarship so that when your students come to us we will be able to place them on a definite footing. On the other hand, the committee of which I speak will have its counterpart in each province of this country, we hope. We want you to help our young men who come over here from France. It is at present very difficult for a young Frenchman coming to this country to meet the right people. After meeting the right people it is very difficult for him to prove to them that he is the right man. This is a matter of more than personal interest; it is a question of national and international duty. I hope you will all help me in that which I request."

General Presides

This is part of the appeal made by Captain Paul Balbaud in the course of the address which he gave last night at the Provincial Library, Parliament Buildings, to an audience which filled the auditorium. General Leckie presided and introduced Captain Balbaud, a soldier whom they were delighted to honor as representing the magnificent French army, with which he had served throughout the war. The brave and indomitable spirit of the poilu during the war had been an incentive to the whole army of Britain. The strong heart of France had been an example and encouragement to the peoples of all the Allied countries for the whole five years, through which every resource in courage and endurance was tested to the utmost.

Captain Balbaud's opening remarks were a message of thanks from his government to the people of Canada for the part they had taken in helping France in the war. He could speak, he said, from personal observation when referring to the bravery of Canadians on the battlefield. He could also speak from experience in acknowledging the work of the Canadian women during the war, for had he not personally received some of those welcome parcels of socks, sweaters, and other comforts which they had knitted and packed in boxes together with cigarettes and tobacco to send to the French soldiers.

"These parcels were more than mere comforts to many of our French soldiers," he said. "They represented the little something of sentiment that was still left to them when their own homes had been destroyed and their families scattered. They became interested in the women who had knitted these things, and many of them, when they were dying in their muddy trenches or in the barbed wire entanglements over there in France were picturing the face of the knitter of some little gift just received."

Want Motor Cars

After painting a few vivid little word pictures of scenes in the devastated areas, scenes illustrating the French love of home and the cherished little heirlooms that had been handed down from generation to generation, and which they so often tried to take with them in their hurried exit from the e enemy-bombed districts, the speaker spoke about the measures which are being taken to restore these places.

"We have to thank you for doing much for us in this way too," he added. "The French today have the same spirit which they showed when they said to the Germans at Vimy and elsewhere: 'You shall not pass!' They are coming back to their old towns, not waiting for what the government shall do. They need help, and they are receiving help already from Canada.

"The most important help you can give them just now is in the form of motor cars. It is one principal way of taking from Paris to the devastated areas the things which they require to make their homes again."

The Insolent German

"When I saw the fine valley of the Rhine with its factories going full swing, the trains leaving and arriving on time; when I thought of the poor French railways with their train system deranged, never knowing when they would arrive or depart, and the country laid waste and industries all stopped in the devastated area, it made me angry. When you speak to the Germans, what do you find? They are insolent still. They say: 'You are still very nice to us. Why? Because you have not beaten us.' Within ten years, they say, we will get over it, we will start all over again. This is the German mind. It is their only aim in life: to start again. And in twenty years they will be ready to fight again if we do not hold them in our grip. It is their national trait. They do not regret their crimes. They say it was war, and war is something which allows every crime, burning homes, killing women and children.

"The German mind will never understand the French mind or the British mind," declared the speaker, who was with General Foch when he entered Germany at the end of hostilities. "We are much too gentle for them to comprehend. The only way to tame the boche now will be if they do not sign the peace. Then you can trust Foch!"

Two Incidents

Two incidents in Germany had particularly pleased the speaker. On a train on the way to Cologne a German woman came into their compartment. The train was crowded. A British officer rose and offered his seat. This made Captain Balbaud angry. But immediately the British officer had tapped a German on the shoulder, made him rise, and took possession of the seat.

"That pleased me very much," said the French captain.

The second incident quoted had reference to an insolent fat German who had refused to salute the Irish Guards on duty in the Rhine country. He (Captain Balbaud) had seen this stout German, very hot and perspiring, marching behind the Guards. At first he thought it was a case of admiration by a military people for so smart a soldier as the Irish Guards. Later he learned that the fat one was taking a ten-mile walk "for the good of his health" because he had failed to salute when ordered.

In Alsace

The enthusiasm of the long-alienated French people of Alsace-Lorraine when the war came to an end and they were delivered from the German yoke was described by the speaker as a most moving and touching thing. The men who had fought unwilling in the German army against their own people, the French, were almost afraid to meet the conquerors when they arrived, although one soldier had carried a small French flag in his haversack all through the war "against this day" and brought it out to wave when the great triumph came. The women and girls, on the other hand, had no misgivings, and poured into and over the French motor cars as they arrived and drove through Strasburg and Metz, burying the distinguished French, Italian and British generals under wreaths of flowers.

"All France honors Canada," reiterated the speaker at the end of his interesting talk. Attached to Marshal Petain's headquarters he had seen a long report of a French Major attached to the Canadian staff at Vimy. There was not in that report a word which was unfavorable to the Canadians. They were regarded as crack troops. Later, meeting General Mongin, he had asked that officer of few words what he thought of the Canadians.

"Damn good troops. They know how to die. I have seen them die!"

Dr. H. E. Young moved a very hearty vote of thanks to Captain Balbaud, saying that the speaker had helped to visualize some of the things of which Canada had heard during the past four years. He had also shown how absolutely alien in their ideals of civilization were the Germans from the French and British. The latter, even during times gone by when they fought against each other, had understood each other's ideas of chivalry in warfare as in times of peace which intervened. This the Germans could not do. The ideals that had inspired the French and the British peoples had drawn them together along common lines and both were opposed to a civilization such as the Germans, which they could not and did not want to understand.

Mr. H. Charlesworth seconded the vote of thanks, and expressed hearty approval of the scheme for the interchange of scholarships between the two countries, a scheme which he understood had met with favorable support in British Columbia when Capt. Balbaud had approached the authorities.

Capt. Balbaud leaves today for Vancouver on his way back to Toronto, where he is attached to the University staff.

EXECUTIVE HOLD MEETING

Army and Navy Veterans Decide to Make Donation to Red Shield Campaign.

The regular meeting of the executive of the Army and Navy Veterans was held last night at the rooms in the Pemberton Building, Mr. Kirk in the chair.

In regard to the treatment of returned men as teachers in the city schools it was left to either the chairman or the secretary, Mr. Young, to interview the authorities in order to get full information on the subject.

The executive went on record as endorsing the resolution of the Comrades of the Great War, that the class "A" Service Badge worn by returned men who have seen service in France should not be given to those returning from Siberia. It was further agreed to bring the question up before the Dominion convention, which is to be held next month. It was thought that a special badge should be given for service in Siberia.

To help the Red Shield Campaign a motion was carried that the balance of the money remaining from the May 24th pageant should be donated.

Comrade Cross was unanimously elected as chairman of the House Committee in place of Comrade Watson, who has resigned.

It was reported that during the week several new members have been enrolled.

Finest Thing Ever For Chronic Catarrh!

Gets Away From the Medicine Habit, Cures by Novel Method

With the many remedies you have tried you surely know that no liquid medicine can cure your throat or nose. Even a gargle only bathes the entrance of the throat—it can't really get inside, nor can it reach the inflamed bronchial tubes.

With Catarrhozone, it's so different from medicine-taking—you simply breathe its healing vapor, inhale its balsamic fumes, which carry cure and relief to the minutest air cells in the lungs, nose, throat and bronchial tubes.

In this scientific way the soreness and inflammation is rapidly allayed, relaxed cords are toned up; the entire mucous membrane invigorated. Every trace of catarrh disappears, the disagreeable dropping of mucus in the throat, hawking, spitting, and stopped-up nostrils—all these sure signs of catarrh and bronchitis are permanently cured by Catarrhozone. Large outfit lasts two months, costs $1.00; small size 50 cents, trial size 25 cents, at dealers everywhere.

Dainty Summer Dresses
Specially Priced for the Week-End

Although we are offering these beautiful Dresses at specially reduced prices, there is nothing about the dresses themselves that denotes "cheapness." They are fashioned in the latest approved styles, from good quality light weight materials, in a nice assortment of fancy figured, check and dot designs, and the dainty colorings leave nothing to be desired. Splendid values for the week end at prices ranging from

$9.50 to $17.50

SIDNEY SERVICE WILL BE RESUMED

Mr. Hanna Agrees to Take Over Tracks on Temporary Basis and Trains Will Be Operating Immediately.

The Victoria & Sidney line linking Sidney with the C.N.R. tracks to Victoria will be taken over and operated on a temporary basis by the Canadian National Railways, according to a wire received last night by The Colonist from Mr. J. C. McIntosh, M.P.

Mr. Hanna, chairman of the board of management of the C.N.R., stated according to Mr. McIntosh, that it would be impossible for the company to make a large expenditure on the line, which is neither owned nor controlled by the Canadian National, but since it was estimated that the initial expenditure would not exceed $500, Mr. Hanna decided to wire Mr. D. O. Lewis, resident engineer for the C.N.R. at Victoria, to advance the money to reopen the line.

According to Premier Oliver, the C.N.R. and the receiver of the V. & S. Railway have agreed that the National road may operate the Sidney service without charge for a period of three months. In the meantime a more permanent arrangement may be worked out.

It will take only a few days to carry out the incidental repairs to the line, and the service will probably be opened practically immediately. If the C.N.R. locomotives are too heavy for the roadbed, the old V. & S. engines may be put into service again.

WEDDINGS

Syme-Vye

Miss Agnes Syme and Mr. George Wilfred Vye were last night united in marriage at the home of the groom's father, Mr. Alexander Vye, 1775 Fourth Street. The ceremony was conducted by Rev. Joseph McCoy. Mr. Allen, the groom's brother-in-law, acted as best man, while Mrs. Allen attended the bride. The couple will make their home in Duncan, where Mr. Vye lives. The bride is a resident of Crofton. Dr. Vye, of this city, is a brother of the groom.

SOCIAL AND PERSONAL

Sergeant Sid Thompson, prominent in Victoria athletic circles before the war and who left here in February, 1915, with the Mechanical Transport, returned on Sunday. On reaching England he transferred to the Pay Office and on going to France went to the Forestry Corps, which was attached to the French Army. Later he joined the Second Canadian division.

The Christ Church Cathedral Branch of the Girls' Friendly Society held their annual picnic on Wednesday, June 11, at Royal Oak by the kind invitation of Mr. and Mrs. G. S. Ford to their pretty and picturesque home, "Lovelands." The weather was ideal, tea was served on the rocks and a most delightful time spent.

Major Arthur Layard, of the Royal Flying Corps, arrived in the city today with his wife and two children, and has gone out to Deep Cove.

Bishop Schofield left yesterday for Vancouver, where he will join the mission ship Columbia. He will go to Alert Bay and the northern part of the Island, returning to Victoria in about two weeks.

George Brady, of the firm of Gillespie, Hart & Todd, and his bride, nee Virginia Sadler, have arrived in Victoria from Lindsay, Ont., where their marriage took place recently. Mr. and Mrs. Brady have taken up their residence at Hampton Court, Cook Street.

Col. and Mrs. John Black, of Montreal, are at the Empress Hotel.

Mrs. Thomas Greene and her daughter, Mabel, of Kelowna, are the guests of Mr. and Mrs. Collison, Cook Street.

Deputy Fire Chief Swanson, of Everett, Wash., with his wife and son is at present in the city, as the guest of Chief Vernon W. Stewart.

Major P. Granville Edge, of London, Eng., is an arrival in the city.

McKIM'S DIRECTORY SHOWS MANY CHANGES

The Canadian Newspaper Directory for 1919, just issued by the publishers, A. McKim, Limited, Advertising Agency, of Montreal, Winnipeg and London, England, indicates great activity in the publishing field during the past year.

While the number of daily papers published in 1918 diminishes from 135 to 126—due mainly to the effect of the high cost of newsprint—the total number of Canadian publications increased from 1,490 to 1,552. Fifty-five new weeklies have arisen during the past year.

Altogether, the situation warrants optimism of the soundest nature, reflecting, as it does, the healthy condition prevailing generally from East to West of the Dominion.

Whoever examines the pages of the McKim Directory with the care they deserve cannot fail to be impressed with the great labor involved in gleaning so many thousands of items of information. Not only is the entire field of Canadian publications covered, but the Directory is a complete gazetteer of every town and city in Canada and Newfoundland where a publication is issued. One may turn to it for information as to population, county seats, railways and waterways, telegraph, express and banking facilities.

Especially with the new conditions arising daily—reconstruction, expansion, development—this book in its familiar green and red covers must earn its place on every office desk and in every business library.

IRISH-AMERICANS ARE BUSY AT PARIS

PARIS, June 18.—Messrs. Frank P. Walsh and Edward F. Dunne, American representatives of the Irish societies in the United States, have laid before President Wilson further evidence just received of alleged atrocities against political prisoners in Ireland. Some of the witnesses were American citizens, it is said, and they say they have "examined cells in which Irish revolutionists have been confined and have found fresh blood on the walls."

Messrs. Walsh and Dunne request President Wilson immediately to lay the additional facts before the peace conference and urge a prompt hearing by an impartial tribunal.

The Irish delegates have received notice from the secretary of the conference that the resolution on the Irish question by the United States Senate has been presented to the conference. They also have been informed that their previous report on atrocities has been forwarded to the State Department in Washington for transmission to Congress.

FRENCH CHAMBER HAS WARM SESSION

PARIS, June 18.—Confidence in the Government was voted in the Chamber of Deputies today, 349 to 137, following a tumultuous session during which the mutiny of the sailors of the Black Sea fleet was discussed.

Closing the debate for the Government, M. Pichon, Foreign Minister, declared the trouble was due entirely to Bolsheviki propaganda, and said the chamber "must decide between the democratic inter-Allied policy and the policy of the Socialists, who want France to abdicate before the Bolsheviki." The Minister provoked a violent outburst from the Socialists by declaring that, in his opinion, Bolshevism was lost.

Jules Delahaie, a Royalist deputy, created a violent scene by declaring that foreign money was being used for propaganda work in France, and that the Socialist party had assumed the task of circulating it in the navy, notably at Odessa and Sebastopol. The Socialists demanded that the Government make a declaration on the subject, but M. Pichon said he had no knowledge of it.

Special Mild Cured Bacon—English style, not smoked. We ask you to try this at, per lb..... **65c**

We offer Goods to the value of Five Dollars for the best answer to the rhyme of the following: "Which Came First, the Chicken or the Egg?"

WHICH GAME FIRST?

Now, reader, here's a question we would like you to debate,
And if you know the answer, then that answer please to state,
For if you solve the problem right, why, Jos would have you call
Upon him at his Yates Street store, or at his market stall—

Where you can claim the ROCKSIDE PRIZE (and take it out in rations)
For solving what has really been a puzzle to all nations.
Yes, Jos will let you take your choice of anything you please—
May roasted chicken, ham or eggs, of most delicious cheese.

Now, here's the question—Which came first, the chicken or the egg?
In asking this, you must not think Jos means to "pull your leg."
He's great at rearing chickens, for he rears them all to sell,
And maybe knows the answer, though of course he will not tell.

But just look in at at RYLANDS' STORE, for there's a wondrous show
Of little incubated chicks, who'll tell you all they know,
And though you cannot solve this question—meant to be in rhyme,
You'll know that you can get "the goods" at RYLANDS' any time.

PRINCE OF WALES COMES IN AUGUST

OTTAWA, June 18.—His Royal Highness, the Prince of Wales, is expected to arrive in Canada during the month of August, and will be present at the opening of the Canadian national exhibition at Toronto and at the official opening of the new Canadian Parliament Buildings.

The following staff will accompany him on his Canadian tour: Chief of Staff, the Marquis of Salisbury; chief private secretary, Lieut.-Col. E. M. Grigg; assistant secretary, Sir Godfrey Thomas, Bart.; equerries, Captain Lord Claude Hamilton and Captain the Hon. T. W. Leigh.

ST. BARNABAS FETE SUCCESSFUL AFFAIR

Three-Day Summer Festival Opened Yesterday Afternoon by Mayor Porter—Evening Entertainments.

The opening of the Summer fete of St. Barnabas Ladies' Guild yesterday afternoon was an auspicious feature of the event, which will continue through today and tomorrow, with evening entertainments. At 3 o'clock Mayor Porter declared the fete formally opened, and then began a busy time for the workers at the numerous stalls dotted over the lawns, large numbers of parishioners and friends finding the wares offered most attractive.

Quite near the entrance was a butterdy painting stall presided over by Miss Sinclair, where many young people tried their luck with much success. Mrs. Bousstow, Mrs. Bassett, and Mrs. Albert Jones, of the St. Cecilia Guild, had charge of an attractively arranged fancywork stall, as had also Mrs. Botteley and Mrs. Couch, together with the ever-popular generous goose. Mrs. Thomas Watson and Mrs. Morry had the plain sewing stall, and Mrs. Wootton, Mrs. Forbes and Mrs. Babington conducted a superfluities shop. Mrs. Gedrin, Mrs. Jones and Mrs. Bannerman presided over a table well stocked with delectable home-cooked products, and Miss Dalby and Miss Garnham conducted a very popular candy booth. Miss Muriel Miller found a ready sale for her lovely flowers, and Mrs. Knox and Mrs. J. Jones, who conducted the ice cream stall, were kept very busy supplying customers.

Afternoon tea was a very popular feature, this being served in the Sunday schoolroom of the church, under the direction of Miss King, assisted by the Misses Morry. Diversions for the athletically inclined included clock golf, directed by Mrs. Shade, and ladder golf, supervised by Mrs. Newcombe.

Mrs. Miller, Mrs. Vaughan, the Rector, Rev. E. G. Miller, and Rev. J. W. Flinton, Rector of St. Mark's Church, assisted materially in promoting the success of the fete.

The following artists contributed numbers to the attractive concert programme, arranged by Mrs. Vaughan, which proved an enjoyable feature of last evening's events: Miss Broley, pianoforte solo; Mrs. Wallace Whidden, song; Mrs. J. Johnstone, recitation; Rev. E. G. Miller, song; Miss G. Watson, song; Miss M. Mitchell, song; Miss Offerhaus, song; Mr. Fink, stories from France; Mrs. Smith, song; Mr. and Mrs. M. Menelaws, banjo; Miss Foote, song; Mr. Crichard, song. Accompanist, Miss Miss Miller.

This evening, commencing at 7:30, a children's fete will be presented, under the direction of Mr. Thomas Watson, with a minstrel entertainment as the special attraction, and tomorrow evening, at 8:30, a musical play will be produced by the members of St. Barnabas Sunday school.

DELIGHTFUL AFFAIR AT GOVERNMENT HOUSE

Event Held Under Auspices of Catholic Ladies' Aid Will Materially Assist Local Council's Undertaking.

Successful beyond even the most sanguine expectations of the organizers was the garden fete held yesterday afternoon under the auspices of the Catholic Ladies' Aid, on the grounds of Government House, which were thrown open to the public through the kindness of His Honor the Lieutenant Governor and Lady Barnard. The event, which was organized to assist the Local Council of Women to complete the furnishings of their new club for girls, was largely attended, approximately 1,000 friends interested in the worthy undertaking of the Council being present and enjoying the attractive features offered, in addition to the delights of the lovely gardens.

From 3 until 5 o'clock an excellent programme was furnished by the Foundation Band under the leadership of Bandmaster Lou Turner, their services having been available through the courtesy of Mr. Edward E. Jenkins, assistant Pacific Coast manager of the Foundation company. From 5 until 7 a variety entertainment, arranged by Mrs. H. E. Bridges, president of the Ladies' Aid, was given on the lower terrace and proved a very delightful feature.

Miss Kathleen Leslie rendered a number of very pleasing songs and contributed a dance, "La Belle Parisienne," from "The Belle of New York," and a character impersonation that made a big hit. Miss Olive Detlor, a new-comer in local musical circles, received a warm encore to her number, "Angus MacDonald," to which she responded with a bright little gem. Others who rendered pleasing vocal numbers were Mrs. Day, Miss Gertie Burgess, Mrs. Hamlet, little Miss Beari Bayton and Baby Burnett, Master Bassett, a talented young violinist played a charming selection. Miss Berenice Ruddock interpreted the "Spring Dance" very gracefully and Miss Leona Hunter contributed a Spanish dance, while Miss Addie Morris' performance of a Romany Song and Dance was extremely popular. Ensemble numbers included "La Tarantelle," Old English Folk dance and Irish Folk Dance by the V. D. O. S. Club, numbering the Misses Hunter, Jewell, Welsh, Youngs, Taylor, Duncan, Bailey, Smith, Cruickshanks and Enid Ruddock, soloist. Much enjoyment was derived from the accompaniments of the orchestra, comprising Mrs. F. Warren, pianist; Mrs. Roberts, first violin; Miss W. Scowcroft, second violin and Mr. Staples, 'cello.

Mrs. Goulding and Mrs. Duncan, Miss George and Miss Scanlan assisted by a bevy of charming young ladies directed the tea arrangements, while Mrs. Baines, Mrs. McSweyn and Mrs. Milton served ice cream. The Misses Evelyn and Irene Moses served soft drinks and Mrs. Orme and Miss Nellie Redgrave sold candy at a very attractive stall. Mrs. Clarke, Mrs. Jewell and Mrs. Philion saw that the bandsmen were served with refreshments and refreshing beverages. Mrs. J. Lowery conducted a "flower surprise," a distinct novelty, and Mrs. Moore was in considerable demand by persons curious as to their future. Baby Pollard was a winsome little flower girl and Margaret and Eugene Philion were two charming little pages, who disposed of programmes for a nominal sum, thereby augmenting substantially the receipts of the evening.

I. O. D. E. DELEGATE BACK FROM TORONTO

Mrs. Hasell Outlines Work of National Chapter, I. O. D. E., at the Recent Annual Meeting.

Mrs. Hasell, the delegate from British Columbia to the annual meeting of the National Chapter, I. O. D. E. in Canada, has returned from the East, and reports a successful and most representative gathering. The Order mustered from the Yukon to Halifax, and there were present at the daily sessions from three to four hundred members.

The national treasurer's report was most interesting, and, since results speak their plainest language in figures, the public will be pleased to know that, during 1918, there was raised by the order in Canada a sum amounting to $1,138,295.27, while the total since August 4, 1914, has reached the sum of $5,500,000. As the itemized statements from the reports show a steady annual increase, this remarkable result is a standing proof of the value of organization and co-operation.

The Chapters feel that, all over the Dominion they form members of one family, and are united, whether in war or peace, in going about "the King's business." This, when faithfully carried out, means that they are also minding their country's business, and their own.

The report of the educational secretary, Mrs. G. H. Smith, was both the ideals and the special work by which these may be maintained, very nearly at heart, and her statistics prove both the necessity and the value of promoting and furthering to the utmost that is in our power the teaching of imperial history in our schools, and the fostering of both ideals and citizenship in those widely spread districts in the Dominion where the population is to be a large proportion foreign born.

A sum of $2,735.85 had been expended during the year on books, and $851.54 for pictures, and there was a balance of $2,681.53 on hand for orders as yet unfilled.

A resolution that the I. O. D. E. should establish a War Memorial in connection with the educational activities of the order was passed unanimously.

Duchess of Devonshire's Visit

On Thursday afternoon Her Excellency the Duchess of Devonshire, who is honorary president of the order in Canada, graced the meeting with her presence, and expressed herself as delighted with the national reports of the National Chapter which were then presented. A note of sadness dominated the gathering at the remembrance that the president, Mrs. A. E. Gooderham, was making her farewell address. Mrs. Gooderham having announced at the last annual meeting that she could not continue in office after this year.

In pinning on the beautiful jewelled badge, which was the united offering to Mrs. Gooderham from the chapters throughout Canada, Her Excellency referred to the faithful and single-minded service Mrs. Gooderham had rendered the order, especially during the four terrible years just ended, and expressed her pleasure at being permitted to thus "decorate" one who had been indeed a true soldier and servant to King and Empire. Mrs. Gooderham, who was sailing for the old country in a few days, received a hearty God speed from the meeting and her numerous friends assembled there.

Mrs. John Bruce, the national treasurer for eighteen years, received an exquisitely illuminated address in silver frame with case, while to Mrs. George Smith a magnificent basket of flowers was presented.

Mrs. Clarke Murray, the foundress of the order in Canada, had, earlier in the meeting preceding, received a jewelled badge from her co-workers in the City of Montreal.

One of the resolutions which passed with the greatest enthusiasm was a response to an appeal made by a delegate on behalf of large districts round about Edmonton, where there was only one doctor to sixty miles and "no nurse." The country was thinly settled, but there was a large mining population. The "whole house rose" to the suggestion that a fund be opened, to be called the "Mary Gooderham Emergency Fund," and that such fund might be drawn upon for this and similar emergencies as they might recur in remoter districts opened up for industries and population throughout the Dominion.

India Included in Field

That re-affiliation with the National Council of Women was passed by a large majority vote is another matter for congratulation, and a special note was struck in recommending that India be regarded as a very important field for the order's activities.

Completed provincial organization throughout Canada was decided should be carried out during the year, if possible.

Other business will appear in the detailed report. It is sufficient for the present to dwell upon the delightful hospitality of the Municipal Chapter in Montreal, where various luncheons, a tea at the Hunt Club, and an evening reception at the Art Gallery pleasantly relieved the courses of business sessions, while the final gathering at Quebec was indeed a fitting close to a wonderful and most interesting week. Here the delegates were received and entertained by the Municipal Chapter, and spent the day in seeing the beautiful and historic city, ending up with tea at Spencerwood, the residence of Lieutenant-Governor and Lady Fitzpatrick. Mrs. Hasell had been the guest of Mrs. J. C. McLimont over the week end. En route home, Mrs. Hasell visited the Mesdines Ridge Chapter (Revelstoke) and the Walhachin Chapter (Walhachin), and found the deepest interest existing in the work and future of the order, especially in the British Columbia record, which had stood second among the provinces.

The cities of Vancouver and Victoria were ably represented by Mrs. H. C. Drummond and Mrs. David Miller, who will present their own reports and impressions of this historic gathering.

PUBLIC NOW TOLD ALL ABOUT TANLAC

World's Leading Authorities Are Quoted and They Show Conclusively Just What This Medicine Really Is.

In a recent issue of this paper announcement was made that Tanlac now has the largest sale of any medicine of its kind in the world, and that more than twelve million bottles had been sold during the past four years.

These are unusual figures, and the question naturally arises in the mind of the reader why this phenomenal success and why has this preparation so far out-stripped all other medicines of its kind. It is only natural therefore that the manufacturers should offer some explanation to satisfy public interest.

In the first place, Tanlac is manufactured in one of the largest and most modernly equipped laboratories in this country. Its formula is purely ethical and complies with all national and state pure food and drug laws. Altogether there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began, and some of them have been used and prescribed by leading physicians everywhere, but until they were brought together in proper proportion and association as in the Tanlac formula, humanity had not heretofore realized their full value and effect.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has long been the source of the most valuable tonic medicines that have ever been discovered." In referring to others of the general tonic drugs contained in Tanlac the 13th Edition of Potter's Therapeutics, a standard medical text book, states that—"they impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac which is of value in treating what is commonly known as "a run-down condition," uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their influence upon the appetite, digestion, assimilation and elimination improve the nutrition and vital activity of all the tissues and organs of the body, and produce that state of general tonicity which is called health.

In discussing another ingredient the Eycyclopedia Britannica says: "It is one of the most efficient of that class of substances which act upon the stomach so as to invigorate digestion and thereby increase the general nutrition. It is used in dyspepsia, chlorosis, anemia and various other diseases in which the tone of the stomach and alimentary canal is deficient." Concerning still another ingredient this same standard authority says: "It causes dilation of the gastric blood vessels, increases secretion of the gastric juice, and causes greater activity in the movements of the muscular layers in the walls of the stomach. It also tends to lessen the sensibility of the stomach, and so may relieve gastric pain."

The United States Dispensatory makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required. Dyspepsia, atonic gout hysteria, and intermittent fever are among the many affections in which it has proven useful."

There are certain other ingredients described in the Dispensatory and in other standard medical text books as having a beneficial action upon the organs of secretion, whose proper functioning results in the purification of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed, and the entire system is invigorated and vitalized.

Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste products must therefore have a far-reaching and most beneficial effect upon the entire system.

Although Tanlac's claims for supremacy are abundantly supported by the world's leading authorities; it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it, and have told other millions what it has done for them. That is why Tanlac has become the real sensation of the drug trade in this country, and that is also why it is the most talked-of medicine in the world today.

Tanlac is sold in Victoria by D. E. Campbell. (Advt.)

DOCTOR DISCOVERS CURE FOR INFLUENZA

NEW YORK, June 18.—Influenza and pneumonia are no more to be feared than a boil on the back of your neck, according to Dr. Charles H. Duncan, one of the founders of the volunteer hospital, who, in an address here yesterday before the convention of the allied medical associations of America, described his method of combatting the disease by means of immunising the patient to his own poison.

Upon 246 patients ill with pneumonia and influenza last Winter, Dr. Duncan said, he had used the treatment "without a single fatality or any complications."

"Briefly," the physician said, "I take one drachm of mucus from the infected area and pasteurize it in one ounce of filtered water, where it remains several hours. One cubic centimetre of this toxine injected sub-cutaneously, will effect a spontaneous cure of Spanish influenza, pneumonia, enterra or any similar localized infection. It will stop any cough, except tuberculosis, inside of 24 hours."

Dr. G. F. Laidlaw, professor of the history of medicine and diagnosis at Flower Hospital, in discussing the method, said that the discoverer had "solved a problem that has been germinating in medicine for 2,000 years."

MOLLA BJURSTADT WINS AGAIN IN NATIONAL TENNIS

PHILADELPHIA, June 18.—Miss Molla Bjursted, the title holder; Mrs. George Wightman, Miss Marion Zinderstein and Miss Leslie Bancroft, of Boston; Miss Claire Cassel and Miss Marie Wagner, New York, and Miss Annie Townsend and Mrs. Gilbert Harvey, Philadelphia, were the survivors of today's play in the women's national lawn tennis tournament at the Philadelphia Cricket Club.

One of the most sensational matches of the tournament was that between Mrs. Wightman and Miss Eleanor Goss, of New York, in the third round today, which Mrs. Wightman won after three hard fought sets, 6-3, 4-6, 6-3.

Miss Bjurstedt came through the third round with the loss of but one game to Mrs. Clement Wainwright, of Philadelphia, whom she defeated 6-0, 6-1.

MAKING PLANS FOR P. N. A. CHAMPIONSHIPS

V.I.A.A. Committees Plan Extensive Arrangements for Visiting Swimmers—Entries Expected From All Big Clubs

At the meeting of the Pacific Northwest Association's swimming, diving and water polo championship committee, which is composed of Messrs. Stanley Warn, Harry Boyd, D. Grubb and Supt. W. H. Davies, at the V.I.A.A. Summer home at the Gorge yesterday evening, the programme of events were drawn up for the championships and accepted by the committee, and programmes will immediately be printed and sent to practically every big club or association on the Pacific Coast, together with a letter soliciting entries for the championships and a short description of the proposed entertaining features which the local club is preparing for the visiting swimmers.

At a meeting of the executive committee, held last Friday evening, it was decided to make the 19th of July a red letter day for Victoria in regard to international athletic competitions. Word has already been received that practically all of the big clubs in the Northwest will be represented, with a record list of entries, and there is a possibility of the Olympic Club of San Francisco and the Los Angeles Athletic Club sending some of their stars to compete for the championships.

The local club, through its entertainment committee, intends to make the visit of the American and Canadian athletes as enjoyable as possible. No definite plans have as yet been decided on, but mention has been made of a big banquet to follow the meet and a "Mermaid's" and "Mermen's" ball in the evening. The club's new quarters at Curtis Point furnish many features, which will be very attractive to the visitors, and the club is in a splendid position to arrange some very choice entertaining features, which should help to make a big impression on the visitors. One feature in connection with the gala will be that the events for lady swimmers will be run concurrently with the events for men swimmers. Two courses will be laid out and the events for the two sexes will be run together at the same time. The programme of events is as follows:

1, 50 yards dash (men); 2, 50 yards dash (women); 3, plunge for distance (men); 4, plunge for distance (women); 5, 220 yards swim, free style (men); 6, fancy diving, 10-foot board (men); 7, fancy diving, 10-foot board (women); 8, 100 yards dash (men); 9, 100 yards dash (women); 10, 500 yards breast stroke (men); 11, 500 yeards breast stroke (women); 12, 50 yards back stroke (men); 13, 50 yards back stroke (women); 14, 500 yards free style (men); 15, 500 yards free style (women); 16, high diving (men); 17, high diving (women); 18, water polo (final).

Comical and entertaining features will be staged in between some of the races to allow the contestants a little time for rest.

NANAIMO BOXERS ARE LOSING ENTHUSIASM

Tommy Moore Unable to Send Down Entries for Saturday's Tournament — Vancouver Scrappers May Fill Breach.

According to Tommy Moore, of the Western Pastime Club, Nanaimo will not be able to send representatives to the V.I.A.A. Tourney on Saturday evening. Moore claims that the Nanaimo boys seem to have tired of boxing and it is impossible for him to get anything started. The club officials have been compelled to postpone their big tournament, which they hoped to stage on July 1 in connection with the entertaining features which are to be held in the Coal City on that day. This places the V.I.A.A. Committee in a position where they will have to look elsewhere for competition for two of their entries, Harold Lineham at 125 and E. Ford at 135 lbs.

A telegram has been sent to Vancouver asking for two boys from that city. The Foundation Club has also been asked to enter Martin; the officials are willing, but Martin has not, up to the present time, accepted the match. In the event of this match being made, Martin will be matched with either Ford or Andros, and either one should prove to be a worthy opponent for the Foundation crack.

All of the V.I.A.A. entries had their most strenuous boxing work out at the Crystal Theatre last evening; the boys boxed six fast rounds each, and a person to watch them in action would have thought that they were competing for the world's championship, as they were mixing it up fast and furiously. It is quite apparent that if the outside entries are in the splendid condition of the V. I. entries the fans are surely going to see some milling of the finest kind. The boys will take a light workout again tonight at the Crystal Theatre, and tomorrow night they will rest up and get their beauty sleep, so that they will be fresh for the heavy work on Saturday evening.

BIG CRICKET SCORES RECALL LOCAL RECORDS

To the Sporting Editor.

Sir,—Regarding the results and the big scores being made in English County Cricket, which you are publishing in your columns, and referring more particularly to the Middlesex and Hampshire match, wherein Hearne made 218 and Hendron 201 not out, including 325 in partnership, I would like to repeat the fact (it is nice not to forget these things) of a big score made in Victoria on the Jubilee Hospital grounds in 1913, when Beecham and Twynham, playing for the Burrard C. C. made 249 not out, and 107 respectively, and 450 runs for three wickets, thus establishing two records. The highest score for first wicket and the biggest score for three wickets for Canada. Poor "Billy" Twynham, then the captain of Burrard, now "lies sleeping" in Flanders Fields.

GEORGE J. DYKE.
Ex-President Burrard C. C., 207 Pemberton Bldg., Victoria, B. C.

SPOKANE GOLF RESULTS

SPOKANE, June 18.—Favorites ruled the day in the two rounds of the amateur championship event of the Pacific Northwest Golf Association tournament here today, well-known players, many of them former titleholders, carrying off victories.

In the second 18 holes of the event this afternoon Claire Griswold, Seattle, won from T. Rongerud, Seattle, 3 up and 2 to play; Dixie Fleager, Seattle, beat W. J. Noonan, Tacoma, 7 and 6 Heine Schmidt, Aberdeen, defeated G. H. Raleigh, Tacoma, 3 and 2; E. J. Barker, Butte, whipped Jack Ballinger, Seattle, 6 and 5; Bon Stein, Seattle, won over R. Bone, Vancouver, B.C., 5 and 4; Clark Spiers, Seattle, outplayed J. J. Dempsey, Seattle, 7 and 6; Paul Ford, Seattle, defeated J. B. Ingersoll, Spokane, 6 and 5; Rudy Wilhelm, Portland, was victor over Forrest Watson, Portland, 7 and 6.

Events on the card for tomorrow include 18 holes of the amateur champpionship for men and 18 holes of the women's Pacific Northwest championship.

Another event is the match team play of 18 holes for the C. H. Davis, jr., trophy.

LACROSSE PLAYERS ARE AT TOP OF FORM

Real Old-Time Brand of Canada's National Game Will Be Seen on Saturday in Victoria.

From all indications, lacrosse is coming into its own again. During the war the grand old game fell upon lean days, there was but little interest taken in sports of any kind, while the best of the younger players were in the uniform of their country. Now that the boys are homing again, the strenuous work of the lacrosse field has a strong appeal, and the good old struggles of years ago give promise of being revived again. Victoria, Vancouver and New Westminster, old rivals of the lacrosse field, are again in harness, all determined to win first place. Before this question is finally disposed of some first class playing will be witnessed.

The game on Saturday will be of the old-time order, and lovers of the national game of Canada will have an opportunity of seeing a brand of lacrosse played which could not be surpassed anywhere. The Victoria (Foundation) team will be playing at top form, and it is almost needless to state that the New Westminster stars will be equally fit when the whistle blows.

Since the last game there has been one or more changes in the line-up of the wearers of the green and white. Pottinger will very likely be playing first defense, while either Munro, just returned from overseas, or Johnny Johnson will be slated to check Storme, the sensational player, who has won a deservedly classy reputation by his performances against Vancouver last week, when he netted four goals, practically in succession. Nobody on the local team seems to worry about him, however, but every attention will be tendered him while the game is on nevertheless. Hard checking is going to be the rule and the battle is going to be a thriller from the start.

INTERMEDIATE BASEBALL

The results of Tuesday night's games in the intermediate baseball league were as follows:

Beavers 8, Hills 5; Victoria West 4, North Ward 2; Oak Bays 13, Reliables 5.

The standing to date is:

	W.	L.	Pct.
Oak Bay	3	0	1.000
Beavers	4	1	.800
Victoria West	4	1	.800
Gorge	3	1	.750
Hills	2	2	.500
North Wards	2	2	.500
Reliables	1	4	.200
Crusaders	0	4	.000
Civil Service	0	4	.000

The employees of the Provincial Government have entered a team in the league, and will take the place of the Centrals, who dropped out after last Thursday's game.

The home grounds of the Civil Service will be at Heywood Avenue, Beacon Hill Park, on the old camp site of the 143rd Battalion.

The next games will be played tonight between the Civil Service and the Gorge, at Victoria West, the Hills and the Oak Bays at Oak Bay Park, the Crusaders and the North Wards at North Ward park, and the Wests and Reliables at Beacon Hill.

COLONIST NEWSBOYS WIN FROM THE TIMES

The Colonist newsboys upheld the honor of the morning paper in a baseball game against the representatives of the evening journal yesterday evening at North Ward Park, winning by 26 to 10. The batteries were Hughes and McNaughton for The Colonist and Banner and Mawhiney for The Times, the line-up being as follows:

Colonist—	Position	Times
El McNaughton	c	R. Mawhiney
F. Hughes	p	R. Banner
E. Kenny	1b	S. Mawhiney
H. Griffiths	2b	S. Plumb
J. Veitch	ss	O. Adams
C. Hilton	3b	M. Doane
H. Hanbury	lf	F. McQueen
E. Leach	cf	D. Cox
W. Clark	rf	A. Watkins

ROYAL HUNT CUP WON BY IRISH ELEGANCE

Favorite Runs Third in Big Ascot Race—Full Results of Yesterday's Events at Classical Meet.

LONDON, June 18.—The Royal Hunt Cup, a weight-for-age handicap for the purse of £2,090, and the cup, seven furlongs and 166 yards, run today at Ascot, was won by Mr. James White's four-year-old chestnut colt Irish Elegance, by Sir Archibald-Sweet Clorane, a 7 to 1 shot. Lord Jersey's four-year-old chestnut colt Arion, by Valens-Posthorn, 100 to 8, was second, and Sir Hedworth Meux's five-year-old brown horse Danzellon, by Chaucer-Tortor, 2 to 1, was third.

Following are the results of races run yesterday at Ascot:

The Coventry Stakes of £10 each, with £1,000 added, for two-year-olds, five furlongs, was won by Mr. J. Buchanan's gray colt Sarchedon, by The Tetrarch-Perfect Beach, a heavily-backed favorite, at starting price of 15 to 8; Mr. W. Rappsell's gray colt Poltava, by Polymelus-Tagale, 5 to 2, was second; and Lord Sefton's chestnut colt, Marshal Neil, by Neil Gow-May Lily, 10 to 1, was third. Eight ran.

The Prince of Wales' Stakes of £50 each, with £500 added, for three-year-olds, over the new course, about one mile and five furlongs, was won by Lord Glanely's bay colt Dominion, by Polymelus-Osyrua, a 2 to 1 favorite. Mr. J. Buchanan's bay colt Splendid Spur, by Prince Palatine-Lady Jess, 10 to 1, was second, and Sir G. Murray's brown colt Coriolanus, by Polymelus-Pola, 6 to 1, was third.

The Gold Vase, a weight-for-age handicap, for a purse of £1,140, over a two-mile course, was won by Onyx, a strong favorite, which went to the post at 2 to 1. Lord Glanely's three-year-old bay colt Royal Welsh, by St. Amanth-Royal Applause, 10 to 1, was second; and Major J. A. De Rothschild's three-year-old chestnut filly Kaboodles, by Sardanapole-Mrs. Kendall, 100 to 7, was third.

The Ascot Stakes, a weight-for-age handicap, for purse of £1,975 over a two-mile course, was won by Mr. W. M. Cazalet's seven-year-old brown horse Haki, by Rabelais-Hasseki, 9 to 1. Mr. B. W. Parr's four-year-old brown filly Silver Bridge, by Bridge of Earn-Queen Silver, 100 to 8, was second; and Mr. C. W. Christensen's four-year-old bay colt Langdon Mills, by Troutbeck-Proud Beauty, 10 to 1, was third.

TWO JACKS' BILLIARDS

Following are the results of recent games decided in the Two Jacks' English billiard handicap:

Leisar, R 50, won from Wright, R 75, by 3 points.

Bennett, O 50, won from Richardson, R 50, by 16 points.

Railton, O100, won from Harper, O 50, by 14 points.

Anderson, R 50, won from Parsons, R 50, by 3 points.

King, R 125, won from Stilwell, R 75, by 12 points.

Hunt, O 50, won from Vincent, R 50, by 18 points.

Moonnigse won from Barker R 25, by 9 points.

Hibberson, O 100, won from Semerton, R 50, by 40 odd.

B. McIlmoyl, R 100, won from Holt, R 25, by 25 points.

No high breaks were recorded in above games. E. Moss (sc.) has high break to date with 40 which just tops Bert Irish (O-200) 70 break in proportion to handicap.

The last games in the first heat will be played tonight when, Penketh (O.50) meets Pendelbury (sc.) A. Petch (O.50) meets Frost (O100). Down (sc.) meets Oakes (O.50).

These games should be very interesting and some close finishes are expected.

QUEEN'S CLUB TENNIS

LONDON, June 18.—Lawn tennis championships at Queen's Club, London, resulted as follows:

First round, Beningfield, ex-champion Natal, beaut Lieut.-Col. McAvity, Canada, 6-1, 8-6, 6-3.

A. C. Wiswell had a walk-over, A. B. Raymond being scratched by request, owing to his popularity and the demand for his services as umpire.

FOUNDATIONS TAKE TEN-INNING FIGHT

Jimmy Holness Driven From Mound, But Shipyard Boys Stage Last-Minute Rally and Win Contest.

It required ten innings to decide the battle between the Foundation and Canadian Collieries City League teams last evening. Up till the last from the shipyard men and the coal miners raced neck and neck, the Foundations coming from behind in the ninth inning and scoring a run in the last half that brought the two teams even, 9 to 9. In the tenth inning the Collieries men drove another tally across, and their supporters felt they had the game secure, but the Foundations were equal to the situation, and by bunching their hits scored two tallies—enough to take the contest.

There were plenty of hits and errors yesterday, but the rivalry of the two aggregations, plus the closeness of the game at all stages, provided compensating thrills that sent the fans home with the feeling that they had witnessed a game of the top-notch variety.

Carne, on the mound for the Collieries, although he allowed sixteen hits, some of which might have gone for errors had the scorer been less gentle with the fielders, had the Shipyard sluggers guessing a good deal of the time, and he fanned eleven of them. Jimmy Holness was batted out of the box early in the game. Ross, who relieved him, pitched fair ball, but was not invincible.

Bob Milne's playing was one of the features of the game. Playing a snappy game around the keystone sack for the Collieries, he hit safely four times, taking two doubles. Harry Copas, Pringle and Walt Gravlin managed to get three hits apiece, the latter securing a three-bagger and a couple of two-base hits.

The box score follows:

Canadian Collieries, Ltd.—	AB.	R.	H.	PO.	A.	E.
R. Copas, 3b	6	2	2	2	0	0
Milne, 2b	6	1	4	4	3	0
Townsley, c	5	0	2	12	0	0
Cummins, 1b	5	0	2	4	0	2
Steele, cf	6	0	1	2	2	0
Baker, lf	5	1	3	1	0	0
James, rf	4	1	0	1	0	0
Stevens, ss	0	0	0	0	0	1
H. Copas, ss	5	3	3	4	3	0

Foundations .... 031 003 001 3—11

Summary—Three-base hits—W. Gravlin. Two-base hits—R. Copas, Milne (2), Cummins; Pringle, W. Gravlin (2). Sacrifice hits—Carne. Stolen bases—Moran, P. Gravlin (5), W. Gravlin (3), Lalonde; R. Copas, Milne (2), Townsley, H. Copas. Struck out—By Carne, 11; Holness 0, Ross 4. Double plays—Steele to Milne. Bases on balls—Off Carne 3; Holness 0, Ross 2. Time of game, 2 hrs. 15 min. Umpires, Oatman and Whyte.

CONGOS SCORE WIN OVER NOMAD ELEVEN

The cricket game played at Beacon Hill yesterday afternoon between the Congregational Wednesday team and the Nomads resulted in a win for the former by 88 to 45. A sporting game on a sporting wicket made a better contest than the scores might indicate. Worthington's 41, by sound and forceful cricket, and a well played 14 by George Leeming, were the top scores of their respective sides, while Stevens, with 6 for 13, and Kirkham, with 6 for 15, featured the bowling of the rival teams. The score:

Nomads' first innings

G. Freeman, b Stevens	1
Geo. Leeming, b Stevens	3
Kirkham, b Stevens	5
Booth, c Worthington b Stevens	2
Jamieson, c Worthington b Stevens	2
Campbell, b Worthington	5
Johnson, b Worthington	0
Geo. Leeming, b Worthington	11
Gardiner, b Stevens	2
Hannen, b Worthington	1
Taylor, not out	2

Total	45

Congregationals' first innings

Stevens, b Leeming	9
Adams, b Kirkham	5
Wyles, c Booth, b Kirkham	1
Worthington, b Kirkham	41
Hay, b Kirkham	2
Silburn, run out	2
Buss, c and b Leeming	1
Evans, b Kirkham	12
Cull, not out	0
McConnel c Jamieson b Kirkham	0
Extras	13
Total	88

SNIPERS WIN AGAIN

The Snipers met the Wanderers last night on the Central School diamond in the play-off of their last game, which resulted in a tie. This time the Snipers made no mistake, and won the game by 7 to 3 after a fast contest. Wright and Thacker formed the battery for the winners, Dangerfield and Salloway for the Wanderers.

NANAIMO CRICKETERS DEFEATED BY LOCALS

Hindmarch Was Top Scorer of the Game—Return Match Arranged for August 2 at Nanaimo.

A very sporting little game was the result of the visit of the Nanaimo cricketers to the city yesterday, when they met an eleven, skippered by Mr. Hubert Lethaby, at the Jubilee Hospital.

Mr. Lethaby had got together a strong side to play the up-island men and, considering the limited facilities which the Nanaimo team has for regular play, the showing they made against the locals was very creditable, although they had to acknowledge defeat by a fairly wide margin.

Nanaimo batted first, and, with the exception of Hindmarch and Paul, were unable to do very much against the bowling of Sparks and Wilson. Hindmarch played good cricket for his 23, which was the highest score of his side and Paul just managed to get into double figures.

Hindmarch's 23 was the highest score of the game and he also had the best bowling average for his side. None of the Victoria batsmen made a big score, though Lethaby was playing steady cricket for his 15, and Goward looked as though he might ran up a score when he had made 19, in which were included a six and two fours, but a good one from Hindmarch spread his stumps. There were seven of the Victoria side's wickets down and 76 runs scored when their innings was declared closed, and the Nanaimo men were sent in to have another knock, in which they totalled 66 for 8 wickets down.

Although not an exciting match, it was a very enjoyable game. The Nanaimo cricketers are a fine sporting lot of men, and their visit for this annual engagement is always looked forward to with pleasure on both sides. Mr. Lethaby has arranged to take a team to play a return match in Nanaimo on August 2, the date of the inter-city game between Victoria and Vancouver at Vancouver.

Tea was served to the teams without charge, the arrangements being in the capable hands of Mrs. Laurence, and this hospitality was extended to all the spectators who cared to avail themselves of it, many of whom did so with great appreciation. The full score of the game follows:

Nanaimo C. C.'s First Innings:

W. Newberry Sr., b Sparks	3
A. Paul b Sparks	10
F. Jepson c and b Wilson	1
W. Newberry Jr., b Wilson	3
J. F. Edge-Partington b Sparks	0
R. R. Hindmarch b Sparks	23
P. Cowman b Wilson	0
N. Wright st Freeman b Wilson	1
E. Marshall, not out	1
J. Filmer b Sparks	0
M. Armstrong c Laurence b Matson	4

Variety — Mabel Normand in "Mickey."
Romano—Kitty Gordon in "Mandalin's Gold."

PANTAGES THEATRE To the psychologists it appears that the Orient and the Far East are far superior to the Occident in point of philosophy and wisdom. That Japan gives to the stage of the Occident all its marvellous illusionists and jugglers, is a well known fact. That the synical teachings of the modern European and American philosophers are based either upon the epigrams and teachings of the Koran, or the dogmas of Confucius is also quite apparent to those familiar with the subject. But it was not until Kajiyama appeared recently at the New York Hippodrome in his famous demonstration of quadruple concentration that the Occidental wise men realized that the Orient, if educated to the ideas of the whites, could also surpass the mathematicians and mental wizards of the Caucasian race. Kajiyama appears as an added attraction at Pantages this week, performing his almost marvellous task of doing four separate and individual things at the one time. Kajiyama does these things perfectly and with no effort. He writes four different sets of figures at once; and he translates from his native Japanese while taking dictation from his audience at the same moment.

ROYAL THEATRE Something new is about the best way to express the marvelous Spirit Paintings which Alexander, "The Man Who Knows," who is now at the Royal Victoria Theatre, offered for the first time in Victoria when he reproduced lifelike paintings, in all their natural colors, of Major-General Sir Arthur Currie and the late Premier Brewster.

The seer passes into the audience with fifty cards and envelopes in his hand, which he distributes to the audience. He then invites them to write upon the card some famous painting, lost relative, personage, or in fact any subject known to at least two people in the audience. The cards are then collected and from the fifty the pictures to be reproduced are selected by a person in the audience without Alexander seeing which is selected. The painting is then reproduced in a short space of time.

Those of Major-General Currie and Premier Brewster were especially colorful and lifelike and excited no end of comment from the audience. Pictures of equal interest are reproduced at every performance and will be until the Alexander engagement is completed. He will be at the Royal Victoria until Saturday evening with a ladies only souvenir matinee on Friday and a general matinee on Saturday.

DOMINION THEATRE Miss Frederick was an actress on the stage for many years before she entered the silent drama and her success in the legitimate was remarkable. Her first screen appearance was in the superb Paramount picturisation of Hall Caine's great novel of "The Eternal City," which scored an immense success and which recently was re-issued by Paramount in response to a popular demand for its reproduction. Miss Frederick is starred in "Paid in Full," the fascinating photodrama, which is being displayed on the Dominion screen this week. The supporting cast includes Robert Cain, Wyndham Standing, Frank Losee, Vera Beresford and others.

PAULINE FREDERICK
One of the screen's most versatile stars, is featured on the Dominion screen this week in "Paid in Full," a fascinating photodrama, which enjoyed a phenomenal success during its presentation as a stage production.

VARIETY THEATRE Neil Moret, the popular song writer, gave the "Mickey" cast a great surprise at their studio one day by an unexpected music recital in which he serenaded Mickey. There were many exclamations of delight, of course, since no one had imagined he had even seen any of the scenes in this great photoplay, which will be shown at the Variety again today. Miss Normand, particularly, was pleased with the song, which brought out in such sweet and melodious music the very spirit of the photoplay.

Today this song, which the photoplay inspired, is proving one of the most popular hits of the year, one million copies having already been sold to the public, song and dance records having been made by the leading talking machine companies and piano roll companies.

PRINCESS THEATRE The singing of pretty and catchy songs by some of Victoria's leading vocalists will be an outstanding feature of "The Pantomime Rehearsal," the musical comedy which opens at the Princess Theatre on Saturday evening. The many gifted singers include Mrs. D'Oyly Rochfort, Mrs. D. B. McConnan and others too well known to require any introduction to Victorians. They will be assisted by a splendid chorus and a musical treat is assured. The play itself is brimful of humor with side-splitting situations predominating. The box office plan is made and reservations can be made by personal application or by telephone.

COLUMBIA THEATRE Charlie Chaplin, the world's most famous screen comedian, is the stellar attraction at the Columbia this week-end, appearing in his latest special release, "Chase Me, Charlie." The name alone promises heaps of fun, but with a film of five parts, each one of which is brimful of amusing incidents, Columbia patrons are assured a most enjoyable hour. Another thrilling episode of the Universal serial, "The Lure of the Circus," starring Eddie Polo, will be shown on the same programme, rounding out an exceptionally good programme.

ALEXANDER ANSWERS MANY MORE QUESTIONS

Dozens of Perplexed People Appeal to Man of Mystery for Enlightenment on Variety of Subjects.

Selecting at random from a pile of letters; letters that are perfumed, letters in large envelopes, letters in highly colored envelopes, letters in boxes, and, in fact, letters in every form, Alexander, "The Man Who Knows," sat down at his little typewriter and automatically wrote answers to the first sixteen selected. They deal with almost every situation that the human mind might want to know about. Alexander will be at the Royal Victoria until Saturday night and until that time The Colonist will print each day fifteen or more questions from readers with Alexander's answers. Mail your query to Alexander, in care of The Colonist, and it will receive attention. The following are today's:

F. T.—Sir; my wife intends taking a trip to the Old Country. Is it the right thing to do and will she be satisfied after having done so? A.—Yes; let your wife take the trip. It will do her a world of good and she will be satisfied.

C. L. H.—What are my financial prospects? A.—Very good for the future.

F. C.—Will I marry the professional man of my acquaintance, and, if so, in 1919 or 1920? A.—Yes, you will marry him in 1920.

C. F.—Shall I take up land? If so, would it be successful and would my eldest son like the life or could we do better in any other way? A.—Take up the land. It will mean success for your eldest son and he will take to the life.

J. N. E.—Is it a successful proposition I have in mind of taking invalids in my home for care? Will my husband and I be in a position to take a trip to my home in Ontario next year? A.—Your proposition will be very successful. Your husband and you will be able to take the trip next year.

K. M. J.—Shall I follow and make a success of the profession I am aiming for, and, if not, what shall I follow? A.—Follow the profession you are aiming for. Put your time and attention to it and you will have success.

D. P.—Have I met my future husband? If so, where? A.—No, you have not met your future husband, but will the first of next year.

W. H. H.—Will my husband get well from his illness? A.—Yes, but it will take time.

L. P.—I am making a change. Will it be a success? A.—Make the change. It means success for you.

A. S.—Am I going to marry the boy I am keeping company with now? A.—Yes, and he will make you a good husband.

M. M. M.—Would you please tell me if I am to go on a trip to Scotland this month? A.—No, you will not go this month, but will later on.

L. W.—Will my husband and I secure a good farm this Fall and make a success of it? A.—You will get a farm, and your success lies there.

J. M. R.—Is the tall, dark young man I used to know in the year 1908 still alive? Has he married? Shall I ever see him again? A.—The dark man you used to know is married and living in the States. You will never see him again.

M. C. L.—What prospects are there for selling our home and when? A.—You will sell your home this Fall. But my advice to you is to hold it.

G. F.—Will you be kind enough to tell me if I shall be going to England this year or not? A.—You will go to England next year.

I. D.—Have I met the man I am going to marry. If so, where is he now and when will I marry? A.—No, you have not met the man, but will meet a man that will mean the world to you this Summer.

Notesh: "Why don't you pay your debts? You've got the money." Slowpay: "Yes, but I shouldn't have it if I was to pay my debts."

Every Room
SHOULD RECEIVE
THIS TREATMENT
The housewife of today is not content to confine her brightening and polishing to the "company" part of the house. Every room—even the bedroom—is kept clean and bright by the occasional use of O-Cedar Polish.
Thousands of home-loving women now believe that a can or bottle of O-Cedar Polish is as necessary to the home as the furniture itself.
Not only your furniture, but your floors may be kept clean and bright by the O-Cedar treatment. The O-Cedar Polish Mop gives them a polish such as no other treatment can reveal.
You will find O-Cedar Polish (in 25 cent to $1.00 sizes) and the Mop (round or triangle shape at $3.50) at any Grocery or Hardware Store.

CONFERENCE DEALS WITH SOCIAL SYSTEM

TORONTO, June 18.—A debate took place at Toronto Methodist conference yesterday afternoon on the famous resolution passed by the Methodist general conference at Hamilton last Fall in favor of substituting co-operation and service for profits in industry, which was about as hot as the weather.

"Ambiguous and incorrect as an expression of the mind of the general conference," said the report of the Social Service Committee, which precipitated the discussion. There was a marked diversity of opinion among the brethren as to just what the general conference social resolution did mean, and the debate was adourned without this being cleared up.

Rev. Dr. Salem G. Bland, formerly of Winnipeg, and now a pastor in Toronto, asked the Toronto conference to come out squarely in favor of the resolution. That was the only way the church could justify its existence, he declared.

Rev. Dr. J. A. Rankin declared that the resolution was not only ambiguous, but in declaring that in the injustice of the present social system were all the roots of the war, it made Great Britain as guilty as Germany in starting the war.

Mr. G. H. Clark, of Orillia, deprecated the school of idealists in the Methodist Church, and added: "We are not proud that Ivens, of Winnipeg, was at one time connected with the Methodist Church."

Mr. R. Parsons, former president of the Canadian Manufacturers' Association, who claimed that according to Rev. Mr. Bland's view, he (Mr. Parsons) was not a Christian at all because he was in business, said that the whole industrial system would not be worth anything without profits and commissions.

BREST, June 18.—A check of the casualties caused by the collapse of the roof of the Knights of Columbus Hut at Post Aneau Monday night shows the injured numbered only 40, and that there were no deaths. So number of American soldiers were buried in the debris. Several of the injured men are in a serious condition.

PRESENTATION MADE AT SALT SPRING

Retiring Matron of Lady Minto Hospital Recipient of Mark of Esteem—To Reside in Victoria.

GANGES, June 18.—About forty Salt Spring residents were present on Saturday afternoon at a farewell tea given to Mrs. Fulton, the retiring matron of the Lady Minto Hospital, Ganges, who is leaving for Victoria, where she intends to take up her residence in the future. Mrs. Fulton came to take up the position of matron in the hospital for a month or two, and has extended her stay for almost a year, during which time she has won the appreciation of all who knew her, both in the hospital and in the home. At the end of the tea, which was served on the verandah, Mr. E. Walter, the chairman of the hospital board, thanked the nurse in the name of the committee for her kindness, and expressed the sorrow felt by all at her coming departure; as a little token of gratitude from some of her many friends, he presented her with a purse containing over $40, to be spent on something for her house, in remembrance of her year at Ganges. Mrs. Fulton thanked those present, and expressed her appreciation of the kind gift, which she afterwards stated she intends to spend on table silver.

CONCERT AND DANCE AT SHAWNIGAN LAKE

Handsome Sum Raised for Benefit of Fund for Maintenance of District Nurse.

SHAWNIGAN, June 18.—A most successful concert and dance took place in the S. L. L. A. Hall in aid of the fund for the proposed District Nurse.

Mrs. McLachlan, secretary of the Advisory Board of Women's Institutes, gave a convincing address on the need of nurses, particularly in rural districts.

Mrs. Pickering, as convener of the concert, had got together a most talented party, every number being enthusiastically received. There was a goodly crowd for the dance, which was much enjoyed. Music and all arrangements were excellent.

A very satisfactory sum was realized and the work of getting a nurse will be materially advanced.

RETURNED SOLDIER TAKES UP DAIRYING

GANGES, June 18.—Mr. Basil Cartwright is taking up dairy farming at North Salt Spring, and with his family moves into his new home this week. Mrs. Cartwright returned to the Island on Thursday after visiting Victoria for several months during her husband's absence overseas.

Personal Notes

Mr. Sutherland, of Ganges, left in his launch for Victoria on Saturday, where he intends to spend a week or so.

Mr. Percy Lowther left on Monday to spend a day or two in Victoria.

Miss Donaldson arrived from Vancouver to take up the position of matron in the Lady Minto Hospital until August 3.

DRAMATIC SOCIETY GIVES PERFORMANCE

Red Acre Farm Presented at Victoria West—Will Be Repeated This Evening

Under the auspices of the Women's Auxiliary of the G.W.V.A. the Western Star Amateur Dramatic Society of Victoria West presented the rural comedy, "Red Acre Farm."

Semple's Hall was well filled with a delighted audience, and the performers deserved their applause. Mr. Robinson and Mr. Ryland received several encores for their singing between the acts. Mr. Ryland executed a Lancashire clog dance.

This evening the performance will be repeated, after which there will be dancing.

The following is the cast:

Josiah Armstrong, owner of Red Acre Farm ..... A. W. Semple
Col. Barnaby Strutt ..... A. J. Clunk
Crawling Codwollopers .. A. J. Clunk
Jonah Jones, a farm helper .A. Lemon
Squire Harcourt, who holds a mortgage ..... H. Charlton
Harry Harcourt, his profligate son ..... H. J. Hasenfratz
Dick Randall, who seeks his fortune ..... C. Robinson
Tom Busby, a travelling merchant ..... G. S. Weston
Amanda Armstrong, Josiah's wife ..... Miss Wilby
Nellie Armstrong, driven from home ..... Mrs. H. Hasenfratz
Laura Armstrong, a poor weak sinner ..... Miss F. Hasenfratz
Mrs. Barnby Strutt, the colonel's wife ..... Miss L. Logan
Junior, adopted daughter of the Strutt's ..... Miss E. Kennedy

Act I.—Living room of Armstrong's house.
Act II.—Garden in front of Armstrong's home.
Act III.—Same as Act I.

VON MOLTKE MEMOIRS KEPT FROM PUBLIC

PARIS, June 18.—The German government, according to reports received here, has forbidden the publication of the memoirs of the late Lieut.-Gen. von Moltke, chief of the general staff at the outbreak of the war.

The memoirs, it is said, severely criticise the policy of Germany during the period prior to the war.

It is said that the memoirs contain passages concerning events in 1914 which would produce an unfavorable impression in Germany with regard to the question of war responsibility. One newspaper here says that a diplomat who read the forbidden book declared that the publication of the work was stopped for the same reason that caused the German government to postpone publication of official documents.

It is said that the von Moltke memoirs will be published only after the peace treaty is signed.

Berlin Papers Publish Again

BERLIN, June 18.—A strike of newspaper employees which forced the Berlin papers to cease publication was settled by arbitration late tonight. All the papers will reappear Wednesday morning.

CHAMPION SCULLER RETURNING TO WORK

Billy Kennedy Expects to Be Out on Water Again Today After Illness—J. B. A. A. Crews Busy.

As Dominion Day draws near, the J. B. A. A. oarsmen are preparing for the regatta with great care, and the "Big Four" No. 3, is showing signs of becoming an exceedingly fast crew. The men are full of ginger, and their training is keen and punctuated with spells in the coaching boat, under the watchful care of Dan O'Sullivan, who takes pride in giving the boys the full benefit of his wide experience.

The J. B. A. A. representatives are all "live" oars, and with a little more work, it will be an exceptionally good quartette that beats them.

Champion Billy Kennedy has been forced to rest during the last few days, as he was placed here de combat by an attack of influenza. However, he expects to be on the water again this afternoon, and he will tackle his work with renewed vigor.

The J. B. A. A. men for the doubles have not been decided upon yet, but several likely scullers are trying their paces, and the two showing the best form will be chosen.

The Club races are drawing much interest. At present, the "Babies" have the edge, on account of their persistent training, but Harry Skuce has got together a crew of strapping "huskies," and he is determined to show that his "come back" is a real one.

Stroke Nagle, of the "Wasps," says that he intends to be in at the finish, with the necessary "sting."

The Salvage crew have made a radical alteration, placing Johnny Donaldson at bow, and, as he knows the game thoroughly, and has plenty of dash, the change is a good one.

WILLARD CUTS DOWN HIS BOXING WORKOUTS

Expects to Be Down to About 245 Lbs. on July 4—Large Crowds Watch Champion Training

TOLEDO, Ohio, June 18.—Jess Willard announced tonight that he expected to weigh between 245 and 248 pounds when he enters the ring July 4. Lighter work than has been the rule for several days prevailed in the champion's workout this afternoon. Willard cut down his boxing to eight rounds after his strenuous workout yesterday, when he bored eleven rounds and wound up with four more of shadow boxing. The champion's performance was witnessed by 2,500 persons.

Willard faced Jack Hempel for the first two rounds and Jack Heinel stepped the third with the champion. Joe Chip, the middleweight, boxed the fourth and fifth rounds, Heinen the sixth and Walter Monahan the seventh and eighth. Heinen was dropped in the sixth round with a left-hand hook to the chin.

No letter to the Editor will be inserted except over the proper signature and address of the writer. This rule admits of no exceptions.

The Co-operative Idea

Sir,—In this age of suspicion and distrust (warranted and unwarranted) it has occurred to me that a scheme to reduce the cost of living worked on the co-operative principle under hard and set fast rules might accomplish more than commissions, deputations or private co-operative societies. The commissions will provide us with statistics which do not fill the "tummy," the deputations with mental food and promises and the private co-operatives (in many instances) at the outset ask more than the public are willing to give, both financially and in trust. I have compiled rules on a general basis to corner up graft, profiteering, exploiting of shares and general management. These rules I have tried to make up in order to cover the objections I have heard to the "co-operative stores" as run both in the Old Country and on this side of the Atlantic. I do not contend that they are infallible. Where figures are given they are open for adjustment by the public, but after being fixed there must be no deviation. For what they are worth I place them before you. To promote a scheme on these lines I suggest a public meeting of the people at which no platform speaker, no lawyer, politician, minister or other accustomed to rhetoric to be allowed to speak. No speaker should be over three minutes and the meeting might be, say "fathered" by the press in the chair. At such a meeting we would get unbiassed discussion, many good ideas and common sense unadorned by phraseology. Rules follow.

N. GRANT HANNAN.

Manitoba Cigar Stand, Yates Street, Victoria, B. C., June 16, 1919.

The Co-op"—A limited liability company to be formed for the purpose of providing its members with reasonably reduced commodities and permitting them to participate to the full in all or any profits accruing from sales, etc. Should it be found advisable to can, preserve, cure or manufacture goods as the company increases in power the shareholders to participate in any extra profits derived therefrom.

Promotion of Company—The promoters are to receive no remuneration of any kind excepting actual out of pocket expenses. Should it be found advisable to employ an agent to make house-to-house calls this agent's remuneration to come under the heading of "Employees" mentioned hereafter.

Working Capital—Borrowed money in no case, at no time or under any circumstances is to receive more than 5 per cent per annum interest. There are to be no shares issued unless actual payment has been made for them. No watered stock.

Shares—Every customer or employee to become a shareholder to the extent of at least one share of $5—and no person or family to be allowed more than five shares. These shares to be non-transferrable and to carry interest at the rate of 5 per cent per annum as a first charge upon the company after salaries and working expenses have been deducted. The company at any time at one week's notice undertakes to buy back these shares at par. On the other hand, they fail to carry interest if redeemed prior to a balance period. As previously stated, all shares to be fully paid for on issue.

Directors—There to be six directors and in event of an even ballot amongst them the manager to be allowed a casting vote.

Remuneration of Directors—No director to receive any remuneration unless for time actually working in the company's service and never more than $1.50 per hour and never more than $12 in 24 hours.

Employees, inclusive of managers, travellers, etc.—No salary, bonus, commission or in any form of payment ever to exceed $300 per month. As previously stated, every employee must hold one fully paid up share in company.

Employment—Relations are barred from employment. Ability and usefulness are the qualifications necessary. Age is no bar in choice of employees; no society, union, association or sect is to have preferences; youth is not to be paid in excess of its age. Any person with a competency or pension sufficient for his or her need to be barred from employment. No job can be purchased. In event of anything of this sort being found out, both parties to be at once dismissed and to lose any money they may have standing to their credit in shares or otherwise. This rule also applies to grafting, accepting commissions or bribes in any shape or form.

Overtime and Hours—This question to be discussed and fixed definitely at a public meeting.

Journeys—On company's service, either taken by a director or employees, expenses to be on a regulated scale allowing a set time for the work in any town and the time and expenses en route. Any extra unavoidable time to be borne by the traveller.

Blackball system to be adopted in case of graft, dishonesty or purchase of jobs in this fashion. A circular stating the case and name of both offenders (clearly and impartially) to be sent to every shareholder. Ordinary samples are not considered graft.

Merchants to the company are to be made cognisant of this rule.

Purchasing to be done as far as possible direct from farmer or manufacturer, and when otherwise advisable quotations to be taken from several and the cheapest accepted provided quality right. Bankrupt stocks may be bought.

Shareholders

Purchasers—Every customer will receive a book as share certificate. In this book the total entry of each purchase will be entered and at certain fixed periods these purchase amounts will be added and profits awarded in accordance to total amount spent during that period. By this system the customer will receive 5 per cent for his share plus a proportion of the profits derived from all sales of company.

Advantages to both a seller to and a purchaser from the company enables this person to participate in the profits both from sale and purchase.

Sinking Fund—A proportion of say 20 per cent of the profits ought to be set aside to redeem capital or other contingencies, in which case this fund must never exceed a certain stated amount.

A customer ceasing to remain a shareholder forfeits his or her right to a dividend on purchases during an interum dividend period.

Cars or Plant—These are only to be used in company's service.

Display of Invoices—These to be openly displayed to all customers.

Copy of Rules—To be given every shareholder and merchant dealing with company.

Prohibition

Sir,—In your issue of the 29th ultimo, there was a letter addressed to you giving an extract from The Toronto Saturday Evening relating to Mr. Will H. Ridgway, a regular contributor to The Sunday School Times, and casting serious reflections upon the methods, truthfulness and sincerity of Prohibition and Sunday School workers in general and Mr. Will Ridgway in particular.

Having a sincere regard for Mr. Ridgway (although he is not personally known to me) as a busy business man who spends considerable time on Sunday School work without financial recompense, I took the liberty of forwarding the clipping from The Colonist and enclose Mr. Ridgway's reply, which I hope you will give the same prominence as the previous letter.

It is a pity your correspondent is not a more faithful reader of The Toronto Saturday Evening, it would have saved him putting his name to expressions that no doubt he now regrets having used.

DOUGLAS D. MUIR.

138 Robertson Street, Victoria, B. C., June 17, 1919.

The letter alluded to in the above follows:

Mr. Douglas Muir,
138 Robertson Street,
Victoria, B. C.

Dear Sir,—I have your esteemed favor of the 31st ult. and in reply would say that in explanation of the article in question that it is a fine illustration of what a fellow can do to injure his cause by rushing in head over heels. Any man who will send anonymous communications to a paper is not only a fool but a coward as well.

In my address the university to which I referred was Pennsylvania University and not Princeton University. The incident was told to me by Dr. Edward F. Smith, President of the Pennsylvania University at my dinner table. Dr. Hibben of Princeton is so bitterly opposed to Billy Sunday and his evangelical work, that he would not allow Sunday to speak to the boys at Princeton University and thereby did his college a great injury.

I wrote to Mr. Machin explaining the matter and I received from him a very gentlemanly letter apologizing for what he had written and he advised me in this letter that he was sending a copy of it to The Toronto Globe which I presume he printed. He also sent me a copy of one of his speeches before the legislature and jokingly told me that he was a subject for conversion.

I have understood from other sources that he is one of the champions of the liquor interests of Canada.

Your correspondent, Mr. A. D. Martin, I presume is in the same class as Mr. Machin. I told Mr. Machin that so obnoxious had the liquor interests made themselves in the United States that we have almost unanimously adopted an amendment to the Constitution wiping out the curse for ever and the most amazing thing about it is that some of the most enthusiastic anti-liquor people are some of those who in the past years have drunk some of it and have been in its favor. I told him also that we knew that the liquor interests had been interfering in the politics of our land and debotching the same, but until this revelation by the President of one of the Universities of the country, carrying over six thousand students, the country never dreamed that they had the hardihood to put their slimy touch on the educational institutions.

The United States are going dry and we are very glad to note that our Sister Dominion is going to go dry with us. The only people we can find in the United States very enthusiastic for the booze are the men who make money by making and selling it. All this stuff you read in the newspaper about men going to strike for liquor is simply liquor seller's propaganda.

WM. H. RIDGWAY.

Oiling of Roads

Sir,—Will you please allow space for a reference to the matter of the discussion of the oiling of the roads in the city, as Mr. Fullerton, the only working man's representative on the board seems very expressive in the matter. I would like to point out that William E. Clark is working for a representative firm of this city, in whose service he was at the time the accident happened, and that I understood the firm has referred the matter to the Council besides myself. The facts are simple, and the case of the automobile helps to illuminate the affair, besides which, another automobile seeing the affair of the automobile and the bicycle in actual occurence, took warning and refused the negotiation of the road, turning back. Another boy had a spill a block or so away from where this trouble occurred. Alderman Fullerton mentioned the boy's (or the parties affected) clothes. I am not worrying about the clothes, as my communication to the Council stated, but about the repair bill at the firm of Peden Bros., and the rental of the machine used by the boy in place of his own. The repairs to the machine must be brought from England, I understand. If the bicycle had been equipped with worn tires, I would not have bothered the Council at all, but it was equipped with new tires only a week before, and they were of an unusually knobby pattern, purchased from Pimley's.

I would like to ask, Mr. Editor, whether a man who slurs the ratepayers who elect him to office in the manner Mr. Fullerton is reported in your paper is a fit representative to be chairman of our city's fire board. Surely the absurdity of his assertion that people throw themselves in oil of the loud variety used on our streets is an argument to the contrary—and a working man's representative at that.

ROBERT CLARK.

251 Mills Road, Victoria, B. C., June 17, 1919.

The Price of Potatoes

Sir,—Re the high cost of potatoes as published in your Sunday's paper at the public market by a chance visitor. It would be wise for the same visitor to take a walk around the market. I was selling new potatoes 2 pounds for 25 cents or 1 pound for 15 cents—and good ones at that—at stall 70.

Mr. Editor, I would also like to draw your attention to last Friday's Colonist regarding a commissioner for the market. Will they grant the stallholders a wage of 6 or 7 dollars a day and 8 hours a day instead of 14 or 15 hours, and also have Saturday afternoons off and Sunday to go to the beach? If they do, I am afraid the cows and chickens would go on strike and make the cost of living go higher. Every dollar the small farmer gets he dearly earns and his wife is never done working. If there is such a good thing in it why is there so much idle land around Victoria and men have to leave their farms to work in the ship yards and why did the vacant lot gardening slacken this year?

F. C. BLAKE.

R.M.D. 4, Gordon Head, B.C., June 17, 1919.

NATIONAL COUNCIL OF WOMEN MEETING

REGINA, June 18.—The National Council of Women are in committee session today, with the official opening of the convention scheduled for ten o'clock tomorrow morning. The meetings this morning were closed to all other than delegates.

One of the subjects which will receive much discussion, it was made apparent at the committee meetings this morning, will be the high cost of living and measures to be adopted to reduce it.

REV. WILLIAM IVENS NO LONGER MINISTER

WINNIPEG, June 18.—Rev. William Ivens, editor of The Western Labor News, who was arrested yesterday along with other strike leaders, was given notice of location by a motion passed this morning in a closed meeting of the ministerial session of the Manitoba Conference of the Methodist Church.

"Notice of location," is a technical term by which a man is notified that he can no longer preach as a minister of the Methodist Church and that he gives up the standing and functions of a minister, conferred on him at his ordination. The only reason given for the action was that Mr. Ivens was not willing to devote himself to the work of a Methodist minister.

MOOSE JAW, June 18—At a meeting of the merchants of the city and Superintendent Dion of the street railway company this morning, arrangements were made for a resumption of the street car service here. The men will return to work today pending settlement of a scheme which will give them an increase in wages.

Not So Bad this Month

"Now, that's better! It's the first time the expense figures haven't given me a horrid feeling.

"Why didn't I know sooner about Jell-O and some of the other money-savers?"

It doesn't matter whether you live in the city or country, whether you keep an account book or not,

JELL-O

will help you out, for it is cheap as to cost and it can be made up into more different kinds of good things to eat than anything else.

Every woman who wants to know how Jell-O can help her out will find the information she desires in the Jell-O Book, which will be sent free to all who send name and address.

Jell-O is made in seven pure fruit flavors: Strawberry, Raspberry, Lemon, Orange, Cherry, Vanilla, Chocolate, and is sold by all grocers and dealers.

PIANOLA 300 YEARS OLD

Treasures That Austria Will Have to Disgorge.

Among the many problems concerning Austria which the Peace Conference has to decide is the question of Italy's claim to many of the world's greatest masterpices now in the museums of Vienna, writes a correspondent of The London Daily Mail.

The fate of these priceless treasures is being watched with tense interest by art connoisseurs the world over, but the general public has little knowledge of the importance from a historical point of view of the impending changes.

Italy's claims are based upon three considerations, according to Professor Paolo d'Ancona, head of the Italian Art Mission in Vienna. First, as indemnity for the art works, valued at £3,000,000, destroyed in Austrian air raids during the war on places such as Venice, Ancona, Padua, Ravenna; works of art stolen or forcibly carried off in the many invasions of Italy in the past, and works which logically belong to the territory now occupied by Italy or about to become Italian, including Pola, Lissa Island and Fiume.

There are also provisional claims for Italy's share in works which belong to her historically in the event of the Vienna and Budapest museums being divided up among the nations of the former Dual Monarchy. The Czechs have lodged a similar claim.

Eighteen of the paintings demanded alone represent half of the art indemnities claimed. All these are by Italian artists, except Rembrandt's famous portrait of himself. There are also several Rubens of great size, and a valuable canvas by Giorgioni, in which is the first known painting of a sunrise. Other notable works are Raphael's "Madonna del Prato" and Titian's "Madonna of the Cherries."

In view of the unsettled state of affairs in Austria all the museums in Vienna are now closed, but I was able to visit several of them under the aegis of one of the curators. The objects required by Italy are marked with a piece of red paper. Should all the works so marked be taken away the historical value of these museums will in great part be destroyed. According to the Austrian version many of these treasures are claimed by Italy solely on the ground of their Italian origin. If this principle were enforced generally there would be many gaps in the British Museum.

The Italians are asking for the famous crown of the Holy Roman Empire, because it is thought to have been made in Italy. The Austrians, however, advance, with substantial evidence, that it was fabricated by the workmen of Mayence. Another glorious masterpiece is Benvenuto Cellini's gold salt-coffer, made for Francis I. of France, and given by Charles IX. as a wedding present to Archduke Ferdinand of Tyrol.

Among the musical instruments is the earliest known specimen of a mechanical piano, made in the sixteenth century by Samuel Biederman, of Augsburg. It is a long, narrow box, fitted with a keyboard similar to those of the old claviers, and plays four quaint little melodies —popular airs, no doubt, in the days of brave knights and fair ladies. The pianola, therefore, is not a modern invention.

The prospect of losing all these treasures has caused consternation throughout Austria.

"WHO WON THE WAR?" SUBJECT OF DISCOURSE

President of American University Feels Humiliated by Claims of Certain Ill-Informed Publications.

Strong disapproval of the action of certain American publications in playing up the part the United States took in the war was expressed in Toronto recently by President John Grier Hibben, of Princeton University. After being presented with the degree of LL.D. by President Sir Robert Falconer on behalf of the University, President Hibben took occasion to make it known that he feels the highest esteem for Canada's share in the war. "I also want to take advantage of the opportunity to deplore a certain vain glory of expression of pride appearing particularly in some American papers—though they are not the best—as to the part we did in the war. It is easy to say that the Allies were waiting until the United States got into the war, but the papers appear to forget the long years of fighting when we were not in it, when the Canadian and Allied lines were weakened time and again by the attacks of the enemy. They forget that the Canadians helped to hold back the enemies of the States, and that their one great security was the British fleet."

President Hibben went on to assure his audience that the attitude of the young veterans, some 800 strong, who have returned to Princeton, is a very modest one, and is not at all what one might be led to expect of Americans after reading some of their publications. Those veterans, he added, will not talk about themselves, but many times he has heard them praising the work of the British and other Allied troops. "Our men," he continued, "came back humbled by what they saw, because they felt as though they had been in the presence of a great power, not necessarily the power of any one of the Allied armies, but the power represented by a concentrated effort on the part of all armies, of all the men and women who did their part outside the armies, or the power reflected by the energy of all the right-thinking souls of the world, of those who fought and suffered."

Guard the Future

President Hibben went on to say that though victory had been won, it is only in a very limited way, for it is possible for a triumph of today to become a defeat of tomorrow. The conflict with brute force, as represented by Germany during the war, is going on constantly, and he felt that the conflict must go on, in other ways, all through our generation, and for many more. The conflict he termed a steady fight between light and darkness, and he felt that it existed today on the streets of Toronto, just as on the streets of Washington, or any other American or Canadian city, as a constant challenge. Men, he added, are constantly raising their hands against the very idea of justice and right, but he felt that all that is needed to guarantee permansut victory is the establishment of moral and spiritual order. As to the League of Nations, the speaker wished to go on record as favoring it strongly, but he added that the only thing which can make it successful is a thorough and permanent understanding between the great Anglo-Saxon races. He felt that spirit of understanding could be created, for the nations were never so much one as they are today. They have the same moral traditions and the same power of distinction between right and wrong.

"I do not mean that there should be any secret treaty between Great Britain and the United States," President Hibben continued, "for we do not need anything of that kind. The border line between Canada and the United States is an example of what I mean, a border which has existed for 100 years without a single powerful fort, for that is the spirit of trust." The work of the League of Nations, he continued, is to induce all nations to have a proper reverence for law, for if that can be accomplished, he felt that its work would be successful. "There is no need to write out a secret covenant between Great Britain and the United States, for that has already been written in the blood of sacrifice shed on the field of battle by your sons and our sons. That is the sign that our aims are to be one through the ages to come."

Sacrifice Unequal

Referring to the honorary degree which had been conferred upon him, President Hibben declared he could not have accepted it had the United States not entered the war. But he was thankful that they had entered, and while they had shared in the fighting and victory, he felt they had not shared adequately in suffering and sacrifice. "It is an humiliation for me to stand before you and confess that we did not have our full share of suffering during those early years of the war when you fought with such patience and endurance. I cannot tell you just the hour I made up my mind that the Allies were in the right, but it was during the first ten days of August of 1914. And at that time I was living in a pro-German part of Switzerland, where my only source of news was the German newspaper."

NOBODY'S MONEY

Romantic banking tales were told in the British House of Commons recently during consideration of Mr. Bottomley's Bill to secure the handing over to the Public Trustee of the dormant balances and unclaimed securities in the possession of the banks.

"There was an old lady with £28,000 to her credit at a well-known London bank," said Mr. Bottomley. "Every year she would drive up in her carriage, ask to see the manager, examine her pass-book, and then draw a cheque for the full amount. While the manager entertained her in the bank parlor a cashier would slip round to the head office and get notes for £28,000. The old lady would carefully count them, and then, being satisfied that the money was safe, put it back into the account and go away. After a time her visits ceased. For 15 or 16 years now she has never been heard of, and her relatives are unknown."

"I can give the hon. member the name of the bank," said Mr. Bottomley to someone who appeared rather incredulous.

A £20,000 Story

The Chancellor of the Exechequer, who was understood to say this story was not new to him, also had a tale from banking circles. Stirred by the talk about dormant balances, a banking firm decided to investigate, and found one account for £20,000 which had not been touched for thirty years. "This account stood also in the name of a lady, presumably no longer young," continued Mr. Chamberlain. "They communicated with her and asked her whether she was aware this sum stood to her credit. She replied, rather tartly, that she was perfectly well aware of what her property was and where it was, and since she could not leave it with this bank without being worried by them —(laughter)—she had taken steps to transfer it to another."

Then Major Lowther told a story. "Early in the nineteenth century," he said, "the old banking company of Du Vane was wound up, and I understand there is reason to believe much of the stock and the funds of the bank were transferred to the Bank of England, and also valuable securities standing in the name of the senior partner, Mr. William Noble I think his name was. I have seen the correspondence between the solicitor of the beneficiaries of one of the trusts and the Bank of England, wherein the bank had declined to give any information as to what there is lying in that trust, although there is good reason to believe the claimant was entitled to a certain sum of money now held by the bank."

Mr. Bottomley, in support of his Bill, prophesied that at least £100,000,000 would be recovered. It was notorious, that in the days of the French Revolution the refugee families deposited large sums of money, jewels, and securities in the old banks of London. If with the aid of the Defence of the Realm Act a committee could gain admission to the vaults of Coutts's Bank they would find boxes bulging with every kind of security. Some years ago the Postmaster-General admitted that even in their small accounts the Post Office Savings Bank held half a million of money belonging to people who had disappeared. The mother of a young fellow lost in a submarine said he had told her he had a considerable sum of money at a bank, but she did not know which bank, and every one of them refused her all information.

Inquiry Agreed to

"The hunt for buried treasure has always fascinated the minds of the youthful," said Mr. Chamberlain. "It seems that it also touches the imaginations of those of us who are no longer youthful. But the realization of the hopes put forward is more often confined to romance than reality." If he were a sporting man he would be prepared to wager that nothing like £100,000,000 is at stake. He put it at £2,000,000 or £3,000,000, and that was multiplying the largest estimate given to him by those in a position to know. The Government accepted the Bill, but on the understanding that it should go to a Select Committee for consideration as to the practical working of it. It could not be applied to accounts which had not been used for so short a period as six years.

The second reading was agreed to.

Reproof

Rachael had been frequently reprimanded by her mother for her eagerness to begin her dinner before grace had been said. It came, however, as a shock to all present when Bobby, her eldest brother, on whom devolved the duty of asking a blessing, took upon himself to administer a gentle reproof.

"For what we are about to receive," he said, gravely, "and for what Rachel has already eaten, make us truly thankful."

To watch the corn grow, or the blossoms set; to draw hard-breath over ploughshare or spade; to read, to think, to love, to pray—these are the things that made life happy.—Ruskin.

HOME-MADE BREAD

Home bread-making reduces the high cost of living by lessening the amount of expensive meats required to supply the necessary nourishment to the body. The increased nutritious value of bread made in the home with

ROYAL YEAST CAKES

should be sufficient incentive to the thoughtful housewife to give this important food item the attention to which it is justly entitled. Bread made with Royal Yeast will keep fresh and moist longer than that made with any other.

Made in Canada

LAY your smóketaste flush up against a listening post—and you'll get the Prince Albert call, *all right!* You'll hunt a jimmy pipe so quick and get so much tobacco joy out of every puff you'll wish you had been born twins! For, Prince Albert puts over a turn new to every man fond of a pipe or a home made cigarette. It wins your glad hand completely. *That's because it has the quality!*

And, right behind this quality flavor and quality fragrance is Prince Albert's freedom from bite and parch which is cut out by our exclusive patented process. We tell you to smoke your fill at any clip—jimmy pipe or makin's cigarette—without a comeback!

Most Canadian dealers now sell Prince Albert in the tidy red tins. If your dealer does not handle it tell him to order through his jobber. Leading Canadian jobbers are now supplied.

BIRTHS, MARRIAGES, DEATHS

DEATHS

McINTOSH — On June 7th, at Juneau, Alaska, Mr. D. J. McIntosh, aged 53 years; born in Glengarry, Ontario, and a resident of Juneau for the past eight years. He is survived by his widow, who accompanied his remains to this city. Deceased was a member of Victoria Lodge No. 1, I.O.O.F., of this city. The funeral will take place this afternoon at 3:30 o'clock from the Sands Funeral Chapel. Rev. Dr. Leslie Clay will officiate. Interment will be made at Ross Bay Cemetery.

CARD OF THANKS

Mrs. J. M. Murdoch and family wish to thank their friends for the many kindnesses, letters and floral tributes in their recent sad bereavement.

CARD OF THANKS

Mr. R. K. Creech and family wish to thank their many friends for their sympathy and floral tributes during their recent bereavement by the death of their daughter Ruth Annie Creech.

S. P. MOODY
Real Estate and Insurance, Room B Phone 3909 or 1602 L evenings. Campbell Building.

ANOTHER OAK BAY BARGAIN

CHOICELY designed, substantially built, with materials, workmanship and fittings of the best, this 7-roomed, modern, semi-bungalow is, on account of a business deal, being thrown on the market at a huge sacrifice.

Fine garage, swell lawn, flowers, etc., with good vegetable garden at rear. Close to car, walking distance to beach and low taxes.

This home is being offered fully furnished (with the exception of a few pieces) at a dazzling figure, and some tall hustling will have to be done to duplicate the bargain. However, the owner's loss is your gain.

I have a 10 days' option at the exceptional figure of $4,200; reasonable terms. Five-day option should really be sufficient—if I can't turn the trick in that time I certainly shall advise the owner to add $1,000 and then we'll sell.

ANDREWS REALTY 703-4 B. C. Loan Building. Phone 2736

HOUSES FOR SALE (Continued)

BURDICK, BROS. & BRETT, LIMITED 623 Fort Street. Phones 132-133

WILMOT PLACE, $4,200—

Seven rooms—This home has living room, dining room, kitchen, den with fireplace; one bedroom and bathroom on ground floor, and two good bedrooms upstairs. The basement is all cement with furnace and tubs. There is a large lot, all extra good soil, and with several attractive oak trees. This is one of the choice situations in Oak Bay and can be bought on good terms.

BEECHWOOD AVENUE, $5,000—

Eight rooms with large living room, den, hall and dining room all oak floors; panelled walls, beam ceilings and built-in buffet. The kitchen has all modern conveniences installed, and there is a nice conservatory and large porches back and front. Upstairs there are four good bedrooms and bathroom with large cupboards and windows. This is an exceptionally fine house and priced away below building cost.

M'CLURE STREET, $5,500—

For a close in home in one of the choice residential districts in the city, this is one of the cheapest buys on the market. It was built by the owner for his own use and has 7 large bright rooms, with all modern conveniences. The lot is 60x120, and has a large garage, lawn with roses and shrubs and good garden. This house will be appreciated on inspection.

SELKIRK AVENUE, $6,300—

Fronting on the Gorge waters and paved street, this is one of the finest waterfront situations to be had. The house is modern in every respect, having eight beautiful rooms with every modern appointment, including hardwood floors, hot water heating, heavy glass windows, two fireplaces, and large cement basement. This was also built by a particular owner for his own use and is complete in every detail.

GLADSTONE AVENUE, $7,000—

Eight rooms, including attractive reception all, with panelled wall and oak floors, large drawing room with heavy glass windows, oak floors and fireplace; dining room with built-in effects, buffet of fine design, oak floors, panelled walls and beam ceiling. Dutch kitchen, four large bright bedrooms and full size cement basement. The house is heated throughout with hot water, and all fittings including electric and bathroom fixtures are of the best. There is also a garage designed to suit the house, and a cement drive.

EACH OF THESE SNAPS ARE BELOW PRESENT BUILDING COST.

101 Union Bank Building.
Phone 5900.

THE BUSINESS EXCHANGE
710 B.C. Permanent Building.
Telephone 2922.
INVESTMENTS
THERE is money to be made in this investment. This statement can be substantiated by the records of the business which the books show, and further established by the opinion of a prospective buyer, an experienced tradesman (and old resident), who made a thorough examination and would have bought for himself, having made up his mind as to the soundness of the proposition, except for his not having sufficient funds to handle it. This opportunity awaits you. $1,500 cash takes the business, low rental of $15 a month, good house to live in, good milch cow. Above rental includes store, large stocks of all lines of groceries, wholesale and retail; barn adjoining premises and two nice lots in vegetable garden. Each day sees a newcomer in the district, and this all means money spent.

WE have several good business propositions that can be handled with from $1,000 to $8,000. If you want to get into business for yourself call and see us.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for protective works at Nicomen Island, B.C.," will be received at this office until 12 o'clock noon, Wednesday, June 18, 1919, for the construction of a dam, embankment and three groynes at Nicomen Island, Fraser River, District of New Westminster, B.C.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department; at the offices of the District Engineers at Victoria, B.C.; New Westminster, B.C.; and at the Post Offices, Vancouver, B.C., and Deroche, B.C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount.

NOTE.—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of $20, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order.
R. C. DESROCHERS,
Secretary.
Department of Public Works, Ottawa,
May 12, 1919.

Victoria City
1919 TAX SALE
Is Adjourned to 10 A.M., June 19
in the
Council Chambers, City Hall

Intending buyers will have the opportunity of requesting any of the lots listed to be put up.

The total amount due, which is all arrears to end of 1918 with interest and costs, must be bid for a start, and more than one bid is **not** necessary to make a sale.

The owner has one year to redeem, with interest at 8% a year.

In case of a bid above the total amount due the difference is not put up at time of sale but must be paid not later than one month after the period of redemption expires.

The Statute provides for the issue of an indefeasible title without further expense.

This is the final sale

EDWIN C. SMITH,
Treasurer and Collector.

Sale No. 1919

All donors of money, $50 and upwards, and annual subscribers of $5 and upwards, are eligible to vote for the election of Directors.

G. T. CARVER,
Secretary.
June 16, 1919.

NOTICE TO CREDITORS
Jane Darbyshire, Deceased

ALL PERSONS having any claims or demands against the late Jane Darbyshire, who died on or about the 1st day of March, 1919, are required to send by post prepaid or to deliver to the undersigned solicitors herein for Mary Victoria Webb, executrix of the will of the said Jane Darbyshire, their names and addresses and full particulars in writing of their claims and statements of their accounts and the nature of the securities, if any, held by them.

And take notice that after the 1st day of July, 1919, the said Mary Victoria Webb will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which she shall then have had notice and that the said Mary Victoria Webb will not be liable for the said assets or any part thereof to any person of whose claim she shall not then have received notice.

Dated at Victoria, B.C., this 20th day of May, 1919.

WOOTTON & HANKEY,
Solicitors for the Executrix.
648 Bastion Street, Victoria, B.C.

THE CORPORATION OF THE CITY OF VICTORIA
COURT OF REVISION

PURSUANT to Section 19 of the "Victoria City Relief Act, 1918 (No. 2)," notice is hereby given that the first sittings of the Court of Revision of the Corporation will be held at the Council Chamber, City Hall, Victoria, B.C., on Tuesday, July 15th, 1919, at 10 o'clock in the forenoon, to hear complaints against the assessment of improvements (as hereinafter limited) altered or entered by the Assessor on the Annual Assessment Roll of the Corporation for the year 1919.

The right of complaint or appeal is limited by the said Act to the question of the value or assessment of improvements, the assessed value of which has been altered or entered on the said 1919 Assessment Roll in consequence of the removal, destruction or addition of such improvements since the making of the 1918 Assessment Roll of the Corporation.

Any person intending to complain concerning the assessment of any such improvements must give the Assessor of the Corporation written notice thereof, at least ten days before the said date, showing the grounds of such complaint.

E. W. BRADLEY,
Acting Municipal Clerk.
City Hall, Victoria, B.C., June 10, 1919.

NOTICE TO CREDITORS

In the Matter of the Estate of Robert Patterson Rithet, late of the City of Victoria, Province of British Columbia, Deceased.

NOTICE is hereby given that all creditors and others having claims or demands against the estate of the said Robert Patterson Rithet, who died on or about the 19th day of March, 1919, are required on or before the 6th day of July, 1919 to send by post prepaid, or deliver to Laurence Arthur Genge and John Alexander Rithet, care of R. P. Rithet & Company, Limited, 1117 Wharf Street, Victoria, British Columbia, the executors of the last will and testament of the said deceased, their Christian names and surnames, addresses and description, the full particulars of their claims, a statement of their accounts, and the nature of the securities (if any) held by them.

AND TAKE NOTICE that after such last-mentioned date the said executors will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that the executors will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by them at the time of such distribution.

BODWELL AND LAWSON,
Solicitors for the said executors.
Dated this 5th day of June, 1919.

CORPORATION OF THE CITY OF VICTORIA, B.C.

LARGER PREMISES WANTED

BEER FERMENT
By An Investigator in The London Daily Mail.

Once again in our island story the British working man is up in arms for the defence of his beer. While war lasted he patriotically endured a blighting penury of chilly "swipes" what time, as in the case of Bombastes,

Hope told a flattering tale,
Much longer than his arm,
That love and pots of ale,
In Peace would keep him warm.

But Peace looms on the horizon, and yet beer does not. The season of thirst is upon us, and desperate men with arid tongues still have to trudge weary miles or stand in interminable and surly queues to secure a meagre pittance of pitifully attenuated liquid sustenance. In Lancashire, where the primary appetites, like the people's heads, are thick and strong, the fierce intensity of the popular drouth has broken out in lawless violence. The fastnesses of Bacchus have been raided. Reckless desperadoes have gone over the top of the bar-entrenchments and helped themselves as lavishly as opportunity allowed. In Leicester, which has suffered from pacifist influences, milder measures are proposed: the working men's and women's clubs contemplate the erection of their own breweries, where "gradely ale that's fit to sup" shall be brewed, and where the members of the parent clubs, it may be presumed, will all enjoy the privilege of season tickets, until the less fortunate portion of the populace, left to wail and gnash their teeth otuside, frantically decide to pull the place down.

* * * * *

Meantime London merely simmers. The patient, plodding crowd scowls and growls and grouses, but, as a tired-looking artisan remarked to me yesterday, "a London workman stands a lot before he's roused to break things." But their discontent is deep. And no wonder. The muddle of restriction and coercion to which they are subjected is simply irritating and idiotic. In the artisan quarters of the town, the public-houses are usually open only two nights a week and "two dinner hours". What is the natural result Men will walk any distance to the establishments which have beer, and these houses during the hours of business are densely congested. Customers, knowing that supplies are stinted, make indecent haste to swill the available liquor. The normal week's supply of a popular "pub" is exhausted in two days. On Wednesdays and Thursdays there's nothing to be got. What sense or profit is there in such a system? Is it conducive to temperance?

Instead of the cheerful conviviality and good fellowship of the "jolly brown bowl," there's a hasty orgie. Instead of "the talk of good fellows round the alehouse bench," there's a cross-grained scramble round the crowded bar. Our soldiers abroad have often echoed Campbell's pious wish:

"My soul sentimentally craves British beer."

They have dreamt that when they came home they might drink the national beverage in cheery surroundings such as they had discovered in the Continental open-air cafe. Instead of which what do they find? In olden times our village green ale-houses, with their wooden benches under their swinging signs supplied an English equivalent to the Continent's decent style of conviviality. Within the memory of living men there were gardens round inns in Camden-road and Chalk Farm. Now we have nothing to offer to our homecoming troops in the way of leisurely ease in their inns but the vulgar scrummage of the stuffy "pub" for a stinted short-time guzzle.

MAYNARD & SONS
AUCTIONEERS

Instructed by the owners we will sell at Salesrooms, 726 View Street,

Tomorrow, 1:30 p.m.

Almost new and well-kept

Household Furniture and Furnishings

Including very pretty three-piece English Mahogany Parlor Suite, Mahogany Arm Chair, Mahogany Tea Table, Mahogany Centre Table, Chinese Carved Arm Chairs and Table, F. O. Secretaire, Large Silk Upholstered Davenport, very good Couches, Columbia Hornless Gramaphones and Records, 2 good Organs, Mission Oak Roll Top Office Desk, Flat Top Desks, Large Specimen Case of Mounted Birds, Small English Billiard Table, complete; large Upholstered Arm Chair, Pictures, Carpets, Rattan Settee, Oak Centre Tables, Bed Lounges, San. Couches, Underwood Revolving Duplicating Machine, Smith Premier Typewriter, Electric Reading Lamp, Copperware, Platedware, Folding Card Table, very good Mounted Leopard Rug with Head, very good mounted Grizzly Bear Rug, 4 good Round Extension Tables, 12 Sets of Mission Dining Chairs, F. O. C.P.R. MAY CHANGE REGISTRY OF FLEET

Rumor That Company Put Before Government Proposal to Transfer Ships to Canadian Registry.

What it is hoped may prove the foundation of a Canadian mercantile marine is the application by the Canadian Pacific Railway Company for the transfer of its ships to Canadian registry. The rumor of such a step has been current in shipping circles for some time. Sir George McL. Brown admitted that he had heard of it, and it is understood the company has laid its case before the Government. What it desires is the same privileges under Canadian registry as it at present enjoys under English registry, and there appears no reason why it should not be able to receive them.

Chairman Bosworth, of the C. P. O. S., has sailed for Canada to discuss the matter with the head office of the company.

Canada, if it is ever to attain its status as a great nation, must develop its shipping facilities and ultimately a merchant marine of its own. If the Canadian Pacific takes the first step, it is hoped others will follow. It is, of course, the only purely Canadian company involved, and if any of the other steamship concerns decided to follow suit a division of their fleets between English and Canadian registry would be necessary. However, there are all sorts of possibilities in the shipping world, and the organization of a new company which aims to handle Canadian trade is not the least of them. Among the advantages which would accrue to the Canadian Pacific under Canadian registry would be better control of their shipping space, 50 per cent. of which is still used by the British Ministry of Shipping.

STEAMER TOOK ON MANY CHINESE HERE

Prince Rupert Taking Many Orientals North to Canneries While Others Going From Cyclops to Mainland.

When the Prince Rupert sailed from here yesterday, shortly before noon, she had on board 336 Chinese. Two hundred and twenty-five of these came to Victoria on the Cyclops on Tuesday, and were taken to Vancouver by the Grand Trunk steamer. The remainder of the Orientals are from the local colony, bound for northern canneries. The Rupert will be crowded when she sails for the north late this afternoon.

The flier arrived here early yesterday morning, and Grand Trunk officials loaded the freight and baggage aboard her. Mr. C. E. Jenney, general agent at Vancouver, was among those who wheeled a truck. Wilson Bros.' own men loaded provisions being shipped north by that firm.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

You'll laugh. Apply a few drops then lift sore, touchy corns right off. No pain. Yes, magic!

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

DRYAD POINT LIGHT IS AGAIN ON DUTY

Concrete Tower Near Bella Bella Completed, Replacing Old Wooden One That Stood There Twenty Years.

The new reinforced concrete tower has been completed at Dryad Point, Bella Bella, in place of the old wooden tower, and the light was again placed in commission on the first of this month. The former tower had stood upon the point for 20 years. Last Fall it was removed and the construction of a new tower was commenced. The influenza epidemic held up the work for a long time but it was finally finished this Spring and the old light again is shining. Capt. Carpenter, who has been with the light since it was first put in operation, is a former sealing skipper. He built a schooner at Bella Bella and took her north in the days when sealing was popular.

HAMBURG-AMERICAN LINE'S WAR LOSSES

At the outbreak of the war the Hamburg-American Line possessed a fleet of 184 steamers of 1,188,000 gross tons. During the course of hostilities the company lost 142 steamers, so that at the present time it only owns 42 steamers of 242,840 tons. In neutral harbors there are 20 steamers of the line of 95,152 gross tons. Seventy-five steamers of 469,-710 gross tons were seized in various enemy harbors, while the following 26 steamers of 139,330 gross tons constitute the line's war losses:

Name	Gross tons
Alesia	5,692

FURTHER BODIES TAKEN FROM WRECK

Sixteen Brought to Juneau by Divers—Names of Eleven Identified Persons Include No Victorians.

The divers who have been working on the wreck of the Princess Sophia returned to Juneau on June 17, taking sixteen bodies which they recovered. Eleven of these have been identified, the names being as follows:

G. L. Sholsets, T. N. Turner, R. B. McLachlan, Thomas McMahon, R. H. Davis, John M. Colvin, G. Shimada, Sidney Smith, C. C. Saires, T. A. LePage and Mrs. J. A. Segbers.

COMING AND GOING

SAN FRANCISCO, June 18.—Arrived—Steamers Queen, Seattle; Saginaw, Port Angeles; Oleum, Tacoma; G. C. Lindauer, Coos Bay; Wilmington, Mukilteo. Sailed—Steamers Tiverton, Portland; Enterprise, Annie Johnson, Hilo; Carmel, Gray's Harbor.

SEATTLE, June 18.—Arrived — Steamers Admiral Watson, Santa Ana; City of Seattle, Southeast Alaska. Sailed—Steamer Olymont, Honolulu; power schooner Osmo, Bethel.

TACOMA, June 18.—Arrived — Steamers President, San Francisco; Quadra, Britannia Beach; Admiral Watson, Cordova. Sailed—Steamers President, San Francisco; Quadra, Vancouver.

PORTLAND, June 18.—Arrived — Steamers W. F. Herrin, Gaviota; Argyll, San Francisco.

ON NEW ROUTE

The Panama Maru was scheduled to leave Japan on June 15 on the direct Cuba route, newly opened by the Osaka Shosen Kaisha. The Panama was here some months ago after making a trip around the world, and left on her new service after getting back to the Orient.

MONTEAGLE WILL REACH HERE TODAY

Liner Bringing Last of Canadians From Siberia—Commander on Board—Africa Also Due at Noon.

The Monteagle is due to reach William Head at noon today with 700 troops from Siberia. Major-General Elmsley, commander of the Canadian forces in Siberia, is on board.

The Africa Maru, Japanese steamer, is also due to reach Quarantine Station at noon. An O. S. K. liner lay overnight at William Head with the last C. P. O. S. boat that brought troops from Russia.

The Monteagle has on board the host of the Canadian forces that were sent to Russia.

MAQUINNA TOOK INDIANS NORTH

The Princess Maquinna reached Victoria on Tuesday, completing her first round trip with a complement that lacked the usual firemen, deckhands and stewards. The steamer has a number of Indians working on her now in place of the men who went on strike.

The Maquinna went up as far as Rivers Inlet on her last trip, taking 175 Indians north to the canneries there. She makes this trip every year.

CANORA IS NEEDED BADLY BY ISLAND

Local Business Men Claim That Government Should Put Car Ferry In Service in Spite of Strike.

The Government car ferry Canora is still tied up at Port Moody, her deckhands and firemen having left her when the general strike was declared on the Mainland. There are a large number of cars waiting shipment from the Island to the Mainland, and business men here are trying to get some action taken to have the ferry put into operation again.

J. O. Cameron, whose firm is being held up on lumber orders, has interviewed the C.N.R. Coast officials and they have promised to do what they can.

The Board of Trade will take the matter up within the next few days.

The officers of the Canora are standing by the vessel, which carries a complement of 30 men. It is understood that the men for the Canora would be available from the navy yard if need should arise.

The C.P.R. are operating only one car ferry to the Island now, this travelling to Ladysmith and having a capacity of 15 cars. The company had three barges running before the strike. This service is said to be inadequate, and the Government is looked to for aid.

ARE WORKING TWO SHIPS AT MAINLAND

In Spite of Strike Cargoes of Melville Dollar and Key West Being Handled—Makura Sailing Indefinite.

VANCOUVER, June 18.—The deep-sea ships on the waterfront do not show any indication of suffering from the strike. Work is proceeding on the Melville Dollar, and all hatches are being worked with full gangs on the Key West. The C. P. O. S. officials declare they will have plenty of men to handle the Methven and the Monteagle when they arrive this week-end.

The sailing date of the steamship Makura is still indefinite.

The Annette Rolph, with sugar for the B. C. Refinery has made no attempt to discharge and still lies idle at the refinery pier.

The coastwise fleet is active. The C. P. R. ships to the Island are running as usual since the strike commenced, the Union Steamship Company's steamer Cowichan will return on Thursday and will sail on Saturday. The Venture, of the same line, returns on Sunday and will get out again on Tuesday.

The G. T. P. steamer Prince Rupert left Victoria this morning and will dock here this afternoon. She sails north again for Prince Rupert and Anyox on Thursday.

Reports from Queen Charlotte Islands are that the camps there are on pretty short rations though the G. T. P. is doing its best to keep things going with a service from Prince Rupert via the steamer Tillamook. This vessel leaves Rupert for the north island on Wednesdays and for the south island on Saturdays.

Dividends from B. C. Mines

British Columbia mines have distributed nearly a million dollars in dividends for the first quarter of 1919, as follows:

	Rate for Quarter.	Amount
Granby Cons. M. S. & P. Co.	2½	$375,016.50
Consolidated M. & S. Co.	2½	261,936.00
Belmont Surf Inlet	5	125,000.00
Howe Sound Co. (Britannia)	5	99,207.00
Florence Silver Mining Co.	3	34,748.00
Surf Inlet Gold Mining Co.	2½	24,633.90
Hedley Gold Mining Co.	3	24,000.00
Rambler - Cariboo	1	17,500.00
Total		$962,883.40

GORILLA TRIBE WITH LANGUAGE OF ITS OWN

Explorer in French Congo Discovers Giant Apes Which Exchange Verbal Messages With Each Other.

NEW YORK, June 18.—The story of a strange animal, half gorilla and half chimpanzee, of such high intelligence as to rank next to man and able to talk so that natives in the French Congo could understand, was brought here by Professor R. L. Garner, famous naturalist and monkey hunter. He returned on the French liner Chicago, which docked at Pier 84, Hudson River. Prof. Garner spent two years and seven months in the French Congo returned here with more than 3,000 specimens of birds and animals. He also brought back the stuffed body of one of the strange man-monkeys. Prof. Garner says that in all the years of his tramps through untracked jungles in search of animals and birds he never before came across so strange an animal as the talking gorilla of the French Congo.

Natives in the Congo brought the story to Prof. Garner that a gorilla infested a certain region, and that the natives had learned its language. With four native guides the professor found the habitat of the animal and set about learning his language.

He says he found that at night the man-ape came to the edge of the clearing around the villages and uttered a strange call for its mate. This call, he says, sounded like "Waa, hoo." In answer there would shortly come a call sounding like "Ahoo-Ahoo." Professor Garner says he discovered that the first call was that of the male and meant in literal translation, "Where are you?" the answering call meant, "Here I am." After weeks of hard study, Professor Garner was able to imitate the call of the female. When one night the male, whose stuffed body he brought back, called for his mate, Professor Garner answered, and the male came bounding along the ground and through the brush to where Garner stood rifle in hand. He shot the animal, which stood more than six feet tall, and weighed more than 200 pounds.

The body of the animal is to be placed in the Smithsonian Institution, at Washington.

GRANBY MAY RETURNS SHOWS INCREASE

Anyox Plant Produced Over Million and Quarter Pounds of Copper During the Month of May.

The Granby Consolidated Mining, Smelting and Power company produced 1,267,633 pounds of copper at Anyox, B. C., in May, according to a New York expert. This is comparable with 707,301 pounds in April and 90,632 pounds in March. Granby reports a production of 576,460 pounds at Grand Forks in March. The reduction in March and April results from a fire at Anyox in March when a converter building was damaged.

The profits of May can not be estimated with confidence, as no statement of cost has been issued recently, but on the basis of a year ago they would be in the neighborhood of $75,000 at Anyox alone, says the report. A reduction in costs was anticipated a year ago through the installation of converters and the production of coke in a Granby plant, which has been accomplished, but it is believed by brokers that costs in some departments may have been decreased. Benefit is expected of recent improvements in the metal market.—Spokane Spokesman-Review.

Bankers' Loan to Russia

WASHINGTON, June 18.—Owing to present unsettled conditions in Russia the United States Government will make no representations at this time with reference to the default in payment of the $50,000,000 three-year loan made by American bankers to the Russian Government in 1916, and due June 18 and July 19, it was announced today by Acting Secretary of State Polk.

Irritable Nerves Restored And Health Regained In a Simple Way

The man or woman who is rundown, not feeling up to the mark, perhaps irritable, nervous or sleepless can well afford to learn about the wonderful results the newly discovered blood-food is giving to folks that use it.

There is wonderful power in this new blood-food, and every weak, pallid person can be quickly nourished back to health that uses it as directed.

After each meal, with a sip or two of water, you simply take two little chocolate-coated tablets, sold in all drug stores under the name of "FERROZONE."

The effect is noticeable at once. You feel happier, brighter, more contented. That old-time feeling of weariness departs—you forget your "nerves" and no longer get irritable or cross over trifling annoyances.

There is a reason for this change and that reason consists of the fact that Ferrozone contains blood-making materials you can get in no other way.

Ferrozone makes the blood tingle and sing with new vitality. This ensures lots of nourishment and strength being supplied to every part of the body.

No wonder the eyes brighten and the cheeks radiate color and happiness: With abundance of strength, a keen appetite, good digestion and plenty of sound sleep—all the result of Ferrozone—you quickly feel as if life had new charms and pleasures.

FURTHER STRENGTH SHOWN BY MARKET

Lower Rates for Money Have Effect of Continuing Price Advance, With Some Recessions at One Period.

NEW YORK, June 18.—Easier money rates again contributed measurably to further strength of the stock market today, price movements at the beginning assuming buoyant proportions, many favorite issues scoring early advances of 2 to almost 5 points.

These were materially shaded by heavy selling for profits before the end of the first hour, but a fresh upturn occurred after an interval of dullness and hesitation.

Call money opened at 8 per cent. for mixed collateral, but receded to 5½ at midday, by which time most requirements had been satisfied. The weekly review of the leading steel and iron authorities, which referred to further improvement in the industry, was reflected in the tone of shares most concerned, United States Steel, for example, making an extreme gain of 1¾ to 120⅞, although more than half of its advance was forfeited at the close.

Other steels and kindred equipments, notably Lackawanna and Bethlehem Steels, American Car and Baldwin Locomotive, were strong at gains of 2 to 7 points, but the bulk of trading again revolved around motors and their specialties, oils, tobaccos, leathers and shippings at gross advances of 2 to 13 points.

Rails, following the recent isolated course, shared lightly in the general movement, Texas and Pacific again proving the only striking exception at an advance of 5 points.

Sales amounted to 1,425,000 shares.

Industrial and utility issues were among the stronger features of the bond market. Liberty bonds were steady and the foreign group firmer. Total sales, par value, $9,750,000. Old U. S. bonds unchanged on call.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot above the average level of lower low water.

This is a rich quality and all silk, with a beautiful sheen and handsome appearance, at a price such as we have not been able to offer for two years past. It is a perfect black, and will be sold today at, a yard, $3.00.

Black French Chiffon Taffetas, 36-Ins. Wide, Reg. $2.75 Quality, Selling Today a Yd., $2.00

—This is a Taffeta that can be relied upon; a perfect shade of black. The well-known French chiffon finish, soft and yet not losing the Taffeta appearance. For skirts, suits and dresses this is an opportunity you should take advantage of. Call and make your choice early in the day.

—Silks, Main Floor, Douglas

Grey Kid Oxfords—A Fashionable Shoe in Color, and Handsome in Design, $9.75

—This handsome grey Oxford is one of the latest in fashionable shoes on the market. They have been asked about many times, but it is only recently we have been able to secure a shipment. This is a snug, easy-fitting shoe, possessing an elegance in form that at once attracts the attention. It has the full, fashionably turned, Louis XV. heel, with vanity plate, and hand turned sole. We can supply them in all widths from triple A to D. They are designed in the plain, long recede toe model.

We are also showing this shoe in Havana brown kid for those who prefer this handsome color. Either shoe selling at, a pair, $9.75.

—Women's Shoes, 1st Floor, Douglas

White Voile Waists in Two Winning Models, Selling at $1.75 Each

You will be thoroughly pleased with these pretty Waists, so far as design and quality is considered, but when you know the price of each is only $1.75, then you will know the values are exceptional.

One style is very attractively designed in white voile, with novelty crepe stripe. It is in a semi-tailored style, with sailor collar, yoke and long sleeves. In sizes 34 to 44, $1.75.

Another style is made with an embroidered front, lace trimmed collar and lapels, while the long sleeves are finished with hemstitched cuffs. This also sells at the very low price of $1.75.

—Waists, 1st Floor, Douglas

A Pure Wool Slip-On Sweater, an Excellent Value at $7.75

Women who want a quality Sweater at a reasonable cost will find their desire in this pure wool slip-on. It is made in fancy weave with deep purling from the waist line, and has round neck, sailor collar and sleeves. Shown in shades of Nile, rose, buff, Paddy and lavender. Call and see this sweater, it will please you. Each, $7.75.

—First Floor, Douglas

White Combinations for Children at $1.00

They are made from a good grade white cotton, in a combination of Princess Slip and Drawers; neatly lace trimmed round neck and sleeves, and finished with embroidery at the knee. Sizes 2, 4 and 6 years, at, a garment, $1.00.

—Children's, 1st Floor, Douglas

Your Sheets and Sheetings Cost Less For the Same Quality if Bought Here

—They are bought direct from the mills, and sold to you at the powest possible prices. As a special inducement for a few days, we will make up, free of charge, into sheets of any length all sheetings bought here. There are widths to suit all beds, and special prices are quoted to hotels and rooming houses.

—Bleached Sheetings in medium and heavy qualities, in the following widths:

1¾ yards wide, selling at, a yard, 65c and 75c.
2 yards wide, selling at, a yard, 75c to $1.00.
2¼ yards wide, selling at, a yard, 85c to $1.00.
2½ yards wide, selling at, at yard, $1.00.

Ready Made Sheets, all neatly hemmed, and made from our full bleached sheetings—allowing 5 yards for each pair, all hand torn. Prices according to size and quality, $3.25, $4.85, $4.00, $4.25 to $5.75 a pair.

—Staples, Main Floor, Douglas

Flannelette Sleepers for Children

Cosy, comfortable garments, and just the right weight. They are made with high neck, long sleeves, and are without feet, which makes them very pleasant for Summer wear. Sizes 2 and 4 years, at, a garment, 85c.
